

# The Eagle Press

December 2019

**Building a Better World...One Student at a Time!**

## A Note from the Principal

Dear Parents and Guardians,

Welcome back to school and we hope that everyone had a restful Thanksgiving holiday! We have a lot of great things going on this month including the annual Winter Chorus Show on December 10th at 6:30 pm. Prior to that the PTA will host a general meeting at 6:15 pm.

Another annual event, Country Western Day, will take place on Friday, December 6th during all PAM special areas classes.

The PTA Holiday Shop opens up starting on December 9th. We also want to thank all of the families and community partners for donating food to our school pantry and supporting those in need for the Holiday season.

Yearbook information is now available and on-line advanced orders can be taken at this time. Please visit the link on our Eastbrook website for more information.

Just a reminder that we will have **3 early release days** on December 17, 18, and 19. Students will be dismissed at **1:00 pm** on all 3 of those days. Winter break will start for students on Friday, December 20. Classes will resume on Monday, January 6, 2020.

Along with my entire staff, I wish you and your family a joyous holiday and a wonderful winter break.

Sincerely,

Principal Dunaye

## S.A.C. News

The School Advisory Council (SAC) assists the school in preparing, implementing, and evaluating the School Improvement Plan. The group is comprised of Eastbrook parents, teachers, and staff members. This year's members are:

Jill Aller, Sue Crowther, Chiara Dupervil, Rod Dunaye, Robyn Edwards, LeeAnn Hinken, Scott Kunkle, Lisa Langston, Tavo Mendez, Courtney Neraasa, Abelina Morel, Cristina Parson, Lindsey Smale, and Robin Swift

Our S.A.C. dates for this year are as listed below:

August 20th	September 24th	October 22nd
November 19th	January 28th	February 25th
March 24th	April 28th	—

If you are interested in learning about the School Advisory Council, please contact Mr. Dunaye for more information.

He can be reached via email at [rod\\_dunaye@scps.k12.fl.us](mailto:rod_dunaye@scps.k12.fl.us) or via phone at 407-746-7900.

## Eastbrook Local News: Primary Classes

We hope you and your family enjoyed your Thanksgiving holiday with family and friends. The children have been sharing stories of family gatherings and our sumptuous feasts. Before we went on holiday break we discussed what we might be eating during our Thanksgiving feast. Many children shared that they loved apple pie and stuffing but were not so fond of the turkey. Perhaps they may have felt some sympathy for our poor turkey friend? We hope the children shared with you the many songs and finger plays we have learned, i.e., 10 Little Indian Girls & Boys, and 4 Fat turkeys are we (we slept all night in the tree).

Through the month of December we will continue to work on fine motor skills, i.e., puzzles, playdough, manipulative counting and stringing beads, etc. For those students who will be transitioning to kindergarten next year we will be concentrating on handwriting activities especially on writing their names correctly by using only one initial cap followed by smaller case letters, for example: John (not JOHN). Please practice writing your child's name correctly at home.

Since December continues with all the magical holiday joy, we hope to capture that joyfulness towards new learning. Mr. "J" plans on arriving right on time with his "jingle-jingle jacket" from Letter People Land. He is bringing his jingle bells for our own jingle bell parade. Mr. R will follow with many Reindeer tales especially the most famous of all - Rudolph! Mr. R has a fondness for rainbows and will be bringing his many colored scarves for his own Rainbow Parade!

We hope you enjoy sharing with your child all the joy and happiness this season brings as much as we do! We wish you and your family the warmest holiday wishes and will see you again when school resumes on January 6, 2020.

(Please note that **early release begins on December 17 and continues through December 19**. The children will be dismissed by 1:00. There is no school on **Friday, December 20<sup>th</sup>**.)

**K** December is an exciting time in Kindergarten. Our reading and language framework continue with rigor and differentiated instruction. We will focus on fiction/nonfiction, compare and contrast, story plot/ setting, and problem solution. As you review your child's classwork and journal entries, please praise your child for their reading and writing progress. Simple c-v-c (consonant-vowel-consonant) words are a great place to start.

In math, we will continue to learn about 2D (flat) and 3D (solid) shapes. You can help your child practice these skills by identifying shapes around the house or the store. Discuss how they can move (roll, stack, slide), how many sides and vertices they have, and how you can use the shapes to create other objects.

Our social studies unit will focus on Holidays Around the World. The kindergarten students will travel to other classrooms for this unit to learn about the diverse customs celebrated at this time of year.

Our month will conclude with a Holiday Party. More information to come and volunteers will be needed. You will need to be an approved Dividend to help out at the party as well.

The kindergarten team would like to wish everyone a wonderful Winter Break and a Happy New Year!

**1**

Happy December, First Grade Families! We hope you had a wonderful Thanksgiving with your family and friends. We know the holiday excitement is starting to build so please maintain normal routines as much as possible in the weeks leading up to winter break. Children need predictability and consistency as we will continue to work hard in December. If you haven't done so, please be sure to send in the First Grade Activity Fee so that we may continue with the activities and fieldtrips as scheduled.

In Reading, we will identify the author's reasons for including information in a text. We will also connect information both within a text and across several texts. In Writing, we will finish up our informational compositions and learn to write explanatory texts.

In Math, we will understand more about place value in two-digit numbers. In Science, we will learn about our sky and stars which is always an exciting unit. We will discuss various holidays and festivals around the world in Social Studies. We will also review maps and a variety of landforms that make our Earth.

As you are making your December plans, please keep in mind that December 17<sup>th</sup>, 18<sup>th</sup>, and 19<sup>th</sup> are Early Release days with a 1:00 P.M. dismissal. December 20<sup>th</sup> is a teacher planning day and there is no school for students. Please have an enjoyable, restful holiday break and Happy New Year and as always, we thank you for your support!

**2**

We will have a short month in December due to our holiday break. We plan on having a Winter Celebration before we leave for break and will be looking for volunteers as well as donations to make the celebration a success. We will still have homework and encourage you to continue to support your child as they read, practice the sight words from the homework and work on math flashcards. We are comparing similar texts and continuing to look for evidence to answer the questions about what we have read. We are encouraging your student to look at the details. We will be working on adverbs in grammar, since we have already covered nouns, verbs and adjectives.

In math we are moving from shapes and attributes to bigger and better things as we start 3-digit addition and subtraction with a big focus on word problems.

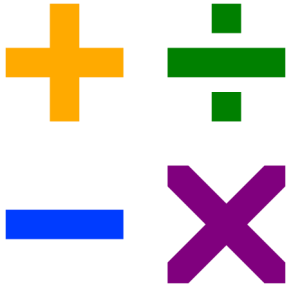

In science we continue with Energy. We have enjoyed learning about the United States of America symbols, and Native Americans and Pilgrims in social studies.

Good readers get that way through practice. Set aside some time each day to read with your child, ask them questions and share a good book. You could also take this opportunity to practice good old-fashioned flash cards for math, or work on the site math-drills so that your child is fluent in that area as well. You will enjoy the time spent with each other.

Thank you for your continued support. If we work together, we can help your child become all that they can be.

## Eastbrook Local News: Intermediate Classes

**3** December is here and our 3rd graders have been working hard! In ELA, we've been reading several informational articles and reviewing text structure, main idea and details, and author's point of view. We will be diving into informational writing this month and focusing on analyzing writing prompts.

As we wrap up our multiplication and division unit in math, please make sure your child continues to practice their math facts at home throughout the school year, as knowing their facts fluently is the goal by the end of third grade. Understanding fractions is our next unit of focus. Students will be learning how to identify and represent, and compare fractions using various strategies.

In science we have been learning about types of energy and will be focusing on light energy! Students have also been learning about the U.S. regions and the purpose of government.

We would also like to take this opportunity to thank our Dividend Volunteers who accompanied the third grade on our trip to LEGOLAND last month. We couldn't have done it without you.

Have a wonderful holiday break!

**4** Winter is here and we have been working very hard in 4<sup>th</sup> grade! In Language Arts, students have continued to learn about the writing process, and have now written both informational and opinion essays. We will continue to work on these skills over the next few weeks. Soon, we will begin working on non-fiction texts, discovering main idea and understanding the difference between firsthand and secondhand accounts.

In Social Studies, students are working on a big project that is going to answer the question "Why Did Spain Settle St. Augustine?" We are enjoying learning about Florida history as we prepare for our upcoming St. Augustine field trip in February!

In math classes, fourth graders have been learning strategies to generate equivalent fractions and compare fractions. They will now use those skills to add/subtract fractions and build line plots to interpret fractional data. Fluent multiplication helps with these concepts so continue to practice basic math facts using games or flashcards!

Our St. Augustine trip is rapidly approaching, and we have a bit of money left to raise before we will be able to go on this amazing adventure! Please make sure you get your permission slips and payments into your student's teacher before the December 19th due date. Also, there will be lots of information coming home regarding celebrations, half-days and more over the next few weeks so please be sure to check your child's binder regularly for upcoming events. Thank you for your continued support.

### Reminder from our School Board Nurse

**Seminole County Medication Policy** requires that for any prescription or over the counter medication to be given at school to an elementary student, an authorization (form 157) must be filled out by the physician and signed by the parent. Medication is to be signed in to the clinic by the parent or designated adult and not sent with the child. Medication will not be signed in without a completed authorization.

State law does allow for certain emergency medications such as asthma inhalers and epi-pens to be carried and self-administered with the appropriate authorization from the physician and parent. For the complete [medication policy](#) and required forms please visit SCPS website and go to Health Services under the parent tab.

Do you have questions about any of our policies?

Eastbrook's School Board Nurse is Suzanne Leibkuchler, and she can be reached via email at [leibkusz@scps.k12.fl.us](mailto:leibkusz@scps.k12.fl.us).

Our clinic nurse, Nadine Bernard, can be reach via phone at 407-746-7906 or via email at [bernarnz@scps.k12.fl.us](mailto:bernarnz@scps.k12.fl.us).

**5** Fifth Grade has been working hard! In Reading students have been working on relationships in historical texts. Ruby Bridges has been the topic as the students have really dug into a variety of articles from different points of view. In addition, they have been learning about first and second hand accounts. In Writing they are focusing on the introductory paragraph and the 1<sup>st</sup> PEELEEL paragraph by following specific steps. Students are also practicing elaborating on the evidence.

In Math students have been working on multiplying and dividing decimals and using a variety of strategies when doing so. In Science the unit of force and motion has ended. The next unit's topic is space exploration and the solar system.

Please help us to be sure that students are getting their 46 minutes of iReady in Reading and Math each week. Students have time in class. However, if they are absent or if they do not have their 46 minutes by Thursday, we suggest that they work on it at home.

Thank you for your support!

**PE** Happy Holiday! We hope you are looking forward to the holiday season. We finished up the Kid's Heart Challenge and we are excited about all the good things our families have done to help children and adults who are affected by heart disease. As a school we raised \$2851.06. Our top money earner was Rhys Bailey with \$270.78 and our top class was Ms. Roupe with \$615.78. Way to go Eastbrook!

We have also concluded our Magic Fit Challenge. Our students have been performing exercises that are provided by the Orlando Magic trainers. As a result, the Orlando Magic is providing one ticket to a game for each student. The tickets should come in soon and directions on how to use them will be included with the tickets.

Our Country Western Day is on December 6<sup>th</sup>. Hopefully your family will be able attend this wonderful annual event. Don't forget to bring your dancing shoes (or boots) with you. Also, our cross-country season has begun. We are excited about watching our runners do their personal best at each meet.

We will also look forward to seeing you and your family after the break. Until then have a happy and healthy holiday season.

In STEM we are finishing our fall challenges. Fifth graders are making a bridge from q-tips, pipe cleaners, and craft sticks to learn about structural efficiency. Fourth graders are learning how pulleys are used as a simple machine to move heavy objects. They are creating a pulley system to raise a pumpkin. Third graders are examining bat's wings, how they are similar and different to a human's arm. They will create a pair of bat's wings that are symmetrical. Second graders are busy working on a pumpkin stand to show how gravity pulls objects to the center of the Earth unless something holds it up. First graders used a budget of \$20 to buy materials to make a wagon that can haul 20 candy pumpkins. And finally, kindergarten will learn about scarecrows and how they help farmers.

Next month we will explore Native American homes. Each grade level will build a home from a specific region of North America. We will discuss how the homes from each region were built with the materials found in nature.

Thank you for the supplies that have been sent in so far.

### Media Center

Happy Holidays from the library!

Thank you to everyone who participated in, volunteered, or donated to this year's book fair! We hope you found Waldo, as well as some really wonderful books to take home! We soared past our expectations, exceeded our goals, and now our students have approximately 1,325 new books! Through your generous donations to students and teachers, we were even able to purchase new books for our school library! Thank you all!

Enjoy the time off with your loved ones! We'll be jumping back into the Sunshine State Young Reading Award books in January.

Sasha Klimchok

407-746-7951

[klimchsz@scps.k12.fl.us](mailto:klimchsz@scps.k12.fl.us)

### Art Corner

I hope you all had a happy and restful fall break!

This month we are finishing our winter art projects. We are working on snowmen, polar bears, hot chocolate cups, and winter landscapes and portraits.

There is another art show this month from December 11-18<sup>th</sup>. I will send home more information with the students that have art in the show.

I hope you all have a wonderful winter break! Happy holidays!

Jordan Senarens

[senarejz@scps.k12.fl.us](mailto:senarejz@scps.k12.fl.us)

Eastbrook is lucky to have a wonderful team of teachers and paraprofessionals that help serve our students with disabilities. These teachers and paraprofessionals work hard every day to make sure our students' needs are met.

Mercy Clark - Teacher (VE)

Kim Daly - Teacher (VE)

Kay Ernest - Teacher (PreK- VE)

Petra Fahnestock - Teacher (Gifted)

Kristen Howell - Teacher (VE)

Susan Crowther - Support Facilitator

Lori Marra - Paraprofessional (PreK-VE)

Karen Mayou - Support Facilitator

Karen Kersey - Paraprofessional

Liz Lopez - Paraprofessional

Diana Ponce - Paraprofessional

Andrea Rice - Paraprofessional

Lisa Levin - Speech Language Pathologist

Amanda Snyder - Speech Language Pathologist

### Music

The Eastbrook Music Clubs are excited about their upcoming performances at Eastbrook. The concert at is Tuesday, December 10<sup>th</sup>. The concert will feature singing, xylophones, ukuleles, and drums.

A big thank you to all who attended the Solar Bear Spirit Night. You helped raise over \$400 for the music program here at Eastbrook! We will be purchasing light up drumsticks called Firestix.

Did you know that making music engages and strengthens **brain-power**? Brain scans taken during musical performances show that virtually the entire cerebral cortex is active while musicians are playing.

Questions about our music program? Please contact Lisa Langston via email for assistance:

**December 2019**

**Edition 2019-4**

Hello Eastbrook Families!

Happy Holidays! I hope everyone had a wonderful Thanksgiving and a nice break from school. As we head into the winter holidays, I wish all of our Eastbrook families a wonderful holiday season and a very Happy New Year!

We are proud to announce that we will be sponsoring an in-school Holiday Gift Shop program the week of December 9<sup>th</sup>-13<sup>th</sup>. It is designed to enable the students to select their own special holiday gifts for their

family and friends. They have so much fun, they hardly know they are participating in this valuable learning program.

We will have quality gifts for the children to choose from, in all price ranges. The items include sports items, jewelry, novelties, mugs and much more.

Since the shop is set up at school and supervised by parents (registered Dividends), the atmosphere is warm, familiar and non-commercial. It gives the young shopper the opportunity of buying the gifts on his/her own, not to mention the learning experience of budgeting their money.

More information will come home soon. You will also be able to pay for a voucher for your child online, in order to eliminate the need for them to carry cash. If you would like to volunteer to assist the young shoppers, please contact LeeAnn at [leeannhinkenpta@gmail.com](mailto:leeannhinkenpta@gmail.com).

Please join us for a brief PTA General Meeting on Tuesday, December 10<sup>th</sup> at 6:15PM in the Activity Center. This will take place right before the Chorus Concert. We will discuss upcoming events and the current financial position, and vote on a few budget changes. We

encourage all PTA members to attend.

**IMPORTANT DATES!**

- Mon-Fri Dec 9<sup>th</sup>-13<sup>th</sup> - Holiday Shop open during school hours
- Tue Dec 10<sup>th</sup> - 6:15PM - PTA General Meeting
- Thu Dec 19<sup>th</sup> - 5:30PM - Spirit Night at District Eat and Play
- Thu Jan 9<sup>th</sup> - 6:00PM - Math Night
- Sat Jan 25<sup>th</sup> - 2:00PM - School Carnival
- Mon Jan 27<sup>th</sup> - 6:30PM - Skate Night

Start off the winter break with a fun evening at District Eat and Play! Join us for our last Spirit Night of 2019 on Thursday, December 19<sup>th</sup>, beginning at 5:30PM. 15% of proceeds from food, combos and drinks will be donated back to Eastbrook Elementary PTA. This will be a great night for family fun, and there's no school the next day!

Don't forget to remind your kids to wear Eastbrook shirts on Fridays! You never know when the spirit crew will be at school with prizes for any student wearing an Eastbrook shirt! If you would like to purchase a shirt for your child, please contact any PTA board member or your child's teacher for an order form.

Thank you to everyone who has joined PTA for the 2019-2020 school year. We have 330 members currently, and we are still hoping to meet our goal of 400. It is never too late to join! Your membership helps our students at the local, state and national levels, and there is no obligation to volunteer. If you would like to join, contact your child's teacher or any board member for a membership form.

If you have any questions, comments, or concerns, please feel free to contact any board member at any time. Thank you for supporting PTA!
