<p><b>Middle School Promotion Requirements</b></p> <p><b>Acceleration &amp; Supports</b> We believe that with the right supports, ALL students have the ability to meet grade-level academic standards through challenging course work. Science and Mathematics are offered in regular and advanced options. Students may receive intensive reading or math supports in a co-teach setting based on student FSA scores.</p> <p><b>Physical Education</b> All students are required to take 1 Semester of PE every year. If choosing an elective other than PE, a PE waiver is required to be completed by the parent on the back of this form. Completing a PE waiver does not guarantee that your student will not have PE.</p> <p>Classes are offered based on the choices you make. The choices you make are binding. If you do not choose elective courses and your first-choice electives are full, your classes will be chosen for you and schedule change requests will not be honored. Schedule changes will not be made because you decide that you do not want to take a course any longer. Please choose wisely as you will be taking the classes you select.</p> <p><b>*Pre-Requisite</b> Completion of class required to participate in this course.</p> <p>▽ <b>High-school credit class</b> counts towards graduation requirements and high school GPA. ### PE COURSE REQUIREMENT/WAIVER

Senate Bill 610 requires the equivalent of one class period per day of Physical Education for one semester each year for students in grades 6-8.

A waiver is required for students for the following criteria:

- Student requires a remedial course
- Parent requests another offered course
- Parent verifies that student participates in equivalent activities outside the school day

I have read the PE Waiver Statement and believe that my child meets one of the listed criteria for exemption and requests courses other than PE.
