MEMORANDUM

TO: Child and Adult Care Food Program Sponsors

FROM: Aimee F. Beam, RD, LDN 
Education Associate, Nutrition Programs

SUBJECT: 2018 Operational Memo #11a
SY 17-18 REVISED Area Eligibility Percentages for CACFP

USDA Regulations mandate that At Risk Programs and Day Care Homes (for tiering) in CACFP use free and reduced price meal data from schools for determining area eligibility. Per 7 CFR §226.2 Definitions:

Eligible area means:

- (a) For the purpose of determining the eligibility of at-risk afterschool care centers, the attendance area of a school in which at least 50 percent of the enrolled children are certified eligible for free or reduced-price school meals; or
- (b) For the purpose of determining the tiering status of day care homes, the attendance area of a school in which at least 50 percent of the enrolled children are certified eligible for free or reduced-price meals, or the area based on the most recent census data in which at least 50 percent of the children residing in the area are members of households that meet the income standards for free or reduced-price meals.

Please see the attached list of free and reduced price percentages by school. The document contains free and reduced price percentages. **UPDATE:** The percentages for the schools that operate the Community Eligibility Provision (CEP) are highlighted in red and represent the free claiming percentage of each individual school.

This document should be used for determining eligibility for CACFP At Risk Programs and Family Day Care Homes tiering. This document reflects Delaware School Nutrition Program statistics as of October 2017.

Please contact us with questions at 302-857-3356.
