

Candy Raymond

Honors Physics
& Physics

Course Expectations:

- o Digital days are not “free” days. Digital days are to work on Canvas assignments. Canvas assignments have due dates but are left open to complete after the due date (late points will be deducted)
 - o Both face-to-face and digital assignments count towards a student’s grade. In class, we are doing lots of labs and hands on.
 - o Please check Infinite Campus for grades. Canvas gradebook is not an official gradebook that we use.
 - o Academic integrity – we are here to learn! We are here to prepare for the next grade level and to prepare for life. Students need to learn the habits of successful people, which include integrity, work ethics and **TIME MANAGEMENT.**
 - o I work hard designing and planning rigorous and focused curriculum, instruction, and assessment. I expect students to do their part and work hard! I want my students to be successful!
- 

What is happening in class/Face to Face?

o We are reviewing big ideas, going over practice physics problems and completing hands on labs.

What is happening digitally in Canvas?

o The course has a Home Page that ALL assignments are organized by date in the Hybrid agenda. On digital days, student just need to click on the link item which could be an assignment, a video, a quiz, a tutorial, etc..

o Students can get to any of the items by clicking the categories on the left side of the Home Page (assignments/quizzes/files) to find any sheets, labs, notes.

o Most assignments have a submit button. Discussions have a reply button. Quizzes have a take quiz and then when done a submit button. Some items may not have to be submitted; watching a tutorial video or narrated notes is super important but there is no submission that needs to occur.

Sign up for remind: text @ep-physics to 81010

HYBRID SCHEDULE PLANS

All items will open daily for access!

DATE	IN CLASS	DIGITAL
9/2 Wed	Vector Test	Vector Test for absent students: Vector Test
9/3 Thurs DLD		Vector Test Bonus
9/4 Fri DLD		Throwing Money!
		Go over 2D notes: slides 1-10, watch bullet video & post: Fill in notes: 2D MOTION notes.pdf

9/18 DLD		Review how to do an angled problem: angle_prob.mp4 Get your Flow Sheet out and take the 2D Projectile Motion Quiz: 2D_quiz
Fall Break!!		
9/28 & 9/29	Can You Catch it? Lab	Kahoot Review
9/30 & 10/1	2D Test, FBD ws, Newton notes	Concept 2D Test
10/2 DLD		pushing back activity

Throwing Money!

Submit Assignment

Due Sep 4 by 11:59pm Points 100 Submitting a text entry box or a file upload Attempts 0 Allowed Attempts 1 Available after Sep 4 at 12am

Complete activity using 2 coins, answering questions. Upload to submit!

[Throwing money-1.docx](#)

o If students are having ANY trouble, they can Inbox me through Canvas, email me at craymond@apulding.k12.ga.us or even send me a text through the Remind app.

o I have made MANY videos; narrations of power points, problem tutorials and have even held Canvas conference tutoring sessions.

o Student know when assignments are due because every item has due date info when clicked on. The agenda on the Home Page is connected to dates and I also send a Remind text out daily for what is due that day.

2D quiz

Due Sep 18 at 11:59pm

Points 8

Questions 8

Available after Sep 18 at 12am

Time Limit 20 Minutes

o If a student is absent for a F2F day, then all items are available in Canvas. If it is a lab that they missed, there is data that can be used to complete it. The student will have to email the completed lab or a picture of it to me as there is not a submission option in Canvas since we are doing labs in class. Students are responsible for making up items in a timely manner.

Tests & Exams:

o Tests are going to be split while we are on hybrid schedule. We will be doing the calculation part of the test in class and the multiple choice/concept questions in canvas. Then the 2 grades will be put together.

o Students usually have 2 days to complete items during the week (Mon/Tues & Wed/Thurs). Friday assignments are open from 12:01am and are due at 11:59pm. The items stay open and students can work complete them after that, but late points will be taken from the grade.

Need help?

- o Come in before or after school for help.
- o Come to or watch recorded tutor sessions in Canvas Conferences.
- o Email, Inbox or Remind text me with any questions.

Seem to be getting off track?

- o Set a weekly/daily schedule for yourself with due dates and assignments, use your phone calendar or app to help!
- o Parents follow up with the students at the end of the day and ask them what they have completed.
- o Parents register to observe your child in their Canvas courses:

Creating an Account

- In your browser, go to www.paulding.k12.ga.us/canvas
- On the login page under **Parent of a Canvas User?**, click **Click Here For An Account**.
