Cisco High School STEM Externship
Program Details

Cisco High is a comprehensive 4-week unpaid summer externship designed to give top, STEM-focused students an introduction to Cisco's history, culture, world of work, and the information and communication technology (ICT) industry.

Students will be challenged as they engage in interactive project work, problem-solving, and learn to communicate effectively and collaboratively with industry professionals and peers.

Cisco High incorporates:
1. Professional mentorship
2. College and career preparation
3. Experiential learning and business problem-solving
4. Skill-building and professional development
5. Job shadowing
6. Team-building and collaboration
7. Diverse exposure to top industry professionals

Students will…
1. Work in teams under the guidance of professional mentors to creatively solve a business problem.
2. Participate in a day-long Innovation Challenge (Hackathon-style).
3. Shadow industry professionals on a 1-on-1 basis.
4. Participate in team-building and development activities.
5. Learn about diverse STEM careers at Cisco.
6. Compete in a final presentation/showcase.
7. Receive school credit, where possible.

Eligibility Requirements:
- Current junior or senior
- Minimum 3.5 GPA
- Demonstrable interest in Science, Technology, Engineering, and Math
- Ability to commute Mon-Fri to the Cisco campus located at one of 4 locations during the following dates:
