

2022 - 2023 BASSE Enrollment & Withdrawal Policy

Admissions

To be eligible for admission to the Bryan Allen Stevenson School of Excellence (BASSE): a student must be eligible to enter the 9th or 10th grade in the 2022-2023 school year, the 9th, 10th, or 11th grade in the 2023-2024 school year, and all grades, 9th through 12th, in the 2024-2025 school year.

The student and their family must be Delaware residents.

BASSE will not discriminate against any student in the admission process because of their race, religion, creed, color, sex, disability, or national origin, or due to the student's school district of residence providing a per-student local expenditure lower than another student seeking admission. The only exceptions to restrict student admissions are:

- Age and/or grade-level eligibility, or
- By lottery in the case of over-enrollment

An electronic version of the application for the school will be available to submit online. Additionally, families who are more comfortable may download, print, and mail their applications to BASSE. For families that are unable to access the school website, BASSE will provide them with paper copies of the application upon request.

Preferences

The selected preferences of BASSE will be:

- Students residing within a 5-mile radius of BASSE,
- Students residing within the regular school district in which BASSE is located, and
- Students who have a specific interest in BASSE's teaching methods, philosophy, or educational focus.

Students who have a specific interest in BASSE's teaching methods, philosophy, and education focus will need to submit a video essay, voice memo, presentation, or piece of writing that demonstrates their interest in the BASSE program. A detailed description of this application supplement will be provided with the application on the website and will be explained during parent workshops and recruitment events.

Lottery*

In the case that the number of applications exceeds the number of openings after preference is given to students who meet the preference criteria above, BASSE will hold a lottery on March 4, 2022.

The lottery process will be blind so that all students will have an equal chance at being offered a spot in the remaining available seats. Depending on the type and amount of applications received, the lottery will be run manually or via a computerized method.

Waiting Lists

BASSE will continue to accept applications until we have reached capacity. Students eligible for admission but not selected due to a lack of capacity will be placed on a ranked waiting list until September 6, 2022.

Withdrawals

Application Withdrawal

Any parent who previously applied for their student to attend BASSE may withdraw their application at any time prior to action on the application by our board by giving written notice.

Withdrawal from School

A parent may apply to withdraw their child’s enrollment at BASSE prior to the end of their enrollment period by submitting a written application to the BASSE no later than December 1 for enrollment during the following school year. BASSE will then follow the policy outlined in 14 Del. C. § 407 (c) - (i).

Re-Enrollment

Accepted BASSE students will remain enrolled until graduation, provided that the student continues to meet the requirements for enrollment.

A student's right to remain enrolled may be terminated prior to graduation if

- a. The student fails to continue to comply with BASSE's requirements for attending school or class, or
- b. Multiple violations of BASSE's student code of conduct.

Records

BASSE will maintain on file a written statement signed by the parent or guardian of each enrolled child acknowledging that the student will attend BASSE for at least one complete school year per 14 Del. C. § 506 (c) (3).

Each parent will need to sign and submit this document after BASSE receives their notice of intent in order for their child to continue in the enrollment process.
