

Class of 2021

President	
Olivia March	Anjali Dwarka
	
<p>Hello, my name is Olivia March and I am excited to be starting my sophomore year of high school! I have decided to run for class president again this year because I think I can help make the school more money, I work well with others, and I learned a lot from being class president last year.</p> <p>I believe that if elected as sophomore class president I will be able to help make both the school and class of 2021 a lot more money. I already have quite a few ideas on fundraisers for this year that we could make a profit from and I'm sure as the year goes on I will think of some more.</p> <p>Furthermore, I work great with others. Throughout the year there are many projects, like spring roar and homecoming, that require a lot of teamwork and without someone who works well with others you will not be able to get these things done.</p> <p>Lastly, I think I would be a great candidate for class president because I was on Student Government last year and I was the president of the freshman class. Therefore, I have experienced being on Student Government and I already have a good idea of how most things work.</p>	<p>Hi, my name is Anjali Dwarka and I would be honored to represent my class of 2021 as their president! To be a leader you have to be confident, hard working, motivated, and you always have to have a listening ear, on what others might want. I am happy to say, that I have all of those qualities. I promise that as your president I will hear you out on every idea you have and I will put in the effort to make the changes you want! Now, don't forget to vote for me, Anjali!</p>

Vice President	
Tatum Hauser	Madison Ward

As a person who takes responsibility for their actions and listens well, I believe that my organization and reliability will make me a good candidate for the class of 2021 vice president. I think what makes me qualified to be the Sophomore Class Vice President is my love for the community and school itself. Throughout the year I believe my motivation to always be better than who I was the day before, will help the Class of 2021 be successful. Furthermore, my skills in organization excel giving myself the advantage of always being prepared for everything. Serving as the Vice President of the Class of 2021 I believe that I will focus on advancing my communication skills to understand and listen to my classmates opinions to attempt to incorporate them into school events. Dedication is definitely one of my biggest strengths, potentially granting me the ability to meet as many of the expectations for the student body and SGA, that I can. Through attentiveness of meetings and other events my skills in planning will give my peers and I a reliable source of making sure all requirements are met, to the best of my abilities. Through years of learning time management from my rigorous courses in school, I believe that my drive will make this year an amazing one. Through hard work and dedication, I think that our year as representatives of Class of 21 we'll attain our goals. Differences and similarities of others will make for an amazing year.

I would like to be your class Vice President because I love volunteering for and helping lead our school. I love being involved and helping out as much as possible. I have found over the years that I can get along with anybody and become quick friends. As I already have a year of being Vice President for our class behind me I believe I would be a great asset to the SGA leadership. I have much experience as a leader that goes all the way back to elementary school and so I hope you will see me as a fit person to take the position of VP. I am currently involved in volunteering at the elementary school and I volunteered last year along with being in the band. I believe to be a leader I must be involved and know what people want and need. I was also a volunteer at the special olympics last year and so my ability to interact with everyone is a well needed and a helpful skill. I try to listen to everyone and meet everyone. I feel I would make a great asset to our president. I hope you all vote for me, Madison Ward, as your class of 2021, Vice President. I really do try to be the best person I can and I hope you all see that. I know as a ICAT student and marching band kid, that the stress is a lot and I can relate to all of you in some way.

Secretary

Michelle Joo

Kayla Mys

	
<p>I firmly believe I can best represent my class serving as the secretary of our class student government. I will be sure to represent and strive for the common goal of the students and will work hard to achieve it. I believe that it is very important to be able to speak on behalf of all those I represent, and I willingly will do so with the best in mind. I will speak loud and clear when I must be heard and dedicate my strength and effort to what should be done. I know I will best serve my classmates and fellow students in this position as I am hard working and resilient. I will not give up on striving for the absolute best and I definitely will work hard. I am excellent in leadership and I believe I possess the skills to fulfill my job in all aspects. I also believe I am great at planning, working with others, along with creative thinking. I will work and listen to what my classmates want and stay determined to strive and reach that goal. I give my all in what I do and I am perfectly sure I can achieve what is best for the students, my classmates, and the whole school.</p>	<p>I'd like to continue making a difference for the Class of 2021 by being re-elected as Class Secretary, which was such a rewarding experience for me. Having this role in Student Government allowed me get to know many more students and faculty, and understand how I could better represent their needs and concerns. As Secretary I proved that I was responsible for keeping minutes and a record of attendance at all meetings. I improved the process by creating a template to capture the information discussed in the SGA meetings. Communicating information to the student body was also something that I assisted with. Being a school athlete, I know how important it is work as a team and boost morale. I am actively involved with the student body and encouraged greater school spirit. I am a setter on the Varsity Volleyball team, and belonged to the Steering Committee. We worked together to drive fundraising, decorate for homecoming, and participated in pep rallies. As class officers we determined the incentives for the student body, and selected the themes for each day of spirit week. I believe that a good leader must be smart, strong, and caring. I always strive to be upbeat and positive, and my teachers would say I am respectful, polite, and a good student. Finally I developed my democratic skills, leadership and citizenship by being a class officer, and I would be honored to continue in this role again this year. I appreciate your consideration for Class Secretary.</p>

Treasurer		
Nicole Mladenovska	Emmalyn Goodfield	Omar Juarez

I am Nicole Mladenovska and I am running for treasurer of this great class of ours. I believe with some of my ideas we can expand our budget and be able to go on a potential fun class trip. I feel like I am qualified for this job for many reasons. For one, I am responsible. I also know how to handle and budget money. In fact, my mom has worked at the bank for more than ten years, with that being stated I feel that I can use the knowledge she has taught me in dealing with money to make our budget work. So, I know how to use money wisely. I will use the budget in a smart manner in which we will try to save money so, we may have a lot left. If you elect me as treasurer, I will try to find ways in which we can make our budget increase. I am also very organized and I make sure things happen. Before I make a decision, I will consult the class because this is the class money. Everyone should have a say and know where the money will go and how it will be used/invested. In all of my decisions and work I will always involve the class of 2021 and I will make sure everyone is on the same page and knows what's going on. I really do think we can make this a great year. Vote for

Being treasurer is a role I would very much like to fulfill. It takes maturity, organization, and responsibility all three traits which I possess. I do have experience in finances as I have had my own bank account and managed my own money since I was thirteen. I have a substantial savings account. With a friend I raised thousands of dollars for a Cuba missions trip this past summer. It's ironic because when I was younger I would come up with these devious business plans to try to make money to buy candy and whatnot. As a fourth grader I was there during recess trying to convince my classroom my bracelets were better than others. As treasurer today now that I'm in my sophomore year of high school I plan to work with student council to make sure there is money going into the budget for all future project we have. I look forward to completing various fundraisers, so we can as a class enjoy activities such as homecoming décor, prom, and new projects in the future. As you know the money we have from t-shirt profits goes into our class's account. This year I want to work on more fundraisers. I think we can sell more things such as bracelets, pins, and other ideas I'm hoping to

As high schoolers these years of our lives our some of our most memorable, which is why as treasurer I want to make sure that our experiences are not jeopardized due to financial reasons. We all dream of the perfect prom: well decorated and a night to be remembered, I will do my best to make sure this dream of ours becomes a reality by upholding my duty to the highest of abilities to provide ideas for fundraisers and to make sure to do research on costs of what the student council chooses to purchase to make. Growing up with and knowing many of you - my fellow students has taught me many things about lots of you and seeing how kind and different you all are makes me want to return the favor by working hard to assure you all the best time in high school. I know I'm a viable candidate for this position as I consider myself great at organizing, budgeting, and prioritizing. I could also easily consider myself as a team player who loves to work with others and also someone who is not afraid to stand up for what I believe is right, but still open to other's ideas. It would be a great privilege to serve the great class of 2021, a class with lots of potential which I hope

<p>Nicole Mladenovska for class treasurer!</p>	<p>receive from the student body. The student counsel is an important way to have the students involved in what happens at school. I would be honored to be a part of that especially as treasurer.</p>	<p>can be shown through our student council.</p>
