Reflecting on his new role, Julius commented, "I am excited, honored, and humbled to join a diverse team of talented and compassionate parents, students, founders, board members, professionals, and stakeholders. Our mission focuses on proximity which emphasizes the closer we get to people and things, the better we understand the answers. We will use hands-on service opportunities, academic rigor, personalized learning, and community partnerships to help students be who they were meant to be regardless of any life circumstance. When we "get closer" to understanding what matters most to students, a bridge of hope, healing, and promise can make the ultimate difference in a child's trajectory. Families, generations, and communities can be forever changed. Our school plan is to partner with other schools in Sussex County by ensuring options for all students to obtain the most suitable education based on their holistic needs. There is no "I" in BASSE but there is a powerful "A". The success of our school will take All of us, so All educational dreams and aspirations for All students can be realized."
