Congratulations!

On March 16th, we had 7 band students who went to State Solo & Ensemble! They receive a rating based on their solo performance by the following scale (low to high): Poor, Fair, Good,

Excellent, and Superior. Each student can perform music at any level of difficulty they choose. The grading scale used to determine the difficulty of each solo, is as follows: 1 (Beginner) - 7 (College Level). Apple Mollak and Charlotte Sladek received a Superior with Distinction (Highest rating to receive. Both students played their pieces memorized on a grade 6 & 5), Jolene Hempfing with a Superior on a grade 7. The following students received Superior Ratings on their grade 5 & 6 pieces:

Jenna Cossairt, Hailey Kaprow, and Arnold Stauffer!

Finally, Christopher O'Neal received an Excellent on his piece! Congratulations to these students on achieving these ratings on such difficult and challenging solos! We are so proud of them!

This past weekend, our JV Color Guard had a wonderful end to their season by receiving 3rd place in their division at FFCC State Championships! This team is practically all new, with about 5 students in middle school. Congratulations to our JV Color Guard, we are proud of you!

On Friday 3/24 the OHS Brain Bowl Team competed against 20 teams at the Battle of the Brains trivia tournament held at SSC.

- Oviedo had two teams compete: Oviedo Orange and Oviedo Lions
- Oviedo Orange placed 2ND
- Oviedo Lions placed 4th overall
- Oviedo Orange: Lydia Tovbis, Tal Kanistras, Ishika Nag, Sonny Maiorino, and Spencer Mallott
- Tal Kanistras placed 3rd in individual points for the overall tournament too!
- Congratulations to the students and Ms. Darling and Go Lions!

[Leadership Application](#)

Are you interested in joining Leadership and the Student Government Association? The application is DUE 4/7 by 2:30pm. See link above. No late applications will be accepted. Reach out to Ms. DeLong (DeLongha@myscps.us) with specific questions.

Congratulations to our Students of the Year for the Class of 2023 – Kyra Henriques and Ishika Nag!

Kyra Henriques science fair chemistry project won 1st place for SC and 3rd place at the state level. Kyra also won the following special awards: Orlando Reef Divers, Stockholm Junior Water Prize, and received the OSC's Lockheed Martin Science Challenge invitation. In addition, Kyra Henriques placed first in the Florida Junior Science & Humanities Symposium at the University of Florida! She was one of 24 competitors selected from across the state for the elite version of the symposium, the speaker competition. Kyra's research focused on using readily available oils emulsified with iron oxide to adhere to microplastic contaminants. She then utilized strong magnets to separate the aggregated pollutants from the water. She further expounded on this research by designing a working prototype and offering details about how to apply it at scale. Kyra was unanimously chosen as the top competitor in the competition and was awarded first place. This is the highest achievement any student has earned since the first Oviedo competitor was accepted in 2020. She is subsequently invited to represent the state at the National Junior Science & Humanities Symposium in Virginia in April. All of Kyra's accomplishments are impressive, but for me personally I think Kyra is exceptional because she is a cancer survivor. Despite the challenges she has faced at such a young age, she has overcome and has already made the world a better place with her research. Congratulations Kyra!

OHS senior Ishika Nag was named a Finalist in the Regeneron Science Talent Search, the nation's oldest and most prestigious high school STEM research competition. Ishika has worked diligently throughout her high school years on her research project, "Development of an

Engineered Face Mask With Optimized Nanoparticle Layering for Filtration of Air Pollutants and Viral Pathogens." Ishika's work explores how nanoparticle coatings applied to filters like face masks can improve how well they remove air pollutants and viruses in a cost-effective way without reducing airflow through the filter. Ishika has received numerous awards and accolades over the past few years, including a Grand Award at the State Science and Engineering Fair of Florida, top prize at Florida's Nelson Ying Science Competition, a category award at the Regeneron International Science and Engineering Fair, and being named an Engineer Girl Ambassador for her work leading elementary student engineering teams. Ishika's curiosity, innovation, leadership, and dedication to both her work and to sharing her love of STEM have made this honor very well deserved, as well as the \$25,000+ in scholarship funds that accompany her finalist award. Recently Ishika competed

on the Oviedo Orange Team for Brain Bowl and placed second in the county. We are proud of you Ishika! Congratulations!

Congratulations to our French Honor Society Inductees!

The following students were recently inducted into la Société National de Français (French National Honor Society) due to their dedication to learning the French language and culture. These students hold high GPAs in both French and all academic areas. Félicitations!

1. Delaney Warner

Congratulations to Mr. Schult and all the students who sang at “The Greatest Show” Choir Concert! It was amazing to hear and see your talent!

All Senior Information that has already been published is at the end of the Principal’s Update. This includes dates for seniors and information on prom.

Last day to buy prom tickets is April 14th.

Congratulations to Emilyynn Williamsson for receiving a 30k in Provost UCF scholarship for her outstanding academic performance. Emilyynn was accepted to the pre-Med program at UCF and UF. Emilyynn was also a member of the U19 USA Floorball Team. This fall Emilyynn was selected to represent USA women's team and play qualifiers against Canada. She was awarded MVP U19 player in women's team. USA women's team clinched spot to play world championships in Singapore by beating Canada.

On Wednesday, March 29th all juniors received a presentation by the district ePathways team through their Social Studies classes. The presentation focused on their future using the Es – enrollment in college, enlistment in the services, or employment. They did a fantastic job covering how to get additional schooling paid for and future job opportunities for students. Please talk to your junior about what they learned. **If you missed out or your parents want to know what was covered, see the flyer on the next page. WSHS is offering a night event April 3rd.**

On Thursday, March 30th we offered a day in the Media Center where seniors could complete their FAFSA, SSC application, or talk to someone about future opportunities. Around 50 seniors attended and were helped. A thank you to SSC for sending a representative to answer questions.

Both of these days were organized by our Guidance Department. Thank you so much for helping our students!

These special students are being recognized for singing the National Anthem at the Honor Graduate Ceremony and at the Black History Month Celebration. Thank you! It was beautiful!

Congratulations to our Teacher of the Week for the Week – Ms. Marc

Hello Ms. Marc,

I am writing to you today to let you know that my son has described you as his favorite teacher, and while he likes all his teachers and is really enjoying school, he mentioned that he really enjoys your class. He describes you as nice and that you always ask if he would like to join in their sports class when you see him in the gym. He says you are easy to talk to and that you were so helpful when he jammed his finger in class and that you helped him get it wrapped up and relocate his finger. He really admires that you are helpful and supportive to the volleyball teams and always show up to the games for support.

Again, thank you for being a wonderful support and teacher that helps him have an absolutely amazing time at school. You are much appreciated and valued.

Sincerely,
Angie Soto
