Meeting dates & brief summary:	
--------------------------------	--

Important Student Information

1. Students are strongly encouraged to take balanced, but rigorous courses all 4 years to be competitive for college admissions.
2. Students are responsible for ensuring required courses and any failed required courses are on their schedule in order to graduate with their cohort.
3. Check with your desired college to make sure you will have admission requirements.
4. All course requirements must be met to participate in the graduation ceremony.
5. For the HOPE scholarship, students must meet academic rigor requirements and the HOPE GPA minimum (3.0 Core GPA for HOPE and a 3.7 for Zell). The academic Rigor Course List can be found on the GAFutures website. The HOPE GPA is not the same as the cumulative GPA listed on the NFHS Transcript.
