

Georgia Department of Education
Summary of Proposed Amended Rule –
SBOE Rule 160-5-3-.08 SCHOOL BUS DRIVERS

The proposed amended SBOE Rule 160-5-3-.08 School Bus Drivers makes the rule consistent with O.C.G.A. § 20-2-151. In order to address this change, GaDOE is proposing that the amended rule replace the phrase “180 day school year” with “school year”.

The proposed amendment also incorporates a tenet from HB 303 which was passed during the 2011 legislative session and provided that a physician may delegate to specific medical professionals the authority to sign, certify, and endorse all documents relating to physical examination forms required by the State Board of Education. The proposed rule also contains a definition of “physician”.
