

Okeechobee High School After School Tutorial Program

The after school program is available on Tuesdays AND Thursdays beginning October 20 and lasting through April 29, 2021. Students must report to the media center by 2:15.

The intent of this program is to provide your child with assistance in the academic areas related to the courses in which they are enrolled this year. Students will receive help with homework, assistance with reading/ math skills, and bus transportation home. All students participating in tutorial must sign in and work in the media center with the tutorial teachers. The teachers are Ms. Buchanan, Ms. Meisel, Mrs. Garcia, Ms. Hargraves Usher, Ms. Davis, and Mrs. Sherlock.

If a student needs bus transportation, then they will ride a shuttle bus from OHS to the middle school that serves their neighborhood, and will then ride the middle school bus home. Students must pick up a bus pass daily at the end of the tutorial before boarding their shuttle buses. Students may also drive or be picked up by their guardian/parent at the bus loading area.

Please fill out the information below giving permission for your student to attend the After School Tutorial Program in the media center at OHS.
