

Delmar School District COVID-19 Data Dashboard

2022-2023 School Year

The COVID-19 Dashboard is designed to keep the Delmar School District community updated with the most recent information relating to notices that the District COVID Coordinators receive regarding individuals who have been on-site at Delmar Middle/Senior High Schools or the Delmar School District and who have tested positive for Coronavirus (COVID-19). Inclusion in the dashboard does not mean that an individual contracted COVID-19 within a school or on a school campus and is not intended to reflect in-school transmissions. This information will be updated weekly.

Location		Number of COVID-19 Positive Cases			Number of COVID-19 Positive Cases		
		Observed (Lab Confirmed)			Unobserved (Not Lab Confirmed)		
		<i>(Reflects the number of COVID-19 positive case reports received by the Delmar COVID Coordinators each week.)</i>			<i>(Reflects the number of COVID-19 positive case reports received by the Delmar COVID Coordinators each week.)</i>		
	Date	Other such as Visitors/Contractors/Volunteers	Number of Students	Number of Staff	Other such as Visitors/Contractors/Volunteers	Number of Students	Number of Staff
Delmar Middle School	12-02-2022	0	0	0	0	0	0
Delmar High School	12-02-2022	0	0	0	0	1	0
Delmar District-Wide Staff	12-02-2022	0		0	0		0
