

State of Delaware

Consent Education Annual Report*
2020

*As required under 14 Del C §4167

This resource provides data on evidence-based or evidence-informed consent education programs used in Delaware districts and charter schools. Consent education focuses on defining unambiguous, voluntary, and freely given agreement by all participants in each physical act in the course of sexual activity, including respect for personal boundaries.

January 14, 2021

Background and Overview

On September 10, 2019, Senate Bill 78 of the 150th General Assembly was signed and made additions to Title 14, Chapter 41 § 4167 Consent Education. Consent education impacts educational programming and reporting.

The new statute reads:

Educational Programming - Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

Reporting - Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

- Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.
- The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

The following definition of "consent" was included in the statute and was added to [851 Regulation K-12 Comprehensive Health Education Program](#):

- "Consent" means the unambiguous, voluntary, and freely given agreement by all participants in each physical act in the course of sexual activity, including respect for personal boundaries. Consent does not include any of the following: (a) the lack of verbal or physical resistance or submission resulting from the use of force, threat of force, or placing another individual in fear or (b) a current or previous dating, social or sexual relationship.

Approach

As a result of the addition to Delaware Code, a small working group was developed and met in February 2020 to review available evidence-based and/or evidence-informed educational programming that would meet the requirements of new law and Regulation 851. This working group was developed to identify potential educational programs that could be used to meet the needs of the requirement. The working group was co-chaired by Sabra Collins (Delaware Department of Education) and Tammy Croce (Delaware Association of School Administrators). Members included representatives from DDOE, CPAC, and several school districts as well as representatives from the Beau Biden Foundation.

The working group selected five evidence-based or evidence-informed training programs (listed below) that are available to attend to consent education. Unlike the Erin's Law requirement, consent education allows districts and charters local control and gives them the autonomy in selecting from the provided materials or any evidence-based, evidence-informed programming of their choice.

- Amaze
- Botvin
- One Love Foundation
- Planned Parenthood- partnered with Christiana Care
- Teachconcent.org

Information on these programs was provided to districts and charter schools in advance of the 2020-21 school year. **Appendix A** includes a copy of the original one pager identifying the programs and resources. DDOE provided support to districts and charter schools upon request as well as professional development opportunities from Amaze.org, One Love Foundation, Botvin and Planned Parenthood during July and August of 2020.

District, Charter Reporting Process

For the purposes of this report, districts and charter schools submitted to the DDOE the evidence-based or evidence-informed education program(s) they planned to use, the person responsible for overseeing the implementation of the requirement, the number of students expected to be instructed and the person(s) responsible for delivering the instruction in the 2020-2021 school year. The districts and charters were not required to use one of the provided educational programs/resources. To collect this information, DDOE provided districts and charter schools with a report template to be completed no later than November 13, 2020.

Nineteen (19) districts and 19 charter schools serving students in pre-k through grade 6 completed this template (see **Appendix B**). Where data were not reported on the report template provided, DDOE used data from the Delaware Report Card.

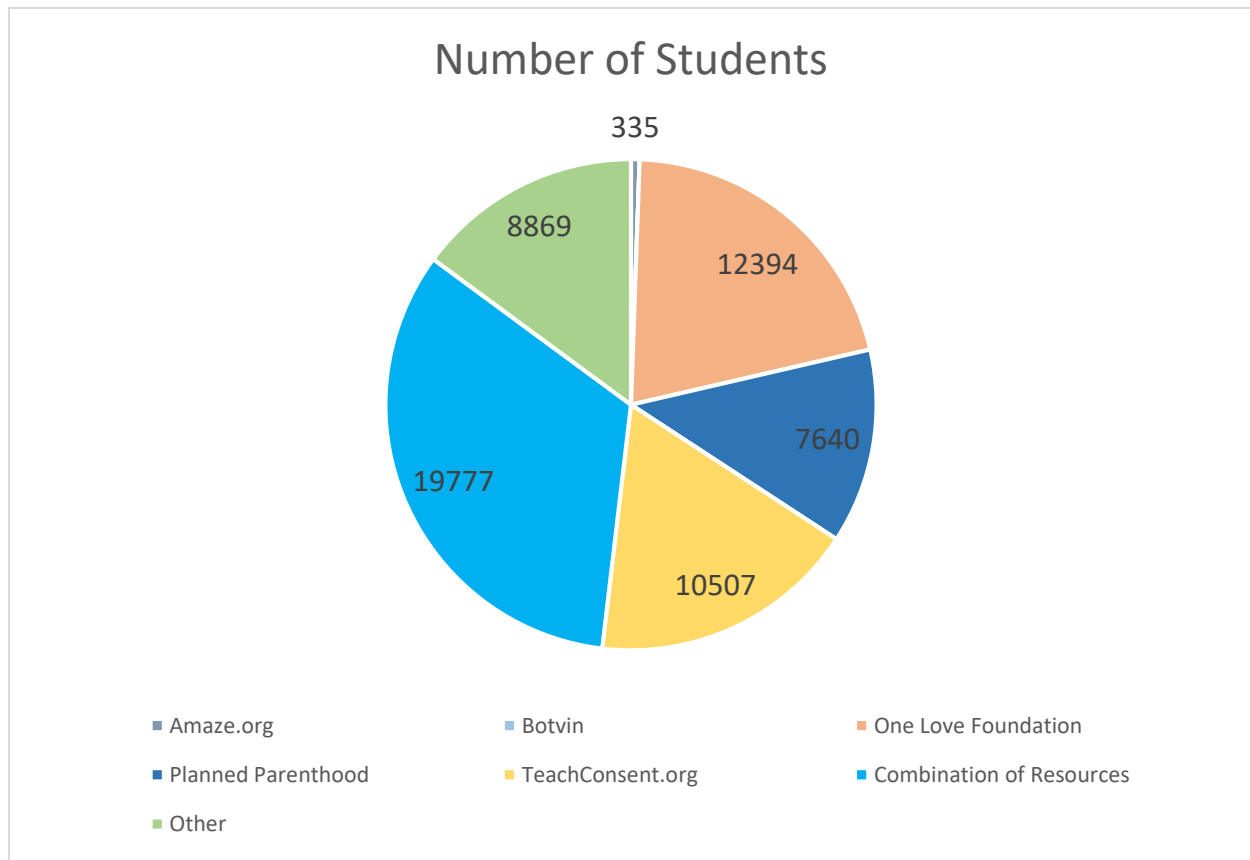

Results and Discussion

Student Counts

It is anticipated that 59,699 students will receive age- and developmentally- appropriate instruction on the meaning on Consent and respecting others' personal boundaries, during the 2020-2021 school year.

The table below shows the breakdown of the different programs that will be used within district and charter schools to attend to consent education during health education programming. The table below also details if districts or charters anticipate COVID-19 impacting the instruction of consent education programming during the 2020-2021 school year.

Total students trained by programs.

Data collection: Nineteen (19) districts and 19 charter schools serving students in 7th to 12th grade reported this data to DDOE (see **Appendix B**).

APPENDIX A

Consent Education Implementation Report

School Year: 2020 - 2021

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **November 13, 2020**.

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: [Click here to enter text.](#)

Consent Education Coordinator (contact name): [Click here to enter text.](#)

Coordinator Email: [Click here to enter text.](#)

Coordinator Phone: [Click here to enter text.](#)

Educational Programming:

Title 14 §4167(a)

List the school with grades 7-12th and the evidence-informed program to be implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2019 as estimate for SY21)

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.
[Click here to enter text.](#)
2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.

Everett Meredith M.S.	McGraw Hill/Glencoe Health Teen Health M.S. Program	6-8	927

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.
 Certified health educators create and provide instruction based upon their college and professional training. They follow our school district Scope and Sequence for all instruction inclusive of family planning and relationships. Health instruction is delivered over a 9-week term (45-minutes/day) in our middle schools and a 9 to 18-week term (90-minutes/day) in our high schools. Delivery takes the form of direct instruction, student activities, role-playing, research, and projects.
2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.
 Teachers follow the scope and sequence created within the district. Consent education and refusal skills are part of the overall curriculum and are taught in progressive fashion as students mature. Textbooks identified in the above table are used as resource materials during instruction and are supplemented with digital media and outside research. Prior to the pandemic, guest speakers from the Y and various crisis organizations were invited to present to health classes as part of the curriculum.

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement?
Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.
The health education teachers at all three high schools will deliver consent education (see below).
2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.
We have all been trained in One Love and Be Proud – Be Responsible, and will deliver the newly required consent education to our health education students starting winter of 2020-20. We will use the One Love and Be Proud – Be Responsible training materials that accompany each, which include lesson plans, videos, worksheets and activities. Some of the health teachers will get trained in Planned Parenthood’s new “Yes, and...” curriculum. We will teach consent as a unit, along with healthy and effective communication, healthy relationships and reproductive wellness. Teachers will dedicate two or more classes to consent education and it will be reinforced in units on communication, healthy relationships and reproductive wellness. This content will be delivered in whatever setting the Brandywine School District is in at the time. High Schools are currently remote, but plan of going hybrid in December. This may change.

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.

Implementation of Consent Education curriculum will be through CRSD teachers and specialists utilizing the Teach Consent.org curriculum.

CRSD is committed to enabling young people to access comprehensive health education as it relates to consent and healthy boundaries. Education about consent is essential for building healthy and respectful relationships and protecting potentially vulnerable people from harm. The lessons and units presented will engage students in grades 7 through high school with the wide range of issues which may relate to their lives. The lessons will cohere with relevant policies and procedures for the environment and be adapted as deemed necessary.

The following teachers are responsible for delivering Consent Education to their assigned students:

Dover Air Base Middle School - Laulewasika Bendolph
Fred Fifer III Middle School – Sandra Prillaman, Heather Traubado, and Kevin Clavier
Postlethwait Middle School – Kenneth Lott, Rhiannon Salsman, and Rick Brown
Caesar Rodney High School – Rick Buccos and Mike Tesno
John S. Charlton School – Alex Carter and Heather Ness

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.

CRSD will use a number of resources to deliver Consent Education to students in grades 7, 8, and high school. This is not an inclusive list of all resources –

- Teach Consent (teachconsent.org)
- Dcadv.org (<https://dcadv.org/welcome.html>)
- Delaware’s Healthy Relationships Curricula (<https://safeandrespectful.org/wp-content/uploads/Healthy-Relationships-Curricula-Delaware.pdf>). This standards-based curriculum is learning focused and includes units for grades 6- and 9-12. The units and evaluation tools provided in this packet can also be accessed on the Health Education Model Units of Instruction section of the DDOE website.
- Presenters may vary -- Lifelines
- secondStep (John S. Charlton)

The first Consent Education course was held this summer in an online format with CRHS students. Due to COVID-19, students will receive instruction either in-person or remotely. It is estimated that it will take 9 – 12 days to cover the content based on the LEAs current schedule.

The John S. Charlton School is a special school that serves students with severe cognitive abilities. Therefore, lessons and materials will be modified and adapted and the number of hours will vary based on the environment. The teachers and specialists will use the above resources and the secondStep curriculum to ensure students have an understanding about consent, boundaries, abuse, trust and respect.

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Name of Person Submitting this Report:

Dr. Jessilene E. Corbett
Supervisor, Curriculum and Instruction

Submission Information:

Please submit the completed form by **November 13th**, to:

Sabra Collins
Education Associate, Physical Education, Health and Wellness
Sabra.Collins@doe.k12.de.us

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* —

(1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

Consent Education Implementation Report

School Year: 2020 - 2021

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **November 13, 2020**.

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: Cape Henlopen School District

Consent Education Coordinator (contact name): Michael Young

Coordinator Email: Michael.young@cape.k12.de.us

Coordinator Phone: 302-645-6686

Educational Programming:

Title 14 §4167(a)

List the school with grades 7-12th and the evidence-informed program to be implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2019 as estimate for SY21)
Cape Henlopen High School	Planned Parenthood; “Yes, and...”	9, 10, 11 and 12	9 – 430 10 – 405 11 – 375 12 – 296
Beacon Middle School	Planned Parenthood; “Yes, and...”	(6), 7 and 8	(6) – 227 7 – 227 8 – 262
Mariner Middle School	Planned Parenthood; “Yes, and...”	(6), 7 and 8	(6) – 208 7 – 213 8 – 202

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.
Consent education will be delivered in grades 7, 8, 9 and 10 during health and/or PE classes. For grade 11 and 12 we will utilize our Academic Success period (HR) health teachers will deliver lessons on a schedule to be able to work with all students.
2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.
We will be using Planned Parenthood: “Yes, and…” curricular materials. The program consists of three modules per grade band (7 – 9 and 10 – 12) allowing for age appropriate instruction. The three modules are 1. What is Consent?, 2. What is NOT Consent? And 3. How and When to Ask for Consent. This curricular resource comes with instructor professional learning to help develop instructors skill prior to teaching as well as resources if students disclose a consent violation. The delivery should take three days of approximately 90 minutes each day and includes resources for teaching students in a remote environment as well as in-person. A full description of the materials including activities and plans can be found at https://drive.google.com/file/d/1v2-t5q4MwDKU-Gt-C_vNASLnNQ2nsxxV/view

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Name of Person Submitting this Report:

Michael S. Young

Submission Information:

Please submit the completed form by **November 13th**, to:

Sabra Collins
Education Associate, Physical Education, Health and Wellness
Sabra.Collins@doe.k12.de.us

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

--	--	--	--

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.
Health teachers will be delivering the curriculum and lessons to students in grades 7-12 through a hybrid model where some students receive the instruction in the classroom, and others receive the lessons synchronously and asynchronously in a virtual format.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.

Middle School:

The Capital School District middle school Health/Physical Education teachers adopted the One Love and AMAZE evidence supported educational programs to achieve the requirements of the Title 14 §4167 Consent education regulatory provision. Further, the One Love program presents the characteristics of healthy relationships, abuse prevention strategies, and the opportunity for personal empowerment. The AMAZE program provides relevant sexual health videos, educational resources, and lesson plans to promote appropriate adolescent development. Lastly, the associated instructional activities, lessons/hours, and curricular resources can be accessed within the respective program website.

High School:

The high school health teachers will be delivering the consent lessons using the following platforms and resources:

Edmentum (Lesson on Peer Pressure and Sexual Activity)

Scholastic Magazines

Consent Public Service Announcements –

Consent explained a video

The Dating Survival article

Culture of Respect article

Speak up-scenarios to identify sexual harassment

Let's talk about respect-article

With these videos and articles there are numerous choices of critical thinking questions, quizzes and graphic organizers

Brainpop (several videos for SEL)

Drugfreeworld.com (The truth about drugs program)

While teaching the short term and long term effects of using specific drugs, it also talks about consent as it relates to the use of drugs or alcohol.

One Love Curriculum

These lessons have been taught through asynchronous and synchronous lessons for a total of 9 instructional hours (6 synchronous and 3 synchronous)

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Name of Person Submitting this Report:

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.

For the 2020-2021 instruction will be delivered in the remote setting using the synchronously & asynchronously, virtual academy and some in-person. Qualified Health Education Teachers are delivering the instruction.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.

Many of our schools found value in three curriculums, Amaze, One Love and Planned Parenthood. Those schools are teaching a blend of the curriculums which include online instruction, virtual outside speakers and projects. The curriculum is taught in 4 – 45 minutes classes or 3 hours. When more time is needed for student's to demonstrate an understanding of the concepts or complete projects/activities another one or two lessons may be added.

Assurance:

The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **November 13, 2020**.

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: Colonial School District

Consent Education Coordinator (contact name): Nicholas Baker, Ed. D

Coordinator Email: Nicholas.baker@colonial.k12.de.us

Coordinator Phone: 302-323-2726

Educational Programming:

Title 14 §4167(a)

List the school with grades 7-12th and the evidence-based program to be implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	September 30, 2020 Enrollment by Grade
George Read Middle School	One Love and Planned Parenthood	6-8	6-247 7-251 8-259
Gunning Bedford Middle School	One Love and Botvin	6-8	6-343 7-372 8-355
McCullough Middle School	One Love	6-8	6-275 7-254 8-234
William Penn High School	One Love	9-12	9-759 10-604 11-550 12-406

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)

For the 2020-2021 report, please provide expected implementation.

Consent education will be delivered in grades 7-12 during health and/or PE classes. For those students grade 11 and 12 who are not participating in a health/PE class, we will utilize our Academic Advisory to identify activities that can be delivered on a schedule to be able to work with all students. At the high school, the primary vehicle will remain the health and/or PE class.

2. What program/resource was used for implementation of Consent Education? How did you select the programming? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker) [Title 14 §4167\(a\)](#)

For the 2020-2021 report, please provide expected process and materials.

Colonial's health/PE teachers have historically addressed the topic of consent education within their district-approved course of study. In compliance with this requirement, Colonial will investigate more formal use of the Botvin, Planned Parenthood, and One Love programs during the 2021 school year. Health/PE Teachers in the schools noted on page 1 will investigate accordingly based on participation in preliminary professional learning overviews. As there are multiple teachers per school, each will identify which one they would like to implement for a pilot year. Teachers will then implement in a remote/hybrid environment and provide a recommendation in January 2021 for formal identification of a districtwide approach. Student work data, as well as teacher feedback will inform the Curriculum and Instruction Division as to which program(s) to implement.

Instruction format: hybrid option (remote and in-person, depending on school scheduling at that time)

Materials: compilation of readings, worksheets, virtual/guest speakers from supporting organizations, videos.

Hours/Lessons: at this time, the Health/PE team schedule is changing due to hybrid instructional format. Therefore, the team needs to review the materials and then determine the best course of scheduling for implementation. Current structure as of 11/16 accounts for three or four, 45-minute classes to implement materials.

Selbyville Middle School	HealthSmart Curriculum and Teachconsent.org	7-8	520
Southern Delaware School of the Arts	HealthSmart Curriculum and Teachconsent.org	7-8	113
Indian River High School	HealthSmart Curriculum and Teachconsent.org	9-12	945
Sussex Central High School	HealthSmart Curriculum and Teachconsent.org	9-12	1803

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)

For the 2020-2021 report, please provide expected implementation.

All middle and high school Health teachers in the Indian River School District are responsible for including Consent Education in their instruction through regular Health classes in grades 7-12, and have been doing so since the purchase and implementation of our Health curriculum, HealthSmart. Consent education instruction is planned collaboratively through district PLCs which are held up to 3 times per year on calendared district-wide Professional Learning Days. IRSD Health teachers also have a collaborative Schoology page where they share ideas and resources that can be used in their instructional planning, including consent education.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

For the 2020-2021 report, please provide expected process and materials.

IRSD Health teachers have been provided a curriculum, HealthSmart, which includes content on consent education. In middle schools, consent education is delivered during an 8th grade *Family Health and Sexuality* unit which teaches students about healthy boundaries in relationships and how to communicate overall in a relationship, including communicating personal boundaries. Beginning in 2020, this 8th grade content will be adapted for use with 7th grade students as well. In high schools, consent education is covered through a unit on *Mental and Emotional* health which discusses developing and communicating healthy boundaries.

New in 2020, IRSD Health teachers have also been provided the information at www.teachconsent.org to develop additional lessons surrounding consent education.

At this time, IRSD is in a hybrid model of instruction, with some families choosing full remote instruction for their children, so consent education may be introduced and students' further understanding developed through synchronous and asynchronous models. The expected length of time engaged in consent education ranges from 1 lesson that can take one to two full class periods of at least 40 minutes each, to 2 or 3 lessons that may take up to one week of full class periods.

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Name of Person Submitting this Report:

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

Consent Education Implementation Report

School Year: 2020 - 2021

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **November 13, 2020**.

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: Lake Forest School District

Consent Education Coordinator (contact name): Luke Pierson

Coordinator Email: luke.pierson@lf.k12.de.us

Coordinator Phone: 302-284-9291 ext. 143

Educational Programming:

Title 14 §4167(a)

List the school with grades 7-12th and the evidence-informed program to be implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2019 as estimate for SY21)
W.T. Chipman	Teachconsent.org	6-8	6-321 7-287 8-305
Lake Forest High School	Planned Parenthood	9-12	9-251 10-196 11-205 12-196

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)

For the 2020-2021 school year, we will begin working on implementing each program indicated in the table above. For the Planned Parenthood Consent lesson, this will be provided to the students during their 9th grade health course, and instruction will be provided by the 3 teachers that currently have a Health section. It will be embedded in the current health curriculum, during the unit that discusses good and bad decision making. This instruction will be delivered over a two day period. At W.T. Chipman, we will utilize the Teach Consent curriculum, and will spend two days going through the curriculum with the students. Students will receive this curriculum in 7th grade.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

Lake Forest High School: For our consent program at Lake Forest High School, we will be utilizing a variety of resources from Planned Parenthood, One Love, Amaze.org to create a consent lesson plan. Our lesson will meet these objectives with our students:

1. Define consent.
2. Demonstrate 3 ways to ask for consent.
3. Identify when consent is or is not present in a variety of typical scenarios.

We will be using the digital median provided to allow the students the visual learning process, provide handouts for note taking, and allow students to gain authentic practice with real world scenarios.

W.T. Chipman: For our consent program at W.T. Chipman, we will be utilizing the Teach Consent facilitator discussion guide. Ask, Listen, Respect will be the platform for this training to emphasize the importance of respecting another's decision and voice in the process. The curriculum will consist of discussions, multimedia, and handouts for students.

The goal of the lesson is as follows: The goal of this activity is for teens to understand what consent means in the context of intimate partner relationships. This is done by breaking down the meaning of consent into smaller pieces and going over each part of the definition piece by piece.

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Milford Central Academy	Planned Parenthood	7-8	7-393 8-339
Milford Senior High School	Planned Parenthood	9-12	9- 325 10-332 11- 273 12- 238

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.

During the 20-21 school year Milford Central Academy will provide the required Planned Parenthood Consent Lesson(s) during health and core content courses. Health teachers and school counselors will provide instruction to 7th and 8th grade students using the Planned Parenthood lesson plans.

During the 20-21 school year Milford Senior High School will provide the required Planned Parenthood Consent Lesson(s) during health courses. Health teachers will provide instruction to 10th grade students using the Planned Parenthood lesson plans.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.

Milford School District will utilize the Planned Parenthood Consent Education curricula. Planned Parenthood, in partnership with ChristianaCare's AAPP and YWCA DE Sexual Assault Response Center have collaborated to create consent education. The program includes one required lesson and two optional lessons at both the middle and high school levels. All lessons/modules are one-hour in length and contain virtual and in-person instruction options. Planned parenthood has also created facilitator resources. Within each one-hour module students will participate in an activities, discussions, videos, journaling, scenarios, role play, and goal setting. Training and curriculum materials are free for the district.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? Title 14 §4167(a)
For the 2020-2021 report, please provide expected implementation.
Two Delcastle health teachers, Bonnie Lane and Angela Guida, provided virtual lessons on Consent Education in live sessions (synchronous) and asynchronous health class sessions (choice magazine articles and worksheets) through Teams Meetings and Schoology.
2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). Title 14 §4167(a)
For the 2020-2021 report, please provide expected process and materials.
9th Grade Health Education Classes. Virtual education through two 1.5 hour lessons. Used videos, articles, student activities & worksheets. Synchronously, watched videos and worked together on guided worksheets; followed by discussion. Asynchronously, students read Choices Magazine articles, listed above, and completed worksheets. Worksheets were reviewed in Synchronous lessons. These were the specific lessons on Consent. However, consent is often interwoven in the Prevention of Teenage Dating Abuse Unit when we discuss the Power & Control Chart and Healthy and Unhealthy Relationships. We also discuss assertive communication, "I" messages, and practice conversations in the Refusal Skill Unit.

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? Title 14 §4167(a)
For the 2020-2021 report, please provide expected implementation.

The implementation of consent education will take place during Health in the 10th grade year at Howard High School of Technology. The planned delivery structure will be in-person, however there are options in place to complete this requirement if we are still virtual or hybrid because of COVID-19. Health instructors are responsible for providing this instruction during the Healthy and Unhealthy Relationships section and Sexual Education section of Health Education.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). Title 14 §4167(a)
For the 2020-2021 report, please provide expected process and materials.

Howard High School utilizes Planned Parenthood and the Be Proud, Be Responsible/Making Proud Choices resources for consent education. This program is used for the Sexual Education unit of Health and lasts for an average of 8 weeks in person but can be provided in a similar way virtually/hybrid.

Consent specific education is mixed throughout this unit and is taught, reviewed, and worked through multiple times during the unit. Specifically, students work through video lessons with evidence-based responses (page 88), question and answer discussions (page 91), affirming beliefs (page 92), practicing skills (page 109), key learnings (page 112), and role play practice (page 143).

Aspects of this program are also pulled out and added to an earlier unit (Injury Prevention) during the Healthy and Unhealthy relationships section. These specific lessons cover consent for an average of 2 total hours. The Sexual Health unit covers consent for an average of 3-4 total hours.

The full program materials have been linked below. These are research-based materials via Planned Parenthood.

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.

The delivery is either live delivery or self-paced. The health teachers are responsible for providing the instruction. Guest Speaker from Planned Parenthood (if not remote)

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.

This is module 8 from the Be Proud! Be Responsible curriculum. It is a total of three lessons.

Be Proud! Be Responsible! Curriculum

www.selectmedia.org

www.amaze.org

Planned Parenthood

When Someone Doesn't Want to Have Sex (PPFA) 3:40 (Consent)

- ⊖ What were the messages about consent?
- ⊖ How might it feel to have someone you like tell you that they do not want to have sex?
- ⊖ How might it feel to tell someone you like that you don't want to have sex?

When Someone Definitely Wants to Have Sex* (consent)

3:05

- ⊖ What did consent look like?
- ⊖ What do you think it feels like to get consent from a partner?
- ⊖ What do you think it feels like to give consent to a partner?
- ⊖ How might seeking consent strengthen the relationship?

Module 8: Enhancing Refusal and Negotiation Skills

Activity : Practicing and Enhancing Negotiation Skills: Unscripted Role Play

Adaptations for virtual implementation

Live Delivery:

- Use a PPT slide to share the content from the Roleplay Guidelines Poster. Explain what a roleplay is. Introduce the guidelines. Review SWAT.
- Use a PPT slide to go over the observer checklist. Share via file drop in Zoom or prior to the session via your online learning system. Instruct students to refer to the checklist as they watch the Planned Parenthood video: "[When Someone Doesn't Want to Have Sex: What Is Consent?](#)" (this replaces the demo of the roleplay).
- OR if you have two educators, you can perform the roleplay together.
- Roleplays can be done in breakout rooms in Zoom or assigned as homework – students can record a video with a partner and submit or write out a roleplay script.

Self-Paced:

- Option 1: Assign each student one roleplay scenario. Ask students to create a short script, writing out lines for each person identified in their assigned roleplay. Then ask them to record themselves reading their script. Have students self-rate how they applied the skills using the observer checklist, submitting both the observer checklist and the recording.
- Option 2: Assign each student one roleplay scenario. Ask students to roleplay their assigned scenario with a friend virtually. As a pair, have students rate how they applied the skills using the observer checklist, submitting both the observer checklist and the recording.
- Option 3: For each roleplay, ask students to come up with two responses for the person who is utilizing SWAT. Have students read them aloud and decide which feels better to use. Have students complete a reflection on what made it better or more effective.

Seaford Senior High School	Safer, Smarter Teens	9 th -12 th	9 th - 253 10 th - 235 11 th - 171 12 th - 194

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.

Students are required to participate in a Health Education course at both the middle school and the high school level. The health course is a graduation requirement at Seaford High School. At Seaford Middle school, health is one of the electives required for students in their six-week rotation. The health teachers at both Seaford High School and Seaford Middle School will provide consent education as part of their curriculum.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.

Seaford Middle School and Seaford High School will use The Safer, Smarter, Teens curricular resources.

The Middle School curriculum resources teaches students how to recognize danger and how to use their personal power to say “no,” get help, and set boundaries. Middle school students learn about the warning signs of unsafe situations and what actions they can take to reduce risks, stay safe, and access help. There are 7 curriculum lessons. Lesson 1: Self Esteem and Personal Power; Lesson 2: Fitting in and Acceptance; Lesson 3: Grooming and Boundaries; Lesson 4: Abuse, Disclosure and Getting Help; Lesson 5: Isolation – Staying Safe in a Virtual World; Lesson 6: S.A.F.E. It’s OK to Tell; Lesson 7: Human Trafficking.

The High School curriculum addresses personal safety and the balance of power in relationships and topics such as sexual abuse, sexual harassment, and dating violence. This curriculum will empower students to know what to do in an unsafe situation, who to turn to for help, and how to help a friend in need. There are 6 curriculum lessons. Lesson 1: Personal Rights and Responsibilities; Lesson 2: Healthy vs. Unhealthy Relationships; Lesson 3: The Problem of Sexual Abuse; Lesson 4: Dating Violence; Lesson 5: Advocacy in Action; Lesson 6: Human Trafficking.

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.
Planned delivery will occur in our Health courses. Consent education will utilize evidence informed instruction on the meaning of consent and respecting others' personal boundaries as a part of the Family Life and Sexuality Unit(s). In direct collaboration with Delaware Department of Education Health Standards, adopted from the National Health Education Standards, consent education will align with NHES standards 2,3,4,5,7 and 8. Instruction will be conducted by licensed educators and their respected guidance departments.

Planned

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.
Consent education resources include One Love Foundation online curricula, webinars, workshops and G-W Comprehensive Health Skills curriculum. It will be broken down into pacing three concepts dealing with the overall understanding of consent and laws in Delaware, Signs of Healthy Relationship and Signs of an Unhealthy relationship. Approximately three hours is used for instruction. One Love Foundation online resources, Delaware Laws via Delaware government website, G-W Comprehensive Health Skills textbook and materials.

School Year: 2020 - 2021

As required by Title 14 §4167 (a)(3), DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **November 13, 2019**.

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: Sussex Technical School District

Consent Education Coordinator (contact name): Margaret Booth

Coordinator Email: margie.booth@sussexvt.k12.de.us

Coordinator Phone: 302-856-0961

Educational Programming:

Title 14 §4167(a)

List the evidence-based program to be implemented at each school(s):

Name of School (add or delete rows as needed)	Grades Served	September 30, 2020 Enrollment by Grade
Sussex Technical High School	9 th Grade Health	9 th - Grade- 320

Name(s) of schools with students in grades pre-k through 6 or any combination of such grades:

Name of School (add or delete rows as needed)	Grades Served	September 30, 2020 Enrollment by Grade

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What was the delivery structure for the educational programming for students in pre-k through 6th grade? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.
N/A

2. What program/resource was used for implementation of Consent Education? How did you select the programming? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker) [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.

1. What was the delivery structure for the educational programming for students in pre-k through 6th grade? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.
It is our understanding that this program is designated for students in 7th grade and higher. Our Health teacher will be responsible for providing the required instruction on consent education.
2. What program/resource was used for implementation of Consent Education? How did you select the programming? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker) [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.
During the 20-21 school year, we will use Everfi. This is an interactive web-based program. Students will also have independent and collaborative assignments to complete. Students spend approximately 3 hours per week on Health instruction over the course of a 6 week period. Approximately 2 weeks is spent on consent education and related topics within Healthy Relationships.

Grades 10-12 Advisory Class

Students attend Advisory Class four times per week. The Advisory serves as a support system for all students. It is a place where students can feel safe and connected to staff and other students. Students will focus on personal and academic growth while acquiring the necessary life skills needed to become a productive and positive citizen. Students will be actively engaged in creating an environment where diversity is appreciated and develop the self-esteem necessary to feel that they can make a difference in the world.

Advisory offers emotional support for students during adolescence. The social networks that are so important at this age can be disrupted by the transfer to high school. Advisory offers support in two forms. First, it supplies built-in peer groups for all students in a high school, including new students. Second, it gives students an adult who knows them well and who can offer advocacy and support in difficult social and academic situations. This is especially true for students who have few close adult relationships outside school or are at risk of dropping out. Ideally, the advisory teacher is someone the student knows he or she can trust and talk to about his or her progress and standing in the school.

Advocates of advisory programs see a direct link between a student’s emotional and social experience and academic achievement. Advisory promotes self-esteem. It provides peer recognition in an accepting environment, offsetting peer pressure and negative responses from peers in other areas. Students in advisory programs are less likely to drop out and have a lower incidence of substance abuse. By having a more in-depth relationship with teachers, parents are more informed about their child’s academic needs and successes and can better support them.

In order for an advisory to be effective, it must reflect and be a substantial component of the school’s mission. An advisory is not just an “add-on” to the curriculum: it requires a substantial investment of time, planning and reflection. Even schools that have maintained their advisories over many years constantly reconfigure them -- often every year -- in order to effectively address the needs of students and the school.

Advisory provides a personalized and trusting environment that nurtures the physical and emotional well-being of all students and supports academic success through the building of community and the ability to make sound moral and ethical life choices.

Non-Academic Topics Covered in Advisory: Internet safety, personal safety, making the right choices, Bullying, Dating Violence, building healthy relationships, anxiety/stress/mental health, defining respect and respecting others.

ECHS Parent Academy 2020-21

Parent Academy will be held immediately following the monthly PTSA business meeting. Parent Academy is designed to educate parents on varying academic subjects like college readiness, college application, studying habits, etc. In addition, Guest speakers provide presentations on internet safety, bullying, dating violence, healthy teen relationships, Title IX, etc. These Academy sessions are held monthly for one hour.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.
 - The health curriculum is taught by the health teacher (six sections of 32 ninth graders in 90-minute classes for 90 school days)
 - The textbook is entitled, *Health* (ISBN-13: 978-0133270303; ISBN-10: 0133270300)
 - Savvas *Health* ©2014 delivers high school students the tools necessary for developing and enhancing healthy behaviors that influence lifestyle choices. This relevant, integrated text and video program stimulates classroom discussion, helping students' master skills essential to successful health education. Teachers can expect an unparalleled array of resources delivered online via iPad, Android or DVD, including a variety of differentiated instruction components that support academic achievement at every learning level.
 - Advisory Classes are each day for one hour for all four grades.
 - PTSA Parent Academies are held once per month for one hour.
 - Brandywine Counseling & Community Services is a new partner for ECHS@DSU. Currently, it provides prevention education programs through its SQUAD (Students on a Quest Uniting Against Drugs/Alcohol) and Pop (Peer Outreach for Prevention) through the ECHS Health classes for Grade 9. With the ECHS College Readiness Hornet Help Program, Brandywine Counseling can provide more programing for families as well as students.
 - The Center for Child Development provides professional therapists who partner with school districts to provide mental health services directly in the schools. The therapists are trained to handle issues such as depression, anxiety, self-esteem, poor social skills, anger management, etc. Counseling is offered on a voluntary basis and provided in the school setting. Services include individual, family and group counseling, as appropriate. Counseling will not conflict with academics; rather it is hoped that it will enhance academics as well as, other aspects of the child's and family life. The CCD also provides workshops for parents and teens.
 - The Delaware State University Title IX Compliance educates ECHS staff, students, and parents on issue/questions/concerns regarding Title IX.
 - The Delaware State University Police provides a School Resource Officer who educates ECHS students, staff, and parents on safety and emergency preparedness, as well as internet safety, bullying, and teen dating violence and making good choices.

- [Teachconsent.org](https://teachconsent.org); Planned Parenthood will be used during the second semester of the 2020-21 school year.

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Name of Person Submitting this Report:

Evelyn A. Edney, Ed.D., Principal

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name

and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

[82 Del. Laws, c. 212, § 2.](#)

Consent Education Implementation Report

School Year: 2020 - 2021

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **November 13, 2020**.

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: EastSide Charter School

Consent Education Coordinator (contact name): Marco Alberti

Coordinator Email: marco.alberti@escs.k12.de.us

Coordinator Phone: 302-584-8808

Educational Programming:

Title 14 §4167(a)

List the school with grades 7-12th and the evidence-informed program to be implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2019 as estimate for SY21)
EastSide Charter School	Children & Families First Adolescent Resource Center	7 and 8	~90

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? Title 14 §4167(a)

For the 2020-2021 report, please provide expected implementation.

Students in 7th and 8th grades will attend a virtual session on 12/2 with a member of the ARC Team for their consent education presentation. There will be a 90 minute session that day.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). Title 14 §4167(a)

For the 2020-2021 report, please provide expected process and materials.

The team leader, Philinda Mindler, LCSW provided the following outline of content:

Healthy Relationships

Define relationships and ask class to name relationships that people can have

Ex: family, friends, peers, romantic

Discussion of why people get into relationships and why do relationships end?

Breakout groups to discuss boundaries and values

Characteristics of Healthy Relationships

How do people know if a relationship is healthy or not?

Consent

Discuss and define consent

When do you need consent?

Activity on looking at pictures and deciding if touch is consensual or not

Elements of consent

Balance of Power

Age of consent – discussion of Delaware law

Safe to say no

Consent is a continuous process

Discuss consent scenarios

Wrap up: Go over who consent falls on and why it is important

Assurance:

Resources:

- Educate and Empower Kids: Boundaries. Lesson in Google Slides and work sheet
- Project School Wellness Curriculum, consent chapter (google slides, pre and post assessment)
- F.R.I.E.S Google Slide Lesson with student understanding assessment (credit Melanie Lynch, National Health Teacher of the Year)
- Videos:
 - a. Tea, Consent
 - b. 2 Minutes Will Change the Way You Think About Consent”

Duration:

- Lessons: 4
- Hours: 4-5 including student work

Program Description: “Students will understand”

What:

- What are boundaries, and how to label and define behaviors that make them uncomfortable.
- How to create healthy personal boundaries
- What they can do when boundaries are crossed and who they can go to for help.
- What consent is
- How to ask for consent
- How to give consent

Why:

- So you are not misunderstood, or you misunderstand your partner's boundaries
- Consent is not optional
- It is the law
- To make the connection that boundaries go both ways; how we want to be treated is how we should treat others.
-

How:

- Teacher narrated Google Slide presentations
- Video
- Pre and post lesson assessment, Google Form and Assessment Sheet
- Student worksheet to demonstrate knowledge
- Proper use of vocabulary, Google Form
-

List 5 questions someone should ask to make sure consent is given.	List 4 responses someone would give if they are cool with what's happening?
--	---

•

List 3 non-verbal cues that show cooperation, permission or readiness	Draw an image or emoji that would mean things are <i>Cool</i> .
---	---

- How do we know if things are NOT ok? WE don't give consent when.....

•

Three non-verbal cues or reactions that show <i>discomfort or displeasure</i> are.....	Consent does NOT involve.....
--	-------------------------------

<p>Consent CAN'T be given when either partner is.....</p> <ol style="list-style-type: none"> 1. 2. 3. 	<p>Draw an image or emoji that would indicate things are NOT OK</p>

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.

Consent Education will be provided as part of our Health curriculum. Currently, students take Health during their 10th grade year. The lesson on Consent will be taught during the unit on Sexual Health & Healthy Relationships. Our current Health teacher, Mr. Lamin, is responsible for providing instruction.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.

To educate students about consent, our health teacher will use materials from the Teach Consent program created by Virginia Sexual and Domestic Violence Action Alliance. Teach Consent provides a one hour lesson titled “Ask, Listen, Respect” that builds student understanding of what consent means in the context of intimate partner relationships. It does this by:

- Defining consent
- Teaching students how to ask for consent
- Identifying what enthusiastic, verbal consent looks like
- Providing strategies for how to accept “no” as normal boundary-setting in relationships

This lesson can be provided in person or via virtual synchronous instruction with the teacher. The lesson includes full group discussion, video, personal reflection, and a partner activity. The activities will be modified accordingly given the circumstances at the time of delivery.

Gateway Lab Charter School	Responsive Classroom	8th	8 th grade enrollment 2019/2020=34

	State Health Models and structure for healthy relationships		

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.
The School Nurse, School Counselor and Health and Physical Education Teacher will work together to schedule and implement an evidenced- based, age-appropriate consent curriculum lesson as part of the Health Standard Program. Our 7th grade is introduced to Planned Parenthood’s 8 week program, Healthy Boundaries. It covers a multitude of information, of which consent and healthy boundaries is discussed in detail. The 8 week program consists of 8, 60 minute sessions. This program is organized annually by our school counselor. The B.E.S.M.A.R.T. program is implemented for the lower grades which also starts the conversation about consent and safety in additional to responsive classroom meetings, so when they reach 7th grade, they have a structured platform and understanding. The B.E.S.M.A.R.T. program is overseen by the school nurse. Our 8th grade student population continues with consent and healthy boundaries delivered specifically in health but also reinforced in the classroom with Responsive Classroom in morning meetings and building community. This happens for all grades. For younger children, this helps teaching consent with the focus of social skills that kids need for future adolescent interactions and friendships. The health lessons are organized by the Physical Education teacher, with input from both the school counselor and school nurse.
2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.
As noted above, Healthy Boundaries by Planned Parenthood is an 8 week, 60 min sessions for 7th grade. 8th grade gets a minimum of 5 health classes specific to this topic, 30 minutes each and applies the State Health Models and Structure for healthy relationships. Depending on the topic and need, more health lessons can be added in throughout the year. Responsive Classroom morning meetings, also include lesson practices and conversations to reinforce what they have learned in health class in a societal manner of boundaries and language. The skills you learn for setting healthy boundaries and consent are not just about dating and romantic relationships, they are also conflict resolution, teaching personal boundaries, accepting rejection, even if not in a romantic term. Implementation of these lessons consist of online platforms such as kami, nearpod, and zoom layered in with

worksheets and hands-on materials incorporated to better show effective understanding. Furthermore, we have discussed with our teachers that consent can also be presented in the classroom for core subjects like history and science when discussing colonization, civil rights, and the woman's movement. Gateway Lab Charter School takes this very seriously primarily when understanding our student population.

The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **November 13, 2020**.

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: Great Oaks Charter School

Consent Education Coordinator (contact name): Bridget Strupczewski

Coordinator Email: bstrup@greatoakswilm.org

Coordinator Phone: (302)367-5140

Educational Programming:

Title 14 §4167(a)

List the school with grades 7-12th and the evidence-informed program to be implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2019 as estimate for SY21)
Great Oaks Charter School	11/13/20	6-11	~320

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)

For the 2020-2021 report, please provide expected implementation.

Bridget Strupczewski created a Nearpod presentation teaching and discussing consent. Since we are in a virtual environment, she recorded herself speaking as the presentation plays. The presentation was shared to a member of each grade who is responsible for introducing the topic and playing the presentation to each class. Ms. Strupczewski also uploaded the presentation to her Guidance Counselor schoology page as a resource for all students.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

For the 2020-2021 report, please provide expected process and materials.

Near pod presentation conducted in classrooms using “Ask, Listen, Learn” materials (30 minutes).

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Name of Person Submitting this Report:

Amanda Taylor, High School Principal

Submission Information:

Please submit the completed form by **November 13th**, to:

Sabra Collins

Education Associate, Physical Education, Health and Wellness

Sabra.Collins@doe.k12.de.us

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

[82 Del. Laws, c. 212, § 2.](#);

Consent Education Implementation Report

School Year: 2020 - 2021

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **November 13, 2020**.

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: Kuumba Academy Charter School

Consent Education Coordinator (contact name): Teri Riggs-Lyle

Coordinator Email: triggs@kacsde.org

Coordinator Phone: 302-660-4750

Educational Programming:

Title 14 §4167(a)

List the school with grades 7-12th and the evidence-informed program to be implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2019 as estimate for SY21)
Kuumba Academy Charter School	SY 2020-2021	7th and 8th	55 - 7th grade 59 - 8th grade

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)

For the 2020-2021 report, please provide expected implementation.

Kuumba's planned delivery structure is through IPPF "It's All One Curriculum" by introducing healthy boundaries, consent and understanding consent through case studies and activities. We will also partner this curriculum with the "Overcoming Obstacles" curriculum Module 2: Decision-Making through five lessons that help students identify factors that influence the decisions they make and help them recognize the use of their power to make decisions- even when the decision is difficult.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

For the 2020-2021 report, please provide expected process and materials.

The program used for Consent Education is from IPPF "It's All One Curriculum". The International Planned Parenthood Federation (IPPF) launched the program "Know it Own It! Your Sexual Rights" which consists of a 1 hour lesson (My Private Space) for 8-12 years olds that helps students identify appropriate boundaries for touch and their personal space including consent and a 1 hour lesson (The matter of consent) for 13-18 year olds to help students understand and appreciate the importance of consent in any sexual situation; to strengthen abstract thinking skills. In addition, we also partner this curriculum with "Overcoming Obstacles" curriculum Module 2: Decision-Making, which teaches our students how to make clear decisions through 5 lessons 1) Making Decisions Big and Small, 2) Gathering Information, 3) Identifying Options, 4) Weighing Options and Consequences, and 5) Making A Choice.

Las Americas ASPIRA Academy (West Campus)	Planned Parenthood	9 th Grade -	80

--	--	--	--

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.
Grade 7 and 8 instruction was delivered in a remote model. All students were taught using synchronous lessons using Zoom and asynchronously using Schoology. Safer, Smarter Teens has 7 scripted lesson plans and with corresponding videos that were followed and completed by December 18, 2020.

Grade 9 lessons were delivered in a hybrid model. Some of the students were physically present in the class while the remaining students were home learning remotely. Instruction included lecture supported with Power Point, YouTube video <https://youtu.be/raxPKkIDF2k> and a Online quiz <https://www.nsvrc.org/saam/consent-quiz>.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.
The grade 7 and 8 curriculum teaches students how to recognize danger and how to use their personal power to say “no”, get help, and set boundaries. Middle school students learn about the warning signs of unsafe situations and what actions they can take to reduce risks, stay safe, and access help. A total of 7 lessons were taught including the following topics: personal power, red flags, setting body boundaries, definition of sexual abuse, positive power plays, and human trafficking.

Grade 9 lessons were taught to two different classes with follow up activities and assignments were completed focused on consent. Student teacher lesson contact was approximately 2 hours with approximately an additional hour of student assignments based upon classroom instruction. The two hours of instruction was completed in a hybrid environment with some students in class and others learning remotely. Resources used were primarily from Planned Parenthood but resources also were used from RAINN website, Alberta Health Services and National Sexual Violence Resources. Lesson plans and activities from lessons can be provided.

Assurance:

Educational Programming:

Title 14 §4167(a)

List the school with grades 7-12th and the evidence-informed program to be implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2019 as estimate for SY21)
MOT Charter High School	Teach Consent	9th	186

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.
MOT 9th grade students will receive Consent Education as a part of their Health Curriculum. Lisa Delcollo, Health and Physical Education Teacher, will provide evidence-informed materials to the students during the Family-Social Unit.
2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.
The program is “Teach Consent” (A project from the Virginia Sexual and Domestic Action Alliance). The program’s goal is to promote healthy communication among youths aged 11-16 by providing concrete examples of: (1) How to ask for consent, (2) What enthusiastic, verbal consent looks like, and (3) How to accept “no” as a normal boundary-setting in relationships. The program is 60 minutes long and includes about a one minute video to facilitate discussions. Depending on which phase we will be in, the plan is to teach in person, but can be completed virtually if need be.

Assurance:

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2019 as estimate for SY21)
Newark Charter jr/sr High School	TeachConsent.org and One Love Foundation	7-12	1079

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.

The Health and PE teachers will teach Consent during their Human Sexuality and Healthy Relationships units as a part of their 7-10th grade health curriculum.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.

NCS will use two programs that have been approved resources by the State of Delaware to guide curriculum on Consent. TeachConsent.org and the One Love Foundation both provide evidence-based and evidence-informed lesson plans and resources that help cater to the cultural and grade-level needs of our students.

Students in 7/8th grade will receive 1 hour (1.5 45-minute lessons) and 9/10th graders will receive 3 hours (2 90-minute lessons) on Consent. Worksheets and videos created by Teach Consent and the One Love Foundation will be used to guide discussion, help provide clear and consistent vocabulary around the concept of Consent and help model consent to empower students as they move out into the world.

7th/8th grade will focus on appropriate vs inappropriate touching, personal values, setting and respecting boundaries, refusal skills and building healthy relationships.

9th/10th grade will focus on relationship values, setting and respecting boundaries, physical and emotional intimacy, teen dating violence, and building healthy relationships.

Positive Outcomes Charter School	Power Up, Speak Out!	7 th , 8 th , & 9 th	2020-2021 7 th – 9 8 th – 15 9 th – 25
Positive Outcomes Charter School	Girls Empowered	Female students in 7 th , 8 th , & 9 th 10 th , 11 th , & 12 th	7 th – 4 8 th – 6 9 th – 7 10 th – 11 11 th – 9 12 th – 5

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.

Power Up, Speak Out!

This program includes five lessons to encourage middle school students to think critically about healthy relationships, power dynamics, boundaries, and consent. These lessons teach students what to do, instead of what not to do.

These lessons will be taught to 7th, 8th, and 9th graders through their PE/Health class during the 2020-2021 school year. Each year after, (2021-2022 and beyond), the lessons will be taught to 7th graders and any new students attending POCS in grades 8 and 9.

Girls Empowered

This is a monthly program that has been implemented to empower the female students who attend POCS. Our Licensed Clinical Social Worker (LCSW) organizes guest speakers, outside agencies who instruct our students, and develops lessons of our own to address issues such as body image, social media, healthy relationships, etc.

During the 2020-2021 school year, female students are meeting weekly for 45 minutes with instructors from the Delaware Adolescent Program Inc. (DAPI) to complete a 13-week curriculum called *Love Notes*. This has been organized through Girls Empowered by our LCSW. The curriculum addresses making wise relationship and sexual choices, focuses on recognizing your own values, understanding red flags of unhealthy relationships, and developing skills to form and maintain healthy relationships.

We intend to continue implementing this in the Fall of school years to come, as long as DAPI is still providing this curriculum instruction to the community.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.

Power Up, Speak Out!

5 Lesson Toolkit (40-50 minutes each):

1. Healthy Relationships – Students will define a relationship as a connection between two or more people, and identify healthy relationship statements.
2. Power in Relationships – Students will examine the concept of one-sided power and two-sided power in peer relationships, and identify Red Flags.
3. Boundaries in Relationships – Students will identify that personal boundaries are self-created, can change, and need to be respected, use the Red Flags to examine when personal boundaries are not respected, and identify “put-downs” as an example of disrespecting personal boundaries.

4. Consent in Relationships – Students will define consent as permission to cross a boundary, identify forms of consent, identify “got consent?” statements, and examine the lack of consent by applying the Red Flags and Boundaries.
5. Healthy Relationships in Action – Students will identify conditions that make it easy or difficult for people to be themselves, be treated well, be able to say no, and have fun in their relationships, and identify how they can use their power so that everyone can be themselves in their peer and dating relationships.

Title 14 § 4167 Consent Education

(a) *Educational programming.* — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others' personal boundaries as part of health standard programming related to comprehensive healthy relationships.

(b) *Reporting.* — (1) Each school district and charter school shall designate an individual responsible for overseeing the implementation of the educational programming provided under subsection (a) of this section. Each school district and charter school shall provide the name and contact information for the individual designated under this subsection to the Department of Education no later than September 15 of each year.

(2) Each individual designated under paragraph (b)(1) of this section shall report to the Department of Education no later than November 15 of each year regarding how the educational programming has been implemented by that individual's school district or charter school.

(3) The Department of Education shall submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (a) of this section and how the curriculum has been implemented by each school district and charter school under subsection (a) of this section.

Consent Education Implementation Report

School Year: 2020 - 2021

Educational programming. — Beginning in the 2020-2021 school year, each school district and charter school serving 1 or more of the grades 7 through 12 shall provide age- and developmentally-appropriate, evidence-informed instruction on the meaning of consent and respecting others’ personal boundaries as part of health standard programming related to comprehensive healthy relationships.

DOE must submit a written report to the Governor, the members of the General Assembly, and the Director of the Division of Research no later than January 15 of each year. The report must include the educational programming provided under subsection (b) of this section and how the curriculum has been implemented by each school district and charter school under subsection (b) of this section. (Full law is included at the end of this document)

In order to report the information accurately, DOE is collecting the following information from each school district and charter school, no later than **November 13, 2020**.

General Information:

Title 14 §4167(a) (3)

Name of School District/Charter: Providence Creek Academy Charter School

Consent Education Coordinator (contact name): Amanda Silcox

Coordinator Email: Amanda.silcox@pca.k12.de.us

Coordinator Phone: 302-653-6276

Educational Programming:

Title 14 §4167(a)

List the school with grades 7-12th and the evidence-informed program to be implemented at each school(s):

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2019 as estimate for SY21)
Providence Creek Academy Charter School	Health	7 - 8	7 – 76 8 - 72

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected implementation.
The planned delivery structure for the educational programming is designed to be part of the direct instruction in the 7th and 8th grade Health course. The certified teacher is responsible for providing the instruction.
2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)
For the 2020-2021 report, please provide expected process and materials.
At Providence Creek Academy, the Upper School students use the textbook *Teen Health*, published by Glencoe.

Assurance:

By submitting this document, you are assuring that the LEA you represent is meeting the requirements set forth in 14 Del.C., Chapter 41, §4167 including, but not limited to: (a); the implementation of programming (d); provided the name of the individual that will oversee programming for the district/school/charter.

Name of Person Submitting this Report:

Amanda Silcox

Name of School (add or delete rows as needed)	Program Implemented	Grades Served	Enrollment by Grade (use September 30, 2019 as estimate for SY21)
Sussex Academy - Secondary	Teach Consent	6-12	7 th – 124 10 th - 143 8 th – 123 11 th - 120 9 th – 130 12 th - 117

Implementation of Educational Program:

Please provide a detailed response to the following questions:

1. What is the planned delivery structure for the educational programming under this requirement? Who was responsible for providing instruction? [Title 14 §4167\(a\)](#)

For the 2020-2021 report, please provide expected implementation.

Consent education will be delivered as part of our health curriculum at the middle and high school levels. At the middle school level, Botvin Life Skills facilitator instructs our health class and will include the Teach Consent curriculum. At the high school level, our health teachers will incorporate the Teach Conset curriculum.

2. What program/resource is being used for implementation of Consent Education? Describe the program, including number of hours/lessons and materials used for instruction (i.e., online instruction, in person, text book, worksheets, outside speaker). [Title 14 §4167\(a\)](#)

For the 2020-2021 report, please provide expected process and materials.

At the middle school level, Botvin Life Skills facilitator will include 2 – 45 lessons on Consent Education as part of the Healthy Relationships framework. At the high school level, our health teachers will fcilitate 2 – 60minute lessons using the Teachconsent.org video, discussion guide, and data collection tool.
