Growing Gators at Allgood Elementary

Classroom Guidance

During the month of December, we are beginning our exploration of career pathways. I know... this sounds like a topic for high school, but we like to teach our younger students that there are countless jobs in the world. These jobs can be organized into 6 clusters: Health Services, Industrial Engineering and Technology, Human Services, Nature and Agriculture, Business, or Creative Arts and Communication.

The beginning of career education is knowing how to match your natural interests with a possible pathway. So, we talk to kids about what they enjoy doing. Do they like science, writing, building or fixing things, working with plants or animals, using computers, solving math problems, helping people, or performing? Whatever interest you have...there is a job for that!

CHARACTER KIDS:

COUNTY RECOGNITION

During the month of November, Allgood had the opportunity to recognize one of our Gators at the monthly Board of Education meeting for having outstanding character!

Congratulations to **Brenya Wigley**, a 5th grader at Allgood, for being honored at the county level for your School Pride! We are proud of you.

Allgood Helps Warehouse of Hope!

Our school is showing the spirit of generosity this month with a food drive to benefit Warehouse of Hope. This is an organization that provides a food pantry, along with other supplies, to families who need a little assistance. They are open year-round; however, this time of year can be especially difficult with the extra time at home over the holidays. Please consider sending in a few pantry items to donate. The class bringing in the most items will receive the gift of *ice cream!*
