

# Coordinate Algebra Resource Book

To use at home for extra instruction and explanation of concepts!

**Focused Common Core instruction—putting Coordinate Algebra students on a pathway to success.**

**\$20.00**

The brand-new *Georgia Common Core Coach, Coordinate Algebra*, is designed exclusively to match the **Common Core Georgia Performance Standards model course for the Traditional pathway**. Student texts are aligned to the Common Core Georgia Performance Standards, giving high school students all the support they need to **build Coordinate Algebra proficiency**. Six units, each followed by a unit review, adhere to the CCGPS Traditional pathway. Performance tasks are included throughout, and problem solving is embedded in lessons.

To order the resource book, complete the form below and return it to your math teacher.
