Zephyrhills High School Dual Enrollment Step-by-Step Procedures for students

a--APPLY for admission to PHSC b—Take a Placement TEST c--REGISTER for classes

1 – If you are interested in Dual Enrollment (D.E.) courses attend a Dual Enrollment Orientation OR request a meeting with your School Counselor through the standard School Counseling request form. Please indicate “Dual Enrollment” in the “additional info” area on the request form.

2 – Your School Counselor will first determine whether you have the Grade Point Average (G.P.A.) eligible for the program you are interested in. A 3.0 UNWEIGHTED cumulative for academic programs and 2.0 UNWEIGHTED cumulative for technical programs is required. You may not get an application or take the PERT test prior to having the required G.P.A.

3 – The student must fill out a **D.E. application** provided by your School Counselor prior to being able to take the required PERT exam at PHSC or ZHS if offered. This form must have a parent or guardian signature.

4 – If you are a current D.E. student, your PERT scores will determine which classes you are eligible to take. All academic courses require particular cut-off scores. Cut-off scores are also required in elective courses as well.

5 – Take the PERT exam. It is offered at the high school typically the first Thursday of every month after school. You must call the PHSC learning lab at 352-518-1240 to make an appointment for the test if taking at PHSC. Do NOT go up to PHSC without first having a completed PHSC application and an appointment at the learning lab. You may also only take the section you need. (see page 6 for eligible scores)

6 – Bring your completed PERT scores back to your School Counselor at ZHS they will review them with you and advise you for which courses you are eligible. You will then receive a “**Dual Enrollment request for classes form**”, and you will be required to get a parent or guardian and your School Counselor’s signature and take the form up to PHSC yourself. At times ZHS and PHSC will provide a registration event at the high school for this purpose. You must also have a copy of your GPA verification. It is your responsibility to follow through. Your parent may accompany you, but they may NOT register for you. The students must register at PHSC themselves.

7 – Please do not go to PHSC hoping to be served without following the above procedure. If you do, the PHSC staff will turn you away. Only those students who complete the process will be registered D.E. students. If you only complete the ZHS online registration process that does not mean that you are enrolled in Dual Enrollment courses even if they are offered on the high school campus.

8 – Textbook information is typically available through the District School board of Pasco County’s website or within this booklet.

Note: If you have taken the ACT or SAT exam, those scores may be used in place of PERT scores. See the D.E. test score requirement page for details.

ZHS NEW DUAL ENROLLMENT (D.E.) INFORMATION/PROCEDURES/RULES

EFFECTIVE 2017-2018 SCHOOL YEAR

For those students who wish to take Fall, 2017-2018 D.E. courses, the course schedule is available online at <http://www.phsc.edu> - Make sure that you are looking especially at EC or East Campus-Dade City or PC Porter Campus (new Wiregrass location) locations and at times that are suitable for your ZHS schedule. Courses located on the ZHS campus will not appear on the PHSC website. The PHSC website now gives you the ability to sort by course, campus and other sort options. Your School Counselor will NOT sign your D.E. form unless it is completely filled out!!

Registration:

- Typically students always turn in forms to PHSC, not to the Office of School Counseling unless we host a special dual enrollment registration event.
- You must register for courses each semester, even the courses offered on the high school campus! ZHS students must register at the DADE CITY PHSC campus even if they plan to take courses at another campus such as Porter Campus.

Course Request Form:

- REMEMBER! Just because you indicate your interest in Dual Enrollment courses, this does not mean that you are registered at PHSC!!! You still must COMPLETE the process with the COURSE REQUEST FORM.
- Your School Counselor will be required to indicate your current **unweighted** G.P.A. on each request form. Be sure that you are maintaining a 3.0 or above!!

Course Limits and Restrictions:

- Students who take a combination of ZHS and Dual enrollment classes will be restricted to a total of 16 college credits.
- 9th grade students may only take DE courses that are offered at their High School. 10th grade students are restricted to only 7 credit hours at the PHSC campus. They must have the qualifying unweighted high school G.P.A. and test scores.

Withdrawal from a Dual Enrollment Class:

- Students will have until the 5th week to withdraw from a Dual Enrollment class. No exceptions.

Duplicate credits:

- Students who take an A.P. course may not take the similar Dual Enrollment courses that will result in duplicate credit. (example: A.P. English Language-D.E. English Composition 1).

Registration Forms:

- Your School Counselor will only sign COMPLETELY filled out registration forms. Make sure that you have allowed adequate time to see him/her and that you have filled out course names, numbers and sections. Do not ask for a blank form to be signed because you will miss the deadline and are in a hurry!

Timing of Semester 2 Eligibility:

- If you do not have a 3.0 un-weighted G.P.A. for the second semester (spring semester), your G.P.A. may not be updated in time for you to take D.E. courses semester 2. Grades for semester 2 courses at times are posted too late for adequate time to apply, test and register for classes by the deadlines.

Courses at the High School:

- If a Dual Enrollment course is offered at the high school, you will be required to take the class at the high school. (D.E. English Composition I & II, Intermediate Algebra (semester 1) or College Algebra (sem 2)).

Senior Course requirement:

- Seniors wanting to take American Government or Economics through D.E. need to sign up for:
*American Government=American Federal Government (PHSC) *Economics=Principles of Macroeconomics (preferred) or Principles of Microeconomics. Also, starting this year any student taking a dual enrollment economics course **MUST** take the financial literacy “Everfy” module for the course to count toward graduation requirements. See your School Counselor for details.

Summer and Mini-Terms:

- Students will no longer be allowed to register for any “mini term” within the PHSC schedule these terms are usually labeled Term IA, IB, IIA, IIB. There is no longer summer Dual Enrollment for high school students.

Confusion about High School vs. College credits

- Most college courses are worth 3,4 or even 5 credits for college. Those same courses will **ONLY** be worth a half credit or a whole credit for high school. Most college courses are worth ½ credit for high school.
- **The exceptions are:**
- Science: Any lecture class with a lab = 1 H.S. credit
- Math: Any class at the College Algebra level or above: 1 H.S. credit
- Foreign Language: = 1 H.S. credit
- Some English courses: English Composition 1 = 1 H.S. credit, English Composition 2 = 1 H.S. credit

Credit Limits:

- If you reach 60-credit hours and/or earn your A.A. prior to the end of a school year, you may not take any additional D.E. courses.

PERT Testing:

- ACT and SAT scores can be used as a substitute to become Dual Enrollment eligible.
- If you must re-take the PERT exam at PHSC, call 352-518-1240 and set up an appointment to ensure availability.

College Academic Advisement:

- It is important to meet with the PHCC advisor for all college advisement/financial aid concerns and questions. **Stephanie Caddell is our PHCC advisor and may be reached at 352-518-1204 or 352-518-1310, or caddells@phsc.edu for additional assistance!**

Full Time Dual Enrollment Rules

- Students must have both 16 college credits **AND** the equivalent to 3 high school credits per semester to be considered full-time dual enrollment students. If one of those criteria are not met, the student **MUST** have six courses per semester in their high school schedule.

Dual Enrollment Test Score Requirements
