

Distance and Digital Learning at DLR

Dear DLR Families,

Welcome to our online learning center. Here are some basics you'll find helpful.

- **Clever/Google Accounts:** Our 1st – 5th students can log into their Clever account from the Camden County homepage. Navigate to the Students tab at the top and select Students. From the dropdown, select Clever Login. This will take your child to a Google log in screen. Your child's log in information is: firstname.lastname@gx.camden.k12.ga.us, with a private 6-digit password. For example, ali.myles@gx.camden.k12.ga.us with a password of 123456 (they know their password). From there they will be able to log in to IXL, Google Classroom, etc. [This presentation is an excellent resource to learn more about Google Classroom.](#)
