

DeSSA Student Survey (Grade 11)

About the Survey

The objective of the DeSSA Student Survey is to collect information about the Smarter assessments and related activities. We are expecting that all students who have just finished the Smarter English language arts/Literacy and mathematics tests will take the survey. The survey results will be summarized at the state and district levels. No individual responses will be identified and/or used for other purposes.

Please follow the instructions from your teacher to (1) make sure that you are on the right survey for the grade that you are currently enrolled; and (2) enter the district code provided by your teacher in the Box below before starting the survey.

1. Enter your District Code:

Survey Questions

The survey consists of 10 questions. Read each question carefully, select the best response that accurately reflects your opinion, and indicate it in the corresponding circle.

2. In this school year, how often have you used a computer or internet to do school activities for learning, for example, working on an assignment or a research paper in school or at home?
