

Did you know....
Stevenson's AVID
students earn great
G.P.A.s.

Grade	Q1	Q2
6th	3.53	3.37
7th	3.43	3.35
8th	3.67	3.79

Students have been striving for excellence and are achieving great things. We are trying to instill a sense that G.P.A.'s are important, not only when they're juniors and seniors, but as they enter high school.

*Students and parents: Please continue to check grades on **Infinite Campus** on a weekly basis to ensure that you're on-track to accomplish all the goals you set.

Important Dates:

March

- 1 - HSA Science (8th gr. only)
- 17 - End of 3rd Quarter
- 20-24 Spring Recess

April

- 14 - Good Friday Holiday

May

- 19 - AVID Pa'ina
- 26 - Last Day for Students
- 29 - Memorial Day Holiday

Decades of College Dreams

R.L. Stevenson AVID Newsletter

March 2017 Vol. XXIII

AVID's mission is to close the achievement gap by preparing all students for college readiness and success in a global society.

AVID Students Focus on Colleges And Paint Their Logos

On December 22, 2016, during Xmas recess, our AVID students spent part of their break painting college logos on the school's walls and having fun. Each AVID class got to select their favorite college logo and took part in making it come to fruition.

"It's a good idea to paint college logos on our campus." says Kryslyn Rodrigues. "It helps students get an idea of what could be in their future."

L-R, Kryslyn Rodrigues, Selena Lau, Shirayuki Takemoto, Sarah Pae, Hanah Gang & Min Ji Cha say, "Wolverines!!"

Massachusetts Institute of Technology takes a steady hand.

The 7th grade AVID class showing off their painting skills, taking on Yale.

There are so many hams in the 7th grade AVID class.

The 8th grade AVID class putting the finishing touches on Michigan.

Career Fair Inspires Students

Mekayla Furuto, Jesri Kahoolihala & Melody Furuto checking out the Veterinary Technology vendor.

Our 6th & 7th grade AVID classes attended the Career Industry Fair on Feb. 15, 2017. They all took the RAISEC Test to come out with codes that reflect their interests. Our students explored the fair, which included careers in agriculture, arts, business, hospitality, education, health sciences, engineering and much more. "Going to this career fair made me realize that if I want my dream job, then I have to work for it," declared Adonte Willams. "And the way I can work for this is through college."

UH Manoa Welcomes Our AVID and CFES Scholars

On February 24, 2017, over 130 of our AVID and College For Every Student scholars toured the University of Hawaii at Manoa campus. Our students had a first hand look at the Nursing, Engineering and Hawaiian Studies programs.

"I got to tour the huge campus," reports Kulana Pate, "And see how student life is."

"My favorite part of the day was hearing from the School of Nursing," adds Min Ji Cha. "I plan to go into the medical field."

The 8th grade AVID class circle around the UH Logo, fronting the School of Nursing.

Taking a picture in front of Holmes Hall, named after Wilfred Holmes the first Dean of Engineering at UH.

Checking out the lo'i at the Hawaiian Studies Department. Learning the importance of Hawaiian culture for our future.

Student Thoughts...

What's your dream job?

I'm not too sure yet, but I'll probably work somewhere in the medical field. - Sarah Pae

I'd like to become a fire engineer. I like helping people stay safe and I like working with the community. - Terrance Kumaewa

A cardiothoracic or pediatric surgeon. I want to save lives and help people. - Lisa Armour

I'm really not sure, but I'm thinking about becoming a doctor, so I can help other people. - Kayani Kaspar

An artist! I like creating the way I feel through art. And it's fun, too! - Hannah Tagalicud

A surgeon. I want to go to Africa and help the people there. They have so many medical needs there. - Hannah Gang

I want to be an architect. I would like to design buildings and other types of architecture. - Cerena Arocha

An Engineer of Technology. I'm really into building things and seeing how things are programmed. - Renee Nomura

I would like to be a coder for a software company. I like working with computers. - Braden Fujii
