Connections Classes

The Connections classes may include, but are not limited to, Explorations in Technology, Marketing, Art, Computer Literacy, Physical Education, Health, Healthcare Science, Speech & Debate, and Introduction to Drama. These classes are scheduled by the school and rotate every 9 weeks. Students are randomly assigned to these classes; however, students can expect to take Physical Education multiple times throughout the school year.

Additionally, Band and Chorus are year-long Connections courses that students may select. During the course of their three years of middle school, Band and Chorus students will still have the opportunity to participate in a variety of other connections classes. *No prior experience* is needed for participation in Band or Chorus. At this time, we need to know if your student plans to take Band or Chorus so that we can determine our connection requirements for next year. Please note that Band and Chorus are considered year-long commitments, and students will not be moved out of these classes mid-year once they have committed to being a band and/or chorus student.

Please choose at least one of the following:

- _____ Band (year-long) and four other Connections classes
 - _____ Chorus (year-long) and four other Connections classes
 - _____ My child is **not** interested in Band or Chorus. Please schedule him/her for regular connections.
 - _____ My child has a high interest in taking the 9-week drama class.
