Assignments   Add Class

Below are your classes. To create or add a class, use Add Class. To create an assignment, use Add Assignment. Remember, each class has a unique Class Link. Share this link with your students to connect to your class.

Type in the name of the class and click save

| DBQ Online | Dashboard | Assignments |

Classes

Class name:

Civics Period 1

ie: Period 1 US History AP

Save   Cancel

6. Once you have created a class, it creates   a unique URL
   Link. Copy this link.   **Copy this Link**

Civics Period 1   Edit   ClassLink: http://staging.dbqonline.com/cours

7. Return to Canvass and create another external tool in DBQ Online Module

⠿ ▾ DBQ Online   Click + to add
                                  external tool   ☁   +   ⚙ ▾

8. Add an external Tool to the module and fill in the needed information.
   URL Box: Paste the Class link
   Click on Load in a new tab and click add item
   Publish this to your students in the class
   Students will click on this external tool to access their account in DBQ Online

9. If you have multiple classes using DBQ Online, you would set up a DBQ Module and Set up
   the Class External tool for the students.

icons includes Knowation's library of 500,000+ open educational resources, each one hand-selected, contextualized and aligned to standards by educators to ensure quality, relevancy and comprehensive coverage for every grade, subject and learner.
