PHILOSOPHY

The faculty and administration of Dodge County High School and representatives from the community have worked together to design a comprehensive and innovative curriculum that will enable each student to develop to his or her maximum potential in a constantly changing society.

We believe that all students have a right to, and that we have the responsibility to provide, adequate training to enable them to understand their pasts, relate to the present, and prepare for the future. The school system must concern itself with the physical, intellectual, social, moral, and emotional development of each student. It must aim to enrich his or her cultural and aesthetic values and to provide him or her with the opportunity to develop proficiency commensurate with his or her ability, achievement, and future plans. The environment of the school should be supportive of student effort and should encourage individuality. It should emphasize that how to think is more important than what to think. Our ultimate goal is that each individual will become a responsible and contributing citizen in the democratic society he or she enters.

GOALS

Consistent with our philosophy, the National Education Goals, and the Dodge Partnership for Education Excellence, we set the following goals:

- To identify students most at-risk for dropping out and provide programs necessary for early intervention and risk reduction.
- To maintain or increase student test scores on the Milestones Tests to be equal to or greater than the state and national averages.
- To implement additional programs such as McDonald's Perfect Plus and the "Do the Right Thing" Programs that recognize and reward positive student citizenship.
- /
- To emphasize innovations, equipment, and competitions in the areas of math and science and to become competitive on a regional and state level, thus, encouraging our students to be among the first in the world in science and mathematics achievement.
- To ensure an environment conducive to learning that is free of drugs and violence.
- To provide through required courses, opportunities for students to arrive at a basic understanding of citizenship and its responsibilities in order to develop an awareness of the principles of democracy and opportunities for practical application of these principles.
- To provide through required courses, experiences through which students will develop basic knowledge, skills, attitudes, and values essential and meaningful to all in a democratic society.

- To provide through a broad range of elective courses, experiences through which students may develop specialized skills for post-secondary education, employment and life roles.
- To provide for individual differences through special instructional programs for all exceptionalities.
- To provide experiences to aid in the physical, social, and emotional growth and development of each student.
- To provide opportunities for cultural enrichment through curricular and extracurricular activities.
- To provide guidance services adequate to enable each student to make realistic plans for his or her educational and vocational future.
- To provide necessary counseling services to help students deal with family, peer, and/or personal problems in a healthy manner.
- To provide a student activity program that will enable students to pursue individual interests, develop leadership qualities, and practice democratic policy.
- To provide a well-equipped media center that will enhance the instructional program.
- To expose students to new trends in technology and provide opportunities for students to become skilled in the use of modern technology.
- To provide for the needs of the students and the community through a well-qualified professional staff committed to the implementation of the policies and programs of the school.
- To provide an environment conducive to learning in a school plant adequately planned, equipped, and maintained.
- To develop in each student an awareness of himself or herself as a person with unique abilities of definite moral and spiritual worth.

DODGE COUNTY SCHOOL SYSTEM MISSION STATEMENT

Where we are all about **DODGE**:

Dedicated to
Our
Desire to
Graduate
Everyone

SCHOOL PLAN

The aim of Dodge County High School is to promote a safe environment where all students have the right to learn in an orderly setting.

Any student involved in any gang/cult type activity or who is involved in any activity that causes or could cause problems at school is subject to suspension and/or expulsion. Likewise, any dress, emblems, jewelry, rags/bandanas/flags, etc. that symbolize involvement in any gang type activity are forbidden.

Clubs and student activities are designed for the enjoyment and enrichment of Dodge County High School students. All clubs and/or organizations are subject to the approval of the administration of Dodge County High School and the Dodge County Board of Education.

SCHOOL MISSION

The purpose of Dodge County High School is to prepare students to become lifelong learners with respect for themselves and others as they become productive citizens in our multi-cultural and technological society. Reflecting high expectations and strong community support, our competent staff accomplishes this purpose by providing a safe environment and curriculum that is both varied and challenging.

PARENTAL INVOLVEMENT

The DCHS administration and staff encourage parent involvement and participation in all aspects of the school's programs. DCHS is a "Distinguished Title I" high school. Parents are informed of events taking place at DCHS and are provided information regarding programs, meetings, student progress, and parent involvement activities via the school handbook, parent advisory and school council meetings, DCHS website, by letter, student agendas, and through the local media.

Copies of the Dodge Co. School System's Parent Involvement Policy and the DCHS Parent Involvement Policy are available to parents in the school's media center, at Open House, in the Dodge Co. Board of Education office, and the PIRC resource center.

PIRC (PARENTAL INVOLVEMENT RESOURCE)

Dodge County has the Heart of Georgia Parental Information and Resource Center (PIRC) available to help parents become actively involved in their children's education. It is one of the key program areas within communities in schools of Georgia. The center has a computer lab with internet access, parenting materials (books, videos, etc.), children's books for all ages, computer software, magazines, provides parenting workshops, and adult computer workshops.

REQUIREMENTS FOR GRADUATION PARTICIPATION IN DCHS GRADUATION CEREMONY

Graduation from DCHS is an honor that must be earned, and participation in the formal Graduation Ceremony is a privilege, not a right. The High School Diploma shall be the official document certifying completion of all requirements for high school graduation. To receive a diploma, a student must have (1) accumulated the appropriate number of Carnegie Units, (2) met attendance guidelines, (3) met grade requirements, (4) maintained good conduct, (5) completed ALL financial obligations to the school, and (6) be in good standing with the school. To participate in the Dodge County High School Graduation Ceremony, candidates must have completed all requirements by 8:00 am on the first day of official graduation practice on May 22, 2023.

Graduation practice is mandatory, and a student may be excused only by having permission from the principal. Failure to follow and/or to comply with school rules, regulations, and procedures during practice and/or graduation may result in a student being dismissed from graduation practice and from participation in the graduation ceremony.

Only students enrolled at Dodge County High School can participate in the DCHS Graduation Ceremony. A student who attends the Performance Learning Center (PLC) may transfer back to DCHS only on the first day of a new semester and only if the student is on track to graduate with his graduating class.

For a senior to be eligible to transfer back from PLC to DCHS to participate in the DCHS Graduation Ceremony and to receive a DCHS diploma, a student must have met the criteria stated in 1-6 in paragraph one and be on track (have at least 19 completed credits) by the first day of the second semester (per the Dodge County School System calendar --- January 6, 2023) of his or her senior year. A PLC student that finishes his or her senior year and completes all credits/requirements at the PLC will receive a PLC Diploma and will not

participate in the DCHS Graduation Ceremony nor will he or she be eligible to receive a DCHS diploma.

The only stoles that may be worn by graduating seniors at Graduation is the Honor Graduate stole and a Military stole.

CTAE Pathway Completers are students who have successfully completed coursework from an articulated sequence of rigorous career-related courses in a specific area of study. These students may earn a cord when they complete the required three courses **and** pass an industry End of Pathway Assessment (EOPA). JROTC students must complete **and** pass course levels 1-4 of the JROTC program.

Advanced Academic Pathway Completers are students who have successfully completed coursework from an articulated sequence of rigorous courses in a specific area of study. These students may earn a cord when they complete the required courses in English/Language Arts, Mathematics, Science, or Social Studies. Upon graduation, students earn an advanced academic pathway when they complete the required coursework to include at least one AP or one IB or one Dual Enrollment course. An advanced academic pathway should also include at least two credits in one world language. AP, Dual Enrollment and Georgia Virtual School courses may be available.

Fine Arts Pathway Completers are students who have successfully completed coursework from an articulated sequence of rigorous courses in a specific area of study. These students may earn a cord when they complete the required courses in Visual Art, Dance, Music, Journalism, or Theater. Upon graduation, students complete a fine arts/performing arts pathway when three courses have been successfully completed in any one of the five areas.

Community Achievement Diplomas shall be awarded to pupils assigned to a special program who take the Georgia Alternative Assessment (GAA) State Graduation Test and complete all of the requirements of their Individualized Education Program.

Through all of these requirements, our goal is for each student to be successful and to receive a diploma.

GEORGIA MILESTONES

Beginning with the 2014-15 school year, the Georgia Milestone Assessments Tests will be administered in specific classes. Students are required to take the Georgia Milestones Assessments, and the grades will count as 20% of the final grade for the classes in which the tests are administered.

DCHS DUAL ENROLLMENT (DE) GUIDELINES

The Dual Enrollment (DE) Program provides high school students the opportunity to earn dual credit by enrolling in eligible participating postsecondary institutions while in 10th – 12th grades. Students in the 11th or 12th grade may take any approved Dual Enrollment courses at an eligible participating postsecondary institution (USG, TCSG or private). Students in the 10th grade may enroll in Career, Technical and Agricultural Education (CTAE) courses at a participating **TCSG institution only**. **High achieving students in the 10th grade** with a SAT score of 1200 or an ACT score of 26 **prior** to the first day of the academic school year may enroll in any approved Dual Enrollment courses at a TCSG, USG or private eligible participating postsecondary institution – **No exceptions**. **Self-pay dual credit courses are available upon acceptance to a USG, TCSG, or private institution** Students designated by their high school pursuing High School Graduation Option B (SB2) for high school graduation as of Spring term 2020, may enroll in any approved Dual Enrollment courses at a TCSG, USG or private eligible participating postsecondary institution. **Students in the 9th grade are not eligible to participate in Dual Enrollment Funding Program – No exceptions**. Students who participate in the DE Program **must** meet the requirements for high school graduation. The alternate High School Graduation options are as follows:

- An eligible high school student shall meet the following requirement, in order to be awarded a high school diploma. If following option B, the student must receive a score of admission acceptable on the readiness assessment required by the eligible postsecondary institution:

TRADITIONAL STUDENT: Attends high school only and completes regular graduation requirements. A traditional student has not participated in DE at any time during his/her school career.

OPTION A (DE, but not SB2): (1) Earns one secondary credit in State Board identified high school courses that culminate in a state administered end-of-course assessment in each of the following subject areas: English/Language Arts, Mathematics, Science and Social Studies. Eligible high school students must participate in the appropriate end-of-course assessment. (2) However, State Board of Education Rule 160-3-107 TESTING PROGRAMS – STUDENT ASSESSMENT (2)(j)1 establishes certain exemptions from end-of- course assessments. (3) Earns one secondary credit in health and physical education. (4) Completes approved postsecondary courses that satisfy high school graduation requirements. (5) Earns the requisite credits required by State Board of Education Rule 160-4-2-.48 High School Graduation Requirements for Students Enrolling in the Ninth Grade for the first time in the 2008-09 school year and subsequent years (may or may not be degree seeking).

OPTION B (SB2): (1) Earns two secondary credits in state required 9th and 10th grade level school courses or their equivalent: **two English courses, two mathematics courses, two science courses, and two social studies courses; and any state required tests associated with any such course**. (2) Students pursuing a high school diploma according to the provisions of (2)(g) of this rule **must successfully complete**

and pass the following courses and participate in the specified end-of-course assessment: Algebra I or Coordinate Algebra, and Biology, and American Literature and Composition. (3) Earns one secondary credit in health and physical education. (4) Completes one of the following post-secondary requirements: **A)** An associate degree program; **B)** or a technical college diploma program and all postsecondary academic education and technical education and training prerequisites for any state, national, or industry occupational certifications or licenses required to work in the field; or **C)** at least two technical college certificate of credit programs in one specific career pathway and all postsecondary academic education and technical education and training prerequisite for any state, national, or industry occupational certifications or licenses required to work in the field as determined by the Technical College System of Georgia. **D)** A student who meets the requirements shall be deemed to have met all graduation requirements of the State Board of Education and shall not be subject to any courses or assessments otherwise required for purposes of graduation. **E) Students taking one or more dual credit courses pursuant to this Code section shall not be EXCLUDED from eligibility determinations for valedictorian and salutatorian at DCHS; however, this shall not apply to a high school student who moves into Dodge County school system after his or her sophomore year and has not taken any courses on site at DCHS.**

- Course credits required for high school graduation can be earned through high school, DE, or a combination. Students also have the option of earning up to three courses through the test out option. Students **cannot** earn DE credit for any course credit earned through the test out option. It is the responsibility of the student, parents, and DE advisor to cross-reference course numbers to ensure dual credit is possible. *Some courses required for high school graduation are not available at all postsecondary institutions for dual credit and must be taken at the high school in order to graduate from high school.*
- **Approved DE courses** - Approved courses will include all courses in the five core academic areas (English, math, science, social studies and world (foreign) languages), that are currently used to calculate high school HOPE GPAs, plus Career, Technical and Agricultural Education (CTAE) courses at eligible participating postsecondary institutions, and eligible Self-Pay courses. Colleges and DOE work together to determine course equivalencies.
- The new approved courses will be listed in an updated Dual Enrollment Approved Course Directory.
- Students are required to take the following courses and complete the required Milestone tests per state testing guidelines: Algebra I or Coordinate Algebra, and Biology, and American Literature and Composition. These required courses can be taken at DCHS or through an online option. However, if the student chooses to take the required courses

through a venue other than DCHS, it will be at the student's/parent's expense. **Please Note:** American Literature may be taken at the college, but English 1101 and 1102 are prerequisites for the college level American Literature course.

- DE students enrolled in required Milestone courses at an institution of higher learning are **exempt** from taking the Milestone test for the course: U.S. History.
- Students must complete all DE documents by the **first day of school** of the participating school year in order to declare dual enrollment status and participate in DE. **No student can enter the DE Program once the school year has begun.**
- A student **cannot** take a DE course beyond his/her fourth year or beyond his/her graduation date, whichever comes first.

Important to Note:

Participation in DE does **not** exempt the student from the requirements for high school graduation. DE does provide, in some cases, the opportunity to earn dual credit for some courses taken at a participating postsecondary institution. **The participating high school determines if the postsecondary courses match high school courses for dual credit. A Dual Credit Enrollment student seeking a high school diploma who is enrolled in postsecondary coursework as a Joint Enrollment student is *ineligible for DE Program payment for coursework that the Eligible High School will not accept as secondary credit.***

The DE Course directory may be found on GAFutures.org. In addition, students and parents should know:

1. Students are **REQUIRED** to have two units of the same foreign language, one half unit of speech, **and** one unit of Introduction to Business Technology (**along with other GPA requirements**) in order to earn **Honor Graduate status at DCHS**. Some of these courses can be taken at the participating postsecondary institution **if** the course numbers are aligned to the corresponding high school course numbers.
2. NCAA requires mathematics core credits in Algebra I or Coordinate Algebra, Geometry or Analytic Geometry, and Algebra II or Advanced Algebra and one higher level math approved by NCAA for a total of four core credits for students seeking NCAA eligibility.
3. Prior to participating in the DE Program, the student and student's parent(s)/ guardian(s) will:
 - (i) Sign an advisement form provided by DCHS acknowledging a complete understanding of the responsibilities assumed by the student while participating in the DE Program.
 - (ii) Attend the annual advisement session with the DE Counselor prior to enrolling in the DE program. Students must have prior approval from DE Counselor before making any course/schedule changes once the quarter/semester begins.

(iii) Complete the Georgia Student Finance application prior to the semester the student participates in DE. The new online student application in GAfutures released mid-March 2020 for summer term and after. Applications may be completed by high school students. The high school and postsecondary institution must approve the student's online application prior to the term.

If all of the above criteria are not met, the student will not be considered a DE student and college fees will not be covered by Georgia Student Finance.

5. Averages for honor graduates and senior class rankings will be calculated at the end of the third nine weeks grading period according to Dodge County High School's calendar. Seniors enrolled in the DE program should be aware that credits for semester classes taken during the second semester will not be calculated for honor graduates and class rankings. Seniors enrolled in the DE program and attending an institution of higher learning on the quarter system will have credits earned third (3rd) quarter included in calculations for honor graduates and class rankings *when* grades are available from the institution of higher learning.
6. DE students will receive five (5) quality points for each academic dual credit course passed at an institution of higher learning.
7. DE students are eligible for top honors, including Valedictorian and Salutatorian. Grade classification, class rankings and honors eligibility will be determined as follows (BOE Approved 9/25/17):
 - A. Georgia Department of Education determines a student's expected four-year graduation date based on the date the student entered ninth grade. Therefore, grade classification, class rankings, and honors eligibility will be based on the student's ninth grade enrollment date unless the student declares his/her intention to graduate earlier than his/her ninth cohort.
 - i. A sophomore is any student with at least 5 Carnegie units **and** a second year high school student.
 - ii. A junior is any student with at least 11 Carnegie units earned **and** a third year high school student.
 - iii. A senior is any student with at least 17 Carnegie units **and** a fourth year high school student.
 - B. If a student has the required Carnegie units and chooses to **graduate early**, the student must complete the required paperwork to declare early graduation **and** senior grade level classification **before the first day of school** of the intended graduation year. The student will then be classified as a senior for class rankings and honors eligibility. For more information, please contact the DCHS counselor's office.
 - C. The top four honor graduates, including the Valedictorian and Salutatorian, represent the best performance in our local high school; therefore, students

considered for these honors must be enrolled in Dodge County High School for the last four consecutive semesters.

i. Valedictorian

The Valedictorian will be the student who meets the qualifications for senior status who has been enrolled in DCHS for the last four (4) consecutive semesters, meets honor graduate requirements and who has the highest GPA. The student with the highest numerical average will be the student reported to Georgia Student Finance as the Valedictorian.

ii. Salutatorian

The Salutatorian will be the student who meets the qualifications for senior status who has been enrolled in DCHS for the last four (4) consecutive semesters, meets honor graduate requirements and who has the second highest GPA. The student with the second highest numerical average will be the student reported to Georgia Student Finance as the Salutatorian.

- D. In the absence of a numerical grade on the college transcript, letter grades will be converted to numerical grades as follows:
A = 4.0 = 95 B = 3.0 = 85 C = 2.0 = 75 D = 1.0 = 70 F = 0 = 55 WF = 55
Additional details may be obtained by contacting the DCHS DE Counselor at 478-374-8262 or by visiting the link below:

<http://www.gadoe.org/Curriculum-Instruction-and-Assessment/CTAE/Documents/DE-StudentParent-FAQ.pdf>

Withdrawing from a DE Course:

- Before a DE course can be dropped, the student must notify the DE Counselor at the high school in writing as well as by phone for approval. Failure to notify and receive approval from the counselor will result in a failing grade and zero credit being recorded on the high school transcript.
- If a student withdraws from any or all DE courses, the student must immediately (within the same term) enroll in the correct corresponding high school course and must be in a **full schedule of courses**. If a student withdraws from any or all DE courses mid-term, the student may not be able to receive the appropriate Carnegie units due to the year-long class schedule at DCHS.
- Effective Summer term 2020 (FY2021), a student **may not** receive funding for the same course twice. **Courses cannot be retaken and receive funding.**
- Effective Summer term 2020 (FY2021), a student becomes ineligible to continue to receive funding from the program after his or her second withdrawal.
- GSFC will consider extenuating circumstances with withdrawals or retaking a course. Students applying for extenuating circumstances will present their request to the GSFC Board of Commissioners, but it is expected that such circumstances might include circumstances related to a serious illness or injury or death of an immediate family

member during the term of the withdrawal or attempt of course to be retaken.

- A student may submit an Extenuating Circumstance Appeal Request with supporting documentation and approval from the high school and postsecondary institution.
- Appeals do not extend or add additional hours of funding. The 30 semester/45 quarter hour funding cap still applies.

DE Status Requirements:

- **Full-time Status at College or Technical College** – A DE student who is enrolled in four courses (12-15 credit hours). Full-time status is defined as any DE student taking four or more courses (12 – 15 credit hours) per semester or three or more courses per quarter.
- **Part-time Status** – A DE student who is enrolled in 11 hours or less and attends part of the day at the high school. The part-time student should be enrolled in a minimum of at least **six different courses**. Each DE course can only be counted as one course and thus, each DE course can only fill one segment of the student’s high school schedule. **Any DE student taking less than four or more courses (12 – 15 credit hours) per semester or three or more courses per quarter, must be enrolled in the appropriate number of courses in order to earn full local FTE funding.**
- Participation and funding is capped at 30 semester or 45 quarter hours for all first-time students effective Summer term 2020 and beyond.
- If a student has received Dual Enrollment funding for 18 semester/27 quarter hours or less through Spring term 2020, the 30 semester/45 quarter hour funding cap applies.
- If a student has received Dual Enrollment funding for 19 or more semester/28 or more quarter hours through Spring term 2020, the student may receive an additional 12 semester/10 quarter hours.
- If the student is designated by their high school as a High School Graduation Option B (SB2) student effective Spring term 2020, the student will be allotted the hours needed to complete their pathway.
- After reaching the 30 semester/45 quarter hour funding cap, a student may choose to continue pursuing college credit through a joint or dual enrollment arrangement at his or her own expense.

After a student reaches the state-funded Dual Enrollment funding cap of 30 semester/45 quarter hours:

- Students may choose to self-pay for additional courses.
- Students pursuing a program of study in one of the 17 high-demand industry areas eligible for HOPE Career Grant may use HOPE funding as a “bridge.” The student must meet all eligibility requirements of the HOPE Grant Program, including residency, citizenship, and all academic requirements. Students may be responsible for any charges not covered by the HOPE funding.
- Students pursuing a high school diploma through High School Graduation Option B (SB2) may use HOPE Grant funds in pursuit of the two certificates or diploma required for high school graduation. Students’ program of study may qualify for HOPE Career Grant as well. This “bridge” funding requires the student to meet all eligibility

requirements of HOPE Grant. Students may be responsible for any charges not covered by the HOPE funding. The course credit hours will be applied to the 63 semester Paid-Hours limit and the grades will be included in the HOPE GPA calculation.

- DE student transcripts will reflect each approved course name, grade, and course unit credits earned for each course taken as a Dual Credit Enrollment student as follows:
 - One to two semester credit hours = .5 course unit
 - Three to five semester credit hours = 1 course unit
 - One to three quarter credit hours = .5 course unit
 - Four to eight quarter credit hours = 1 course unit

Other DE Topics:

- **Failing a DE course at End of Semester/Quarter** – When a DE course is failed, the student is **not approved to take the same course again** under the DE program. The student can be approved to take the same course as a credit recovery course via an approved online resource, at the student’s expense if available, or through the regular course at the high school. All online courses must have prior approval of the DE Counselor.
- **Transportation and Additional Expenses** – The student and the parent(s) must provide their own transportation for classes taken on the college campus. Items **other than** tuition, mandatory fees, and books are the responsibility of the student and parent/guardian under the DE Program.

Graduation:

- If completing his/her courses prior to the original DCHS graduation date, the student must coordinate with the DE Counselor to ensure he/she is eligible to graduate early.
- Graduation may be delayed and GPA will be impacted if a student either fails or withdraws from a course needed for graduation. The student may not be able to enroll in a high school or college course that will allow them to graduate on schedule. At many colleges, courses are offered on a rotational basis; therefore, not every course is offered every semester. At DCHS, most courses are year-long courses; therefore, a student cannot enter a course mid-term and receive full credit.
- If completing SB2 – Option B, an associate degree, technical diploma or two technical certificate programs in a career pathway and all training prerequisites for any state, national, or industry occupational certifications or licenses required to work in the field.
- A DE student must meet the Georgia requirements for high school graduation before graduating from high school regardless of how many postsecondary credits earned.

Please note:

1. DE classes attended on the college campus follow the college calendar and DE classes attended on the high school campus during their scheduled school day follow the high school calendar.
2. Students participating in DE college courses should do so with the knowledge that

the course work may be more rigorous and challenging than high school courses. Students are held to a higher degree of independent responsibility and accountability than in regular high school classes.

3. Students may be responsible for additional costs, such as course or lab fees/supplies, and/or fees charged for late or damaged textbooks.

4. Only full-time DE students are eligible to take PE at any USG institution. PE classes are not available to DE students at TCSG institutions. Students must check with private institutions for their policies.

*Guidelines, rules, and procedures are subject to change based on Georgia legislation, Georgia Department of Education policy, Georgia Student Finance Commission guidelines, rules and regulations, and Board of Regents and Technical College System of Georgia regulations. Important Update for Dual Enrollment from Georgia School Finance Authority
Effective June 13, 2019

There is now a funding maximum of 15 semester or 12 quarter hours per term. Note that many TCSG and USG institutions do not charge tuition after 15 hours, but these extra courses cannot be listed on the funding application. It would be up to students to inquire at the institution about taking courses beyond the 15-hour limit. Please note that Dual Enrollment is not free and that sometimes there are additional fees.

HOPE SCHOLARSHIP INFORMATION

Beginning with the Class of 2012, HOPE Scholars in the Single Diploma curriculum track must graduate from an eligible high school with a minimum of a 3.0 cumulative core grade point average on a 4.0 scale. Numeric averages are not accepted. Each grade that a student receives for attempted coursework (in English, Mathematics, Science, Social Studies, and Foreign Language) that would have satisfied a core curriculum graduation requirement for the Single Diploma if the student had successfully completed it, must be equated to a grade on a 4.0 scale, such that a grade of “A” equals 4.0, “B” equals 3.0, “C” equals 2.0, “D” equals 1.0, and “F” equals 0.

Grades in coursework that is classified as “Advanced Placement” or “International Baccalaureate” will be weighted by the Commission when calculating the grade point average for HOPE Scholarship Eligibility. Grades for Honors courses or other special courses will not be weighted by the Commission when calculating the grade point average for HOPE Scholarship eligibility. Quality Points are not calculated into the HOPE grade point average. Beginning with the Class of 2007 and beyond, the above requirements will apply to all HOPE Scholarship recipients, regardless of their year of high school graduation. This is subject to change per legislature.

All students must complete the Free Application for Student Federal Aid (FAFSA) on-line at www.fafsa.ed.gov to become eligible for the HOPE Grant.

HOPE Rigor Requirements Pursuant to HB 326/O.C.G.A. Section 20-2-157
Graduating Classes of 2017 and Beyond

Georgia Code 20-2-157 requires that certain rigor course credits must be earned in order for students to be eligible for a HOPE Scholarship. The requirements are as follows:

- 1) Advanced math, such as advanced algebra and trigonometry, math III, or an equivalent or higher course;
- 2) Advanced science, such as chemistry, physics, Biology II, or an equivalent or higher course;
- 3) Advanced Placement courses in core subjects (English, math, science, social studies, and foreign language);
- 4) International Baccalaureate courses in core subjects (English, math, science, social studies and foreign language);
- 5) Dual credit courses in Core subjects taken during Dual Credit Enrollment at an Eligible Postsecondary Institution;

- 8) For a complete course listing of rigor courses, please call Counselors at 478-374-8262.

Students graduating from high school **on or after May 1, 2017**, must receive **at least four credits** in courses from the above categories, prior to graduating from high school. Students may earn one or more credits in each category; provided, however, that an earned course credit may only be counted one time toward the credit requirement. If a course is assigned one-half credit, the student must take another half-credit course in the categories listed in order to satisfy one course credit requirement. Students should review the credits assigned to courses to determine satisfaction of the above requirements.

A brochure about the program is available in the Counselor's Office or at Internet Address: <http://www.gacollge411.org>. This program is dependent upon adequate funding from the Georgia Lottery for Education. Students should contact their Counselor for more information.

SEMESTER SYSTEM

At Dodge County High School, students may register for semester classes to earn ½ unit of credit upon successful completion or for yearly classes for a whole year to earn one unit of credit upon successful completion. Math, Language Arts, Science, Social Studies (except for American Government/Civics which is a semester class), and Career Tech classes are year-long classes. Courses may not be offered if enrollment is insufficient. Promotions are made at the end of the academic year. In order for a student to be promoted, he or she must meet the following guidelines:

- To be classified as a Sophomore, the student must be a second year student and have earned 5 units.
- To be classified as a Junior, the student must be a third year student and have a

total of 11 units.

- To be classified as a Senior, the student must be a fourth year student and have a total of 17 units, **unless** the student has met all high school graduation requirements to graduate in six high school semesters **and** completes the required paperwork to declare early graduation and senior grade level classification **before** the first day of school of the intended graduation year.

Designated courses must be taken in sequence. It is recommended that a student make up failed courses immediately in credit recovery, instructional extension, and/or summer school, when appropriate. If the student does not make up failed academic courses when appropriate and in a timely manner, the student will be scheduled in those courses at the beginning of the next school term. Students taking summer courses at another institution must receive prior approval from DCHS to insure proper credit.

EXAMINATIONS

The following schedule is recommended for all major tests (more than 20 minutes in length):

Monday	Music, JROTC, & Physical Education
Tuesday	English
Wednesday	Social Studies, Foreign Language
Thursday	Science, CTAE Subjects

HOMEWORK POLICY

Homework is an integral part of the educational process at Dodge County High School. Its purpose is to reinforce primary objectives encompassed through class discussions and/or activities. Therefore, the homework activities and amounts involved are left to the discretion of the teacher and are dependent upon the content studied and the intellectual ability of the class in question. Common sense and good judgment will be used by each instructor as assignments are made.

ACADEMIC INTEGRITY

Academic integrity is expected to be maintained at all times. Students caught cheating will be given a zero and not allowed to make up the work. Cheating can result in disciplinary action by the office. All incidents of cheating will be reported to the assistant principal's office for inclusion in the student's discipline file. Students should remember that any information taken from a written source must be appropriately documented. Failure to document appropriately will constitute plagiarism. Students who are unclear about assignments should get instructions from the teacher in writing.

ACADEMIC CERTIFICATES

Academic certificates may be given for a 93 overall average or above for each individual subject.

GIFTED EDUCATION

In Dodge County and the state of Georgia, a gifted education student is defined as one who demonstrates a high degree of intellectual and/or creative ability(ies), exhibits an exceptionally high degree of motivation, and/or excels in specific academic fields, and who needs special instruction and/or special ancillary services to achieve at levels commensurate with his or her ability(ies). Many gifted education decisions and procedures are left to the discretion of our

local school system so that we may address the unique needs of our students and our schools. Testing for eligibility of referred students takes place in the late winter/early spring of each school year. If you have any questions regarding the referral and testing process, please contact your respective school's gifted coordinator or Mariella Douglas at the Dodge County Board of Education at (478) 374-3783.

EXEMPTIONS

Students that have no absences, sign-outs, late sign-ins, or tardies for each nine weeks will be designated as McDonald's Perfect Plus Recipients and may exempt their nine weeks exams if their grades are passing (70 or above). Any student in grades 9-12 who has attained a 90 or above average for the nine weeks in any class and who has not exceeded the attendance policy may be exempt from his/her nine weeks exam in that class.

PROGRESS REPORTS

Students will be issued progress reports near the midpoint of each nine weeks grading period. Teachers will issue progress reports to those students either failing or in jeopardy of failing for the nine weeks. **STUDENTS ARE TO HAVE THEIR PROGRESS REPORTS SIGNED BY THEIR PARENTS OR GUARDIAN AND RETURN THEM TO THE TEACHERS WHO ISSUED THE REPORTS.**

REPORT CARDS

Students will be issued report cards following each nine weeks marking period (45 school days). **STUDENTS ARE TO HAVE THEIR REPORT CARDS SIGNED BY THEIR PARENTS OR GUARDIAN AND RETURN THEM TO THEIR ADVISORS.**

The report card will present a record of the student's grades and attendance according to the following schedule:

A (90-100) Superior	C (70-79) Average	I Incomplete
B (80-89) Good	F Failure (below 70)	NC Excessive Absences

Any student that receives a Non-Credit (NC) due to excessive absences must clear all NC's **immediately** following the receipt of the NC by attending the appropriate number of make-up days and pay appropriate fees established by the local BOE. Students requesting special consideration must adhere to appeals procedures. If the student does not make up all NC's immediately following the receipt of the NC, students will be rescheduled in those courses at the beginning of the next school term.

QUALITY POINTS

Quality Points will be awarded for all classes that exceed the graduation requirements necessary to meet the College Entrance-Academic Diploma. These points will be added to the student's cumulative average each nine weeks for his or her willingness to exceed requirements

for educational excellence.

Quality Points will be awarded for academic classes that exceed the graduation requirements necessary to earn a high school diploma. These points will be added to the student's cumulative average each nine weeks.

Quality Points will be awarded as follows:

Honors/Gifted classes	2 points
Advanced Physics, Anatomy & Physiology	2 points
Advanced Placement and/or Dual Enrollment Academic Courses	5 points

Report card averages will reflect student's average with the Quality Points already included. If a student's Quality Points cause his or her average to exceed the maximum score of 100 points, the score will still reflect the Quality Points. (For example, the student earns an average of 97; however, with the addition of his five Quality Points, his report card will read 102). All DCHS cumulative averages, grade point averages, and class rankings will be figured with the addition of quality points. Quality Points will not be calculated in the HOPE Grade Point Average.

No Quality Points will be awarded for summer school. Classes that are awarded Quality Points may vary from year to year based on course offerings.

HONOR ROLL

Students obtaining a 90 or above average in each high school level subject per grading period will be issued a Great Oaks Bank Goal Card recognizing honor roll status. This card will allow students admittance to all school games and designated events free of charge. Should a student's grade drop below an A in any subject, the student will be required to surrender his or her cards.

AB HONOR ROLL

Students obtaining A's and B's in each high school level subject per grading period will be issued a Great Oaks Bank AB Honor Card recognizing AB honor roll status. This card will allow students admittance to several school games and designated events free of charge. Should grades drop below A's and B's in any subject, students will be required to surrender their cards.

HONOR GRADUATES

Beginning with ninth graders who enter high school in the 2013-14 school year and beyond, to be eligible to be an Honor Graduate, a student will have earned **two units of the same foreign language, ½ unit of speech, one (1) full unit of Introduction to Business Technology, and** earned an overall academic average of 94.

A student who does not have a 94 average, but who has maintained a 90 average and has a score of 1260 or better on the verbal and math sections on the SAT, or a composite score of 26 or better on the ACT, and has met all requirements will be considered an honor graduate. Averages for honor graduates and class rankings will be calculated at the end of the third nine weeks grading period according to Dodge County High School's calendar. All classes are calculated when determining class rankings. Seniors enrolled in the DE program should be aware that credits for semester classes taken during the second semester will be calculated at the end of the second semester. All honor graduates including the first four honor graduates will be determined at the end of the third nine weeks grading period. Honor graduates will not be exempt from final exams unless they have a 90 overall average or above in each individual

subject.

The Georgia Certificate of Merit recipients (Ushers and Marshals -- top 5%) will also be determined at the end of the 3rd 9 weeks grading period and must have been enrolled at DCHS for the last two semesters.

LOITERING

Before and after school the buildings and parking lots are off limits to any student who does not have official business with a teacher or the office. The school building will not be officially open to students until 7:15 a.m. Students arriving prior to 7:15 a.m. must report to the picnic area or the cafeteria. Students need to remember that once they step on the campus or board a school bus, they are considered to be officially at school. Any student who leaves campus for any reason without following the appropriate checkout procedures will be subject to disciplinary action. The rule applies even if you leave before the first period starts.

School ends daily at 3:15 p.m. Students must leave the building by 3:30 p. m. unless they are involved in extracurricular activities and under the supervision of a staff member. Students are strongly encouraged to participate in extracurricular activities; however, students who are participating in activities should be in the area of the activity. Students should not loiter in the building or in other unsupervised areas. Parents are encouraged to pick students up at the end of the school day. General supervision of students ends daily at 3:45.

In case of bad weather, students will be admitted to the gymnasium. During school hours, students taking care of official business will be admitted to the building with an official written excuse only. Official business is described as an office excuse or teacher's note admitting the student to his or her room.

SCHOOL VISITORS' REGULATIONS

All visitors must report to the principal's office to sign in and for a visitor's permit. Students should not ask to bring visitors during times when other schools are dismissed. To enhance student safety as well as to comply with Georgia law, "any person who is not a student at such school, an employee of the school system, a school board member, an approved volunteer following the established guidelines of the school or a person who has been invited to or otherwise authorized to be at the school by a principal, teacher, counselor, or other authorized employee of the school shall check-in at the designated location as stated on posted signs and provides a reason for his or her presence at school immediately upon entering the campus. Unless otherwise allowed by state law, the person failing to check in at the designated location may be guilty of a misdemeanor." The buildings are off limits to any person not enrolled in this school that does not have legitimate business with the school. Any person on campus not in this category will be considered a trespasser and be instructed to leave. If he fails to do so, the principal/assistant principal will notify the police and report the incident to the office of the superintendent of schools.

MEDICATIONS

These medications are to be disposed by and/or administered in the presence of the school nurse or his/her designee. Students requiring an inhaler or injectable epinephrine (Epi-Pen) are allowed to have them. It is critical that parents discuss their child's medical condition(s) with the school nurse or her designee.

POSITIVE BEHAVIORAL INTERVENTIONS AND SUPPORTS

PBIS (Positive Behavioral Interventions and Supports) is a school-wide approach to discipline and a process for creating safer and more effective schools. PBIS is a systems approach to enhancing the capacity of schools to educate all children by developing research based, school-wide, and classroom discipline systems. The process focuses on improving a school's ability to teach and support positive behavior for all students. With PBIS, instructional time is more effectively used for teaching and the overall school environment is calm and conducive to learning.

DCHS builds character and teaches responsibility by developing outstanding, accountable, respectful students within a safe learning environment.

PBIS promotes optimal student achievement (academic and behavior) by using a proactive systems approach for creating and maintaining a safe and effective learning environment by utilizing a Positive Behavior Interventions & Supports system.

Appropriate student behaviors, found on the behavior matrix, are acknowledged in the classroom, within the team, and by the school. The DCHS behavior matrix will be posted throughout the school, on the website, and in each classroom.

At Dodge County High School our school expectations are represented by the letters PRIDE.

STUDENT OFFENSES AND DISCIPLINARY PROCEDURES **OFFENSE-DISPOSITION**

The purpose of high school is to prepare students for a meaningful life in the 21st century where they are good citizens, economically self-sufficient and respectful of themselves and others. A school should promote good character and good behavior and provide positive learning experiences. This process becomes limited when students choose to be either disruptive or non-conforming. Research shows that students learn best and teachers provide the best instruction in a safe and orderly environment. Students who choose to violate school rules and policies will be disciplined or receive consequences immediately.

Counseling is an extremely important part of the discipline process. Student assistance programs and counseling are available to all students to help them identify and correct the specific causes of discipline problems. Parents are strongly encouraged to contact counselors and teachers should discipline problems arise with their child. All disciplinary actions include consequences that directly affect the student's academic and/or social agenda. Offenses involving drugs, alcohol, violence, sexual harassment, or theft are considered extremely serious and may result in immediate suspension, recommendation for expulsion, referral to a tribunal, and involvement of law enforcement officials.

In accordance with discipline procedures of Dodge County School System, offenses and required or recommended guidelines are outlined below for the information of school personnel, students, and parents. Dodge County High School uses a progressive discipline system. The consequence severity will increase with each reported incident. Each student will be punished according to the particular incident and his/her cumulative discipline history.

The following is a list of consequences used at Dodge County High School:

1. **Teacher Detention**

The teacher sets teacher detention based on his/her schedule. Teachers have the discretion to hold their detention in the morning, during break, or after school. Teachers are considered to be the first line of defense in discipline problems. Parents are encouraged to help the school solve the problem before it goes beyond this stage. Students who fail to serve detention assigned by teachers will be referred immediately to an administrator.

2. **Conferences**

Meetings involving the student, parent, teacher, and a counselor are used as a means of intervention prior to an office referral. Parents are encouraged to set up conferences with teachers at the first sign of a problem in the classroom through the counseling offices. Many times minor problems can be eliminated at this stage. Parents are encouraged to communicate

regularly with teachers through the school email system. Parents can reach any school employee through school e-mail.

3. **Corporal Punishment**

Corporal punishment is offered as an option for minor discipline offenses.

4. **Supervised Cleanup (SC)**

Only an administrator may assign supervised cleanup. SC is held Monday-Friday both before school and after school. Morning SC meets outside the attendance office at 7:45 am to 8:15 a.m. Afternoon SC meets in the rotunda and is held from 3:15 to 3:45. Tardiness to SC will not be tolerated. Students will not be permitted to stay for SC if they are tardy. Missing SC may result in additional days added or assignment to In-School Suspension.

5. **Supervised Lunch (SL)**

SL is assigned to students who are tardy to school/class. Students are allowed two unexcused tardies per semester. On the third and subsequent unexcused tardy, a student will be disciplined appropriately. Four days of SL are assigned for each tardy after the first two. A student who is tardy ten times will be sent to ISS. If a teacher keeps a student, the student should get an excused tardy from that teacher. **Car trouble is not excused.** A student who is late to school will be given an unexcused tardy unless parents contact the attendance office prior to the student arriving at school.

6. **Restorative Justice**

Restorative justice is an after-school program to address minor discipline offenses in lieu of ISS.

7. **In-School Suspension (ISS)**

The purpose of In-School Suspension is to remove the disruptive student from the classroom and to **still afford the student the opportunity to complete assigned work.** Students assigned to ISS must report to the ISS room upon arriving at school. Students who receive discipline referrals while serving an assignment in ISS will be assigned additional days or suspended home. If a student is suspended home, he or she cannot return to DCHS without his parent or legal guardian returning with him or her for a meeting with the principal. Students will not be allowed to eat, sleep, drink, talk, or communicate in any way with other students while in ISS.

***Board of Education Policy adopted April 9, 2009: When a student has been sent to In-School Suspension for any reason, he or she may not participate in any extracurricular activity including the DCHS Prom when he or she is in ISS. This punishment starts at 8:22 am of the first day assigned and is complete at 3:15 pm on the day the student finishes his or her assignment.

8. **Restitution**

In certain situations, where damage and/or theft have occurred, restitution may be required as part of the disciplinary action. The principal will make this determination.

9. **Out of School Suspension (OSS)**

Students who receive OSS will receive an unexcused absence for the days of the suspension and will also lose credit in the classroom for any assigned work during the suspension. If a student is suspended home (OSS), he or she cannot return to DCHS without his parent or legal guardian returning with him or her for a meeting with the principal.

10. **Notification of Law Enforcement Officials**

Per Board of Education policy, severe disciplinary offenses may require notification of law enforcement officials. In addition, law enforcement officials may be notified during other circumstances that the principal deems necessary for student/faculty safety or disruption of the school day. Once an issue is turned over to the authorities, they determine the legal consequences issued. The student's disciplinary consequences at school will be determined by

the Administrative Team at DCHS.

11. **Expulsion**

For a serious disciplinary offense, the Administrative Team may recommend that the student be expelled from the Dodge County School System. If this occurs, the student is entitled to due process.

12. **Alternative School Placement**

In serious discipline situations where the Administrative Team is recommending suspension with recommendation for expulsion from Dodge County High School, a student may be given the option of attending Dodge Achievement Center. Placement is typically assigned for one semester, but the assigned time may be longer depending on the severity of the offense.

***Any student serving any out-of-school suspension, expulsion, DAC placement, or other alternative school placement **will be prohibited** from attending and/or participating in any curricular and extracurricular activities. Any student who begins DAC placement or other alternative school placement for disciplinary consequences the same school year that he or she is eligible to graduate or becomes eligible to graduate will not be allowed to participate in the formal graduation ceremony.

13. **Board of Education Discipline Tribunal Hearing**

In severe situations or situations where parents are appealing a disciplinary recommendation made by the school, a Board of Education Tribunal Hearing may be used. This hearing will be held at the Board of Education building in Eastman and will be an official taped proceeding. Attorneys are allowed at this level.

OFFENSE-DISPOSITION

1. Weapon possession or use on school property-Immediate suspension with recommendation for expulsion after proper determination by principal. *Proper notification of law enforcement authorities.
2. Assault on staff member or student-Immediate suspension with recommendation for expulsion. **Proper notification of law enforcement authorities.
3. DCHS prohibits any student from communicating terroristic threats or committing terroristic acts directed at any student, school official and/or school property. Dodge County High Guidance Department
Planning Tips

The Guidance Department has prepared some suggestions that we feel will be helpful to you as you make plans for your future. You are planning not only for your high school years, but also for training, education, and employment beyond high school.

1. Know Yourself.
 - Achievement, abilities, interests, and ambitions are important factors to be evaluated in setting your goals.
 - Initiative, responsibility, and personality will determine your degree of success.
2. The World of Work
 - Explore the many occupational fields prior to entering high school; evaluate this information as it relates to your self-evaluation. Don't select an occupational field or goal just because "Uncle Charlie" or "Aunt Jane" is successful or thinks it is for you.
3. Plan for your vocation as early as possible.
 - Start planning your future upon entering high school. Get some experiences in the various occupations that interest you. Find out all you can about these occupations. Talk to people actually doing the work in which you are interested. For instance, talk to your teachers about contacting people in careers that appeal to you. (Secure vocational information from updated sources.)
4. Select your College or Technical School.
 - Investigate the schools that offer training in the field of your choice.
 - Talk to people who have attended these institutions if possible.
 - Find out the cost of your proposed course of study and what scholarships the school you selected offers.
 - Learn about projected demands for the field of employment you select.
5. Plan your high school program.
 - Certain courses are required for entrance to College or Technical School.
6. LEARN TO STUDY!
 - Your teachers can help you learn good study habits for various subjects.
 - Work hard to constantly improve your study habits. You'll be glad you did.
7. Strive for good grades.
 - Grades of "B" or better are called "recommended" grades. You must have recommended grades to be eligible for most scholarships. Good grades are important. If you are not getting recommended grades, talk to your teacher about your difficulty.
8. Become a well-rounded individual.
 - Develop hobbies.
 - Participate in school, community, and church activities.
 - Broaden your field of interest through reading and contacts with people.
9. Plan Finances.
 - Parents and students should consider the combination of savings, scholarships, loans

and part-time student jobs when planning the financing of higher education. (Get new information.)

10. Learn about College or Technical School acceptance.

- A few degree-granting institutions require applicants to take admission examinations of some kind. Secure information on these tests from the Admissions Office of the University/College or Technical School that you plan to attend or from your high school counselor.

11. Prepare for scholarship applications early.

- Get references, transcripts, and other materials in order before the deadline.

- Obtain scholarship application blanks by December 1 of the year before you expect to start college.

Seven Habits of Highly Responsible and Successful Students

Set Goals - Goals help you focus on what's important. You will say "yes" to the vision of your future.

Plan Your Time - Use a calendar; write down commitments.

This Code of Conduct is not an all-inclusive list of misconduct for which a student may be disciplined. An act of misconduct not listed will be subject to the discretionary authority of the principal. Violations of the Code of Conduct and/or with local, state, and federal law may result in the termination of the opportunity to participate in extracurricular activities.

One discipline strategy utilized by our schools is In-School Suspension (ISS). This program serves as an alternative for students who would otherwise be suspended home. Students and parents are also reminded that actions which are in violation of local, state, or federal law may result in the notification of the appropriate law enforcement agency.

The Dodge County School System operates the Dodge Achievement Center. This program serves as an alternative to suspending or expelling students completely out of the school system. This allows students to continue with their studies until they can eventually graduate or return to regular school.

The Board of Education and the Dodge County School System seek the support of both parents and students in their approaches to student discipline. Overwhelmingly, we support the notion that our schools need to be safe places to learn.

This code of conduct and its rules and regulations are effective during the following times and in the following places:

- 1) on school grounds at any time.
- 2) off school grounds during a school activity, function, or event.
- 3) en route to and from school.
- 4) en route to and from school functions, activities, or events.

Please review the discipline code that follows. We earnestly desire your support for an effective school discipline program.

Dr. Susan Long, Superintendent

**Please note, each student will be given a handbook containing the Code of Conduct at the beginning of each school year. The handbook will also be available on the school's and district's website, and in each classroom. I know that I may also request an additional copy from the school at any time.*

Dodge County Schools Student Code of Conduct

It is the purpose of the Dodge County School District to operate each school in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend the schools within the district. In accordance with that purpose, the Board of Education has adopted a policy which requires all schools to adopt codes of conduct which requires students to conduct themselves at all times in order to facilitate a learning environment for themselves and other students. These standards for behavior require students to respect each other and school district employees, to obey student behavior policies adopted by the Board and to obey student behavior rules established at each school within the district.

The school's primary goal is to educate, not to punish; however, when the behavior of an individual student comes in conflict with the rights of others, corrective actions may be necessary for the benefit of that individual and the school as a whole. Accordingly, students shall be governed by policies, regulations and rules set forth in this Code of Conduct.

The Code of Conduct is effective during the following times and in the following places:

- At school or on school property at any time;
- Off school grounds at any school activity, function or event and while traveling to and from such events;
- On vehicles provided for student transportation by the school system and at school bus stops.

Also, students may be disciplined for conduct off campus which could result in the student being criminally charged with a felony and which makes the student's continued presence at school a potential danger to the persons or property at the school or which disrupts the educational process.

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an Unsafe School according to the provisions of State Board Rule 160-4-8-.16, Unsafe School Choice Options.

Parents are encouraged to become familiar with the Code of Conduct and to be supportive of it in their daily communication with their children and others in the community.

Authority of the Principal

The principal is the designated leader of the school and, in concert with the staff, is responsible for the orderly operation of the school. In cases of disruptive, disorderly or dangerous conduct not covered in this Code as well as those within the Code, the principal may undertake corrective measures which he or she believes to be in the best interest of the student and school provided any such action does not violate school board policy or procedures.

Progressive Discipline Procedures

When it is necessary to impose discipline, school administrators and teachers will follow a progressive discipline process. The degree of discipline to be imposed by each school official will be in proportion to the severity of the behavior of a particular student and will take into account the student's discipline history, the age of the student and other relevant factors.

The Code of Conduct provides a systematic process of behavioral correction in which inappropriate behaviors are followed by consequences. Disciplinary actions are designed to teach students self-discipline and to help them substitute inappropriate behaviors with those that are consistent with the character traits from Georgia's Character Education Program.

The following disciplinary actions may be imposed for any violation of this Code of Conduct:

- Warning and/or Counseling with a School Administrator or Counselor
- Loss of Privileges
- Time Out
- Temporary Removal from Class or Activity
- Notification of Parents
- Parent Conference
- Corporal Punishment
- Detention
- Temporary Placement in an Alternative Education Program
- Short-term Suspension

- Referral to a Tribunal for Long-term Suspension or Expulsion
- Suspension or Expulsion from the School Bus
- Referral to Law Enforcement or Juvenile Court Officials: Georgia law requires that certain acts of misconduct be referred to the appropriate law enforcement officials. The school will refer any act of misconduct to law enforcement officials when school officials determine such referral to be necessary or appropriate.

The maximum punishments for an offense include long-term suspension or expulsion, including permanent expulsion, but those punishments will be determined only by a disciplinary tribunal as outlined in the Dodge County Board of Education policies. Parents or students may elect not to contest whether a student has violated the Code of Conduct or the appropriate discipline, and in such cases, an agreement may be negotiated which would include the parents or students waiving a right to a hearing before a disciplinary tribunal. Such an agreement and waiver must be approved by the parents and administrators from both the home school and the Dodge Achievement Center. The Dodge County Board of Education shall approve tribunal training provider(s). It shall also make available to all qualified student discipline hearing officers and disciplinary tribunal or panel members the initial and ongoing tribunal training course prior to the individual(s) serving in such capacity. The Dodge County Board of Education shall ensure initially trained student discipline hearing officers and disciplinary tribunal or panel members undergo continuing education so as to continue to serve in such capacity. Before a student is suspended for ten days or less, the principal or designee will inform the student of the offense for which the student is charged and allow the student to explain his or her behavior. If the student is suspended, the student's parents will be notified if possible. School officials may involve law enforcement officials when evidence surrounding a situation necessitates their involvement or when there is a legal requirement that an incident be reported. School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Student vehicles brought on campus, student book bags, school lockers, desks and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents. Cell phones/multi-media/electronic devices taken from students due to possession and/or use in violation of school rules are subject to having their contents searched. Students are required to cooperate if asked to open book bags, lockers or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities which occur outside normal school hours or off the school campus at the discretion of administrators.

Behavior Which Will Result in Disciplinary Procedures

The degree of discipline imposed will be in accordance with the progressive discipline process unless otherwise stated.

Verbal assault, including threats of violence or bodily harm and/or sexual assault or harassment, of teachers, administrators, other school personnel, other students, or persons attending school-related functions: Immediate suspension and automatic referral to a disciplinary tribunal if a student is alleged to have committed an assault upon a teacher or other school personnel; possible referral to a disciplinary tribunal if a student is alleged to have committed an assault upon another student or a person attending a school-related function.

Student Support Processes

The Dodge County Board of Education provides a variety of resources which are available at every school within the district to help address student behavioral problems. The school discipline process will include appropriate consideration of support processes to help students resolve such problems. These resources include Response to Intervention, Student Support Teams, school counselors, and chronic disciplinary problem student plans. When a student's behavior becomes a chronic discipline problem, the principal or principal's designee shall send written notification to the teacher and the student's parents or guardians of the student support services being utilized or the disciplinary action taken within one school day and shall make a reasonable attempt to confirm receipt of such written notification by the student's parents or guardians. Written notification shall include information regarding how student's parents or guardians may contact the principal or principal's designee. **Through one or more school or school related organizations, students may have access to a mentor. Parents who are interested in their child being assigned a mentor should notify the school principal of this desire.**

Parent Involvement

This Code of Conduct is based on the expectation that parents, guardians, teachers and school administrators will work together to improve and enhance student behavior and academic performance and will communicate freely their concerns about, and actions in response to, student behavior that detracts from the learning environment. School administrators recognize that two-way communication through personal contacts is extremely valuable; therefore, they provide information to parents as well as on-going opportunities for school personnel to hear parents' concerns and comments. Parents and students should contact the principal of the school if specific questions arise related to the Code of Conduct.

The Code of Conduct specifies within its standards of behavior various violations of the Code which may result in a school staff member's request that a parent or guardian come to the school for a conference. Parents are encouraged to visit the schools regularly and are expected to be actively involved in the behavior support processes designed to promote positive choices and behavior. Georgia law mandates that any time a teacher or principal identifies a student as a chronic disciplinary problem student, the principal shall notify by telephone call and by mail the student's parent or guardian of the disciplinary problem, invite the parent or guardian to observe the student in a classroom situation, and request at least one parent or guardian to attend a conference to devise a disciplinary and behavioral correction plan.

Georgia law also states that before any chronic disciplinary problem student is permitted to return to school from a suspension or expulsion, the school shall request by telephone call and by mail at least one parent or guardian to schedule and attend a conference to devise a disciplinary and behavioral correction plan.

The law allows a local board of education to petition the juvenile court to require a parent to attend a school conference. If the court finds that the parent or guardian has willfully and unreasonably failed to attend a conference requested by the principal pursuant to the laws cited above, the court may order the parent or guardian to attend such a conference, order the parent or guardian to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior, or both. After notice and opportunity for hearing, the court may impose a fine, not to exceed \$500.00, on a parent or guardian who willfully disobeys an order of the court under this law.

Visitors on Campuses and in Schools

To enhance student safety as well as to comply with Georgia law, “any person who is not a student at such school, an employee of the school or school system, a school board member, an approved volunteer following the established guidelines of the school or a person who has been invited to or otherwise authorized to be at the school by a principal, teacher, counselor or other authorized employee of the school shall check in at the designated location as stated on posted signs and provide a reason for his/her presence at the school immediately upon entering the campus. Unless otherwise allowed by the state law, the person failing to check in at the designated location may be guilty of a misdemeanor.

Student Conduct on School Buses

The goal of the Transportation Department of the Dodge County Board of Education is to transport children in a safe and timely manner to and from school. While the law allows the school system to furnish transportation, it does not relieve parents of students from the responsibility of supervision until such time as the child boards the bus in the morning and after the child leaves the bus at the end of the school day. Once the child boards the bus, and only at that time, does he or she become the responsibility of the school system. Such responsibility shall end when the child is delivered to the appropriate bus stop at the end of the day. It is the intent of the Dodge County School System to operate a safe and efficient transportation program for students. Such intent is predicated on desirable behavior of bus passengers and consequences of misbehavior. Bus incidents will be dealt with by the Transportation Director and a school administrator. Since the bus is considered an extension of the classroom, discipline for incidents on the bus may also include discipline on the school level as well.

Bus Misbehavior

The following specific provisions shall govern student conduct and safety on all school buses:

- (1) All provisions of the Student Code of Conduct apply to behavior on the school bus, including but not limited to, acts of physical violence as defined by Code Section 20-2-751.6, bullying as defined by subsection (a) of the Code Section 20-2-751.4, physical assault or battery of other persons on the school bus verbal assault of other persons on the school bus, disrespectful conduct toward the school bus driver or other persons on the school bus, and other unruly behavior;
- (2) During regular school day transportation, students shall be prohibited from using any electronic devices during the operation of a school bus, including but not limited to cell phones; pagers; audible radios, tape or compact disc players without headphones; or any other electronic device. On field trips, driver discretion should be used regarding students’ use of any electronic devices.
- (3) Students shall be prohibited from using mirrors, lasers, flash cameras, or any other lights or reflective Devices.
- (4) If a student is found to have engaged in physical acts of violence as defined by Code Section 20-2-751.6, a student shall be subject to the penalties set forth in such Code Section. If a student is found to have engaged in bullying as defined by subsection (a) of Code Section 20-2-751.4 or in physical assault or battery of another person on the school bus, a meeting of the parent or guardian of the student and the appropriate school district officials will be held to form a school bus behavior contract for the student. Such contract shall provide for progressive age-appropriate discipline penalties, and restrictions for student misconduct on the bus. Contract provisions may include, but shall not be limited to, assigned seating, ongoing parental involvement, and suspension from riding the bus. If a student is suspended from one bus route, he or she may not ride another bus to and from school.

Student Behavior Expectations

Outside the bus pupils shall: Be at the designated bus stop at scheduled time; Never stand or play in the roadway; Line up orderly and safely away from the traffic lane until the bus has completely stopped; Board the bus in a safe and orderly manner without pushing or shoving; Follow the bus driver’s instruction carefully by proceeding safely and alertly when getting off the bus and/or crossing the roadway; Exit the bus at their assigned stop, unless prior written permission from the parents has been given to the school and subsequently to the driver; Go home promptly after leaving the bus at the end of the school day.

Inside the bus pupils shall: Go immediately to their seats and courteously share seats with others boarding the bus; Sit in assigned seat (Bus Drivers have the authority to assign seats.); Be held

safe driving; Keep head and limbs inside the bus windows at all times; Report any open exit or released latch to the bus driver immediately; Provide enrollment information to bus driver as requested.

Consequences of Inappropriate Behavior

Consequences for inappropriate behavior on the school bus may consist of the following based on the severity and nature of the behavior:

- Verbal Warning by Driver/Administrator
- Written warning
- Written referral
- Meeting with Parent
- Loss of bus privileges for 3, 5, 10 days
- Loss of bus privileges for the semester or school year
- Any other appropriate consequence as prescribed the school Code of Conduct, Student Handbook, or Georgia State Law

Notification of Rights Under PPRA

The Protection of Pupil Rights Amendment (PPRA) gives parents and students who are 18 or older or emancipated minors (“eligible students”) certain rights regarding the school district’s conduct of surveys, collection and use of information for marketing purposes, and conduct of certain physical exams.

These include the right to:

1. Consent to federally funded surveys concerning “protected information”. If the U.S.

Department of Education funds a survey in whole or in part, a student’s parents or an eligible student must consent in writing before the student may provide information relating to the following categories:

- Political affiliations;
- Mental or psychological problems of the student or student’s family;
- Sexual behavior or attitudes;
- Illegal, anti-social, self-incriminating, or demeaning behavior;
- Critical appraisals of student’s family members;
- Privileged or similar relationships recognized by law, such as with attorneys, doctors, and ministers;
- Religious practices, affiliations, or beliefs of the student or student’s parents; or
- Income other than that required by law to determine program eligibility.

A survey that concerns any of these points is called a “protected information survey”.

2. Opt out of certain surveys and exams. Parents and eligible students will receive notice of any of the following activities and will have the right to opt out of them:

- Activities involving collection, disclosure, or use of personal information obtained from students for purposes of marketing or selling or otherwise distributing the information to others;
- Any protected information survey, regardless of funding; and
- Any non-emergency, invasive physical exam or screening required as a condition of attendance administered by the school or its agent and scheduled by the school, and not necessary to protect the immediate health, and safety of a student or of another student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law.

3. Inspect certain material. Parents and eligible students have the right to inspect the following, upon request, before the district administers or uses them:

- Protected information surveys of students (including any instructional materials used in connection with the survey);
- Documents used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and

- Instructional material used as part of the educational curriculum.

4. Receive notification of district policy. The School District has developed a policy, in consultation with parents, regarding these rights, and has made arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The School District will directly notify parents and eligible students of this policy at least annually at the start of each school year and after any substantive changes are made.

5. Report violations. Parents and eligible students who believe their rights have been violated may file a complaint with:

Under state law passed by the Georgia State Legislature in 2007, parents of students who receive special education may choose to transfer their child to another public school or private school in Georgia.

Public School Choice Options A parent can request a transfer to another public school within their school system as long as there is available space at that school and the school has a program with the services agreed to in the student's existing individualized education program. If the parent chooses this option, then the parent shall be responsible for transportation to the school.

The parent may request a transfer to a school in another school system if there is available space and the system and school has a program with the services agreed to in the student's existing individualized education program. If the parent chooses this option and the school system accepts the child, then the parent shall be responsible for transportation to a school in that system.

The parent may also request a transfer to one of the state schools for the deaf and/or blind operated by the State Board of Education. Acceptance into a state school will depend if that setting is appropriate for the student's needs. If the parent chooses this option, then the parent shall be responsible for transportation to the state school. Please contact the Georgia Department of Education for more information about transferring to a State School.

Private School Choice Option If you are interested in transferring your child to a private school in Georgia, you may be able to take advantage of a Georgia Special Needs Scholarship. These scholarships provide funding that can be used to offset tuition costs at participating private schools in the state of Georgia. For more information on the Georgia Special Needs Scholarship and the parent application process, please visit the Georgia Department of Education's website at <http://public.doe.k12.ga.us/>.

Teacher Authority & Administrative Support

Georgia Code provides that a teacher shall have the authority to remove from his or her class a student who repeatedly or substantially interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn, where the student's behavior is in violation of the student's code of conduct, provided that the teacher has previously filed a report pursuant to Code Section 20-2-737 or determines that such behavior of the student poses an immediate threat to the safety of the student's classmates or the teacher. Each school principal shall fully support the authority of every teacher in his or her school to remove a student from the classroom under this Code section. Each school principal shall implement the policies and procedures of the superintendent and local board of education relating to the authority of every teacher to remove a student from the classroom and shall disseminate such policies and procedures to faculty, staff, and parents or guardians of students. Removal from the classroom may mean for as little as one class period or up to permanent removal. It will be the goal and expectation that all parties involved will work to restore the student's regular placement in the classroom where the student demonstrates appropriate respect for the classroom teacher and the learning environment.

School Closing Procedure

The primary consideration regarding whether to have school on bad weather days will be the safety of our children. Heavy rain, and on some occasions, snow and ice, cause some of our primary and secondary roads to become unsafe. If a threat to health and safety

exists, school will be dismissed. Once the decision is made the local radio station will be used to communicate the decision. The superintendent will make a decision regarding school closing by 6:00 A.M. The decision will be communicated by WUFF 97.5 FM, or you may tune into Channel 13 WMAZ TV. In addition, the emergency calling system will be utilized. Therefore, it is extremely important to report changes in telephone numbers to your child's school. The call system pulls numbers from our student information system.

Discrimination or Harassment

The Board of Education prohibits discrimination or harassment and retaliation for reporting such acts against students on the basis of race, color, national origin, sex, religion or disability. Students/ parents are entitled to express concerns or dissatisfaction regarding discrimination because of race, color, national origin, sex, religion or disability. The purpose of this procedure is to describe a process that can be used to resolve such concerns or dissatisfaction. Students/parents may discuss matters informally with teachers, counselors and administrators at the school level. Special Education teachers and Special Education coordinator are also available to provide assistance to students and/or parents who feel that the school or school system has discriminated against students with disabilities.

If matters in question in the above paragraphs cannot be resolved informally and the student/parent feels that a formal complaint should be made, then the student/parent should use the complaint process outlined in Policy JAA, which is available on the district's website.

Sexual Harassment

Sexual harassment can take many forms and it is not possible to define or itemize every aspect of the harassment forbidden by the School District. Sexual harassment may include conduct or speech that entails unwelcome sexual advances, requests or demands for sexual favors, taunts, threats, comments of a vulgar or demeaning nature, or physical contact that creates a hostile environment. There may be other speech or conduct which students experience as inappropriate or illegal harassment, all of which is forbidden. Sexual harassment defined in the Federal Regulations implementing Title IX of the Education Amendments of 1972 is defined as follows:

Sexual harassment means conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the District conditioning the provision of a District aid, benefit, or service on an individual's participation in unwelcome sexual conduct;
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
3. "Sexual assault"- an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation; or

"Dating Violence"- sex-based violence committed by a person-

(A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and

(B) where the existence of such a relationship shall be determined based on a consideration of the following factors:

- (i) The length of the relationship.
- (ii) The type of relationship.
- (iii) The frequency of interaction between the persons involved in the relationship; or

"Domestic Violence"- sex-based violence which includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the

victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction; or

“Sex-based Stalking” - engaging in a course of conduct directed at a specific person that would cause a reasonable person to-

- (A) fear for his or her safety or the safety of others; or
- (B) suffer substantial emotional distress.

Students, parents or other persons wishing to report alleged sexual harassment of a student should promptly notify the student's school principal, school counselor, or Title IX Coordinator. All reports or complaints regarding alleged sexual harassment of students will be handled in accordance with Board Policies JAA and/or JCAC, as applicable.

Student Reporting of Acts of Sexual Abuse or Sexual Misconduct

(A) Any student (or parent or friend of a student) who has been the victim of an act of sexual abuse or sexual misconduct by a teacher, administrator or other school system employee is urged to make an oral report of this act to any teacher, counselor, or administrator at his/her school.

(B) Any teacher, counselor or administrator receiving a report of sexual abuse or sexual misconduct of a student by a teacher, administrator or other employee shall make an oral report of the incident immediately by telephone or otherwise to the school principal or principal's designee, and shall submit a written report of the incident to the school principal or principal's designee within 24 hours. *If the principal is the person accused of the sexual abuse or misconduct, the oral and written reports should be made to the superintendent or the superintendent's designee.*

(C) Any school principal or principal's designee receiving a report of sexual abuse as defined in O.C.G.A. 19-7-5 shall make an oral report immediately, but in no case later than 24 hours from the time there is reasonable cause to believe a child has been abused. The report should be made by telephone followed by a written report in writing. If requested to a child welfare agency providing protective services, as designated by the Department of Human Resources, or in the absence of such agency, to an appropriate police authority or district attorney.

Reports of sexual misconduct against a student by a teacher, administrator or other employee not covered by O.C.G.A 19-7-5 or 20-2-1184 shall be investigated immediately by school or system personnel. If the investigation of allegation of sexual misconduct indicates a reasonable cause to believe that the report of sexual misconduct is valid, the school principal or principal's designee shall make an immediate written report to the superintendent and the Professional Standards Commission Ethics Division.

Drug Free Schools

Rationale

The foremost priority of the Dodge County School System is to provide a safe and secure environment for all students with a deliberate consideration for the well-being and health of each individual. An appropriate learning climate must be established and maintained to ensure such an environment. Since alcohol and other drug use is illegal and interferes with both effective learning and the healthy development of children and adolescents, the school has a fundamental, legal, and ethical obligation to prohibit drug use and to maintain a drug-free educational environment.

1. The use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. A student shall not possess, sell, use, distribute, or be under the influence of any prohibited drug to include: alcohol, narcotics, depressants, stimulants, hallucinogens, amphetamines, barbiturates, or intoxicants of any kind. Use of a drug authorized by a medical prescription from a licensed physician shall not be considered a violation of this rule.

2. Disciplinary sanctions, up to and including expulsion and referral for prosecution, will be imposed if the standards of conduct are violated. The sanctions to be imposed for violations may include conferences, suspension or expulsion.
3. Information concerning drug and alcohol counseling, rehabilitation, and re-entry programs can be obtained from the school counselor or administrative staff.
4. Compliance with the standards of conduct is mandatory.

As a part of certain school/educational programs, students will participate in anonymous surveys periodically. If you prefer that your child NOT participate, please notify your child's principal in writing. Otherwise, consent is implied. A copy of all surveys is available for review upon request.

Equity in Sports State law prohibits discrimination based on gender in athletic programs of local school systems (Equity in Sports Act, O.C.G.A. 20-2-315). Students are hereby notified that the Dodge County School System does not discriminate on the basis of gender in its athletic programs. The sports equity school-level contact is:

Ray Hardin, Athletic Director, 350 Pearl Bates Road, Eastman, GA 31023, (478)374-7711. Inquiries or complaints concerning sports equity in this system may be submitted to the sports equity coordinator.

4. Weight and height of students if he/she is a member of an athletic team.

If you wish to exercise this right, you must notify the Principal of your child's school in writing within 30 days of the first day of school, or upon enrollment if after that point.

NOTICE TO PARENTS/GUARDIANS AND ELIGIBLE STUDENT OF RIGHTS UNDER THE FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

Under the Family Educational Rights and Privacy Act (20 U.S.C. 1232g) (the "Act"). You have a right to:

1. Inspect and review, within 45 days of a request, the education records of a student who is your child, or in the case of a student who is eighteen (18) years of age or older, or those who are emancipated, your own education records. Parents or eligible students should submit to the administration a written request identifying the record(s) they wish to inspect. The administration will make arrangements for access and provide notice of such arrangements.
2. Request the amendment of the student's education records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights. To request the school district to amend a record, parents or eligible students should write the school principal, specify the part of the record they want changed, and specify why it is inaccurate, misleading or otherwise in violation of the student's privacy or other rights. If the district decides not to amend the record, it will notify the parents or eligible students of the decision and inform them of their right to a hearing. Additional information regarding the hearing procedure will be provided with the notification of the right to a hearing.
3. Consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the Act and the regulations promulgated pursuant to the Act authorize disclosure without consent. One exception, which permits disclosure without consent, is to school officials with legitimate educational interest. A school official is a person employed by the

district as an administrator, supervisor, instructor, or support staff member; a member of the school board; a person with whom the district has contracted to perform a specific task (such as attorney, auditor, or therapist); or a parent or student serving on an official committee (such as a disciplinary or grievance committee). A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his/her professional responsibility. Upon request, the school district forwards educational records without prior consent to another school in which the student seeks or intends to enroll.

4. File with the United State Department of Education a complaint under 20 C.F.R. 99.64 concerning the alleged failures by the Dodge County Board of Education to comply with the requirements of the Act of the regulations promulgated thereunder. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W. Washington, D.C. 20202-4605.

Civil Right Laws

Perkins Vocational and Applied Technology Education Act of 1990); or disability (Section 504 of the Rehabilitation Act of 1973 and The Americans with Disabilities Act of 1990) in educational programs or activities receiving federal financial assistance. Employees, students and the general public are hereby notified that the Dodge County School System does not discriminate in any educational programs or activities or in employment policies. The following individuals have been designated as the employees responsible for coordinating the department's effort to implement nondiscriminatory policies.

Perkins Act	Richard Gay
Title VI	Mariella Douglas
Section 504 & ADA	Tonya Brown

Inquiries concerning the application of the Perkins Act, Title VI, Title IX, Sports Equity or Section 504 and ADA to the policies and practices of the school system may be addressed to the persons listed above at the Superintendent of Schools office; to the Georgia Department of Education, Twin Towers East, Atlanta 30334; to the Regional Office for Civil Rights, Atlanta 30323; or the Director, Office for Civil Rights, Education Department Washington, D.C. 20201.

Section 504 Procedures

Any student or parent or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding your child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system's central office. Copies of the 504 Procedural Safeguards and

Notice of Rights of Students and Parents under Section 504 may be found at the system website or may be picked up at the central office or at any of the school offices.

**Acceptable Use and Internet Safety Guidelines for the Computer Network
of the Dodge County School District**

The Dodge County Schools Computer Network is established for the educational and professional use of Dodge County Schools' students, faculty, and staff ("Users"). This Technology and Acceptable Use Policy (the "Policy") is intended to govern Users with respect to Dodge County Schools Network and the Internet. Users are expected to conduct themselves on the Dodge County Schools Network in the same fashion as they do elsewhere in the community. Users who violate this Policy will have their Dodge County Schools Network privileges revoked and may be subject to further disciplinary action, including suspension or dismissal. Dodge County Schools may also report offenders to applicable law enforcement agencies.

The Dodge County Schools Network provides access to the global Internet. Dodge County Schools have taken available precautions to restrict access to controversial materials on the Internet. However, on a global network, it is impossible to control all materials. Dodge County Schools believe that the valuable information and interaction available on the Internet far outweighs the possibility that Users may find material that is not consistent with our educational goals.

The smooth operation of the Dodge County Schools Network relies upon the proper conduct of all Users. The signature on the Handbook Acknowledgement form is legally binding and indicates the parties who have signed have read the terms and conditions of this Policy carefully and understand their significance.

Dodge County Schools Network - Terms and Conditions (Acceptable Use and Illegal Actions)

Scope and Authority – The Dodge County Schools Network includes all hardware, software, and network services used by the Dodge community. Parents give the school permission to use applications that are educationally beneficial to our students.

Privileges

The use of the Dodge County Schools Network is a privilege, not a right. The use of an account must be consistent with the educational objectives of Dodge County Schools. The Technology Office and/or School Administration will deem what is inappropriate use and will refer any such conduct to Dodge County Schools Administration. Dodge County Schools, in its sole discretion, reserves the right to determine what conduct constitutes a violation of this Policy, and the discipline for any such violation. Transmission of any material in violation of any U.S. or state regulation is prohibited. This includes, but is not limited to, material protected by copyright, threatening or obscene material, or material protected by trade practice. Use of the Dodge County Schools Network for commercial activities, product advertisement, or political lobbying is prohibited. Use of the Dodge County Schools Network and the Internet must be consistent with this Policy and all policies and practices of Dodge County Schools, and violations of this Policy and such other policies and practices may result in the suspension or loss of an account, loss of Internet access, or in other forms of disciplinary action.

No Expectation of Privacy

Dodge County Schools routinely monitor usage of the Dodge County Schools Network and may review any communications on its systems. Dodge County Schools is able to override all passwords. Users do not have a privacy right in the contents of their computer system, including messages sent, received, or stored on the email systems or in their use of the Internet. Passwords to these systems exist for the benefit of Dodge County Schools. Users should have no expectation that the ability to choose a password for a system in any way limits the ability or right of Dodge County Schools to monitor all activity.

Security

Security on any computer system is a high priority, especially when the system involves many Users. No User may have access to another's files on the Dodge County Schools Network. The following guidelines will help maintain Dodge County Schools Network security:

- If you feel you have identified a security problem on the Internet, you must notify the Director of Technology.
- Do not allow anyone else to use your account and do not use another individual's account.
- Inappropriate attempts to access a server as an administrator will result in immediate cancellation of User privileges and/or discipline.

- Any User identified as a security risk or having a history of problems with other computer systems may be denied access to the Dodge County Schools Network.

Inappropriate Access

Not all of the information freely available on the Internet is reliable or helpful. Students and employees must evaluate the source of the information, as well as the information itself, to determine its appropriateness and usefulness. In addition to providing information, the Internet is capable of providing the means to communicate directly with others via “instant or private messaging” programs, video conferencing programs, and other means. Also, there are many places and software technologies that will allow for the free exchange of files between computers over the Internet, such as email. Not all of these methodologies are appropriate for an educational environment as outlined in this document. Downloading or loading of software on Dodge County Schools’ computers is prohibited. There is an enormous quantity and variety of free software available on the Internet. However, widespread downloading of such software on the School’s computers has a cumulative negative effect, and can result in the substantial degradation of performance, additional maintenance time, and increased threat of virus infestation. All software purchases must be approved by the technology staff.

Students may not use school computers to access any Internet site or sites that contain information that is inappropriate for educational purposes or sites that teachers, staff or administration deem inappropriate for the instructional program. Examples of inappropriate information and/or content include, but is not limited to, the following:

Students may not access, upload, download, transmit, display or distribute:

- a.) offensive material – content that is in poor taste or could be considered obscene; abusive or sexually explicit language, racist, illegal, harassing or inflammatory.
- b.) distribute dangerous material – content that provides direction in the construction of explosives or similar devices or instruction or practices that could injure the students themselves or others.
- c.) inappropriate contacts – materials that can lead to contact with strangers who could potentially threaten the student’s health or safety.

If a student is uncertain as to whether or not a site’s material might be considered inappropriate, the student should consult his or her teacher or a member of the administrative staff for clarification.

Privacy

School staff and administrators have access to student email for monitoring purposes. Students should have no expectation of privacy on the Google Apps for Education system.

Limited personal use - Students may use Google Apps for Education tools for personal projects but may not use them for:

1. Unlawful activities.
2. Inappropriate sexual or other offensive content.
3. Threatening another person.
4. Misrepresentation of Dodge County Schools, staff or students.

Safety

- Students will tell their teacher or other school employee about any message they receive that is inappropriate or makes them feel uncomfortable.
- Students are responsible for the use of their individual accounts and should take all reasonable precautions to prevent others from being able to use their accounts.
- Under no conditions should a user provide his or her password to another person.

Access Restriction - Due Process

Due to the rapidly changing technology environment, Dodge County Schools reserve the right to determine if an action not listed in this document is inappropriate, and the student may be subject to discipline.

Hardware

Student Chromebooks/Devices are managed in order to allow for student use of systems only for educational purposes. Under no circumstances is a student to attempt to modify the existing hardware configuration. Modification can be considered either opening the case or changing hardware or software settings. Students are responsible for any damage on their computers.

Dodge County Schools Information Technology offers a Guest Network for connection purposes.

Contact

Student and employee is responsible for all activity that occurs under his/her user account. Students and employees may not place information on the Internet that is inappropriate or unacceptable.

Students may not give out any personal information (e.g., address, phone number, user name, passwords, etc.) about themselves or about other people. Students may not use school computers for commercial purposes or political lobbying.

Improper Use and Content

Users may not use the Dodge County Schools Network for purposes of harassment, intimidation or bullying of others.

Bullying is the repeated use of a written, verbal or electronic expression, physical act or gesture, or any combination thereof, directed at another student that:

1. causes physical or emotional harm to the student or damage to the student’s property;
2. places the student in reasonable fear of physical injury or of damage to property;
3. creates a hostile environment at school for the student;
4. infringes on the rights of the student at school; or,
5. materially and substantially disrupts the education process or the orderly operation of a school.
6. A hostile environment is a situation in which bullying causes the school environment to be permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive to alter the conditions of the student’s education.

Cyber-bullying involves an act of bullying through the use of technology or any electronic communication, including but not limited to electronic mail, internet communications, or instant messages. Cyber-bullying also includes the creation of a web page or blog in

which the creator assumes the identity of another person; or, the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions described in the definition of bullying. Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions described in the definition of bullying.

Dodge County Schools shall, in its sole discretion, determine whether such conduct violates this policy and any other policies of Dodge County Schools. Users must remember that material distributed through the Internet is public. On the Internet, there is no central authority, so each site is responsible for its own Users. Complaints received from other sites regarding any of our Users will be fully investigated, and disciplinary action may be taken as a result.

Social Networking Sites

While Dodge County Schools respects the right of employees, students and families to use social media and networking sites, as well as personal websites and blogs, it is important that any such personal use of these sites does not damage Dodge County Schools' reputation, its employees, or its students or their families. Student use of social networking sites is prohibited on Dodge distributed technology devices. All users should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public, even without their knowledge or consent.

Dodge County Schools strongly encourages all employees, students and families to carefully review the privacy settings on any social media and networking sites they use (such as Facebook, Instagram, Twitter, Flickr, LinkedIn, etc.), and exercise care and good judgment when posting content and information on such sites. If an employee has a community that extends to persons who are parents, alums, or other members of the Dodge County Schools community, she/he must exercise good judgment about any content that is shared on the site.

Additionally, employees, students and families should adhere to the following guidelines, which are consistent with Dodge County Schools' community standards on harassment, student relationships, conduct, professional communication, and confidentiality:

- Users should not make statements that would violate any of Dodge County Schools' policies, including its policies concerning discrimination or harassment;
- Users must uphold Dodge County Schools' value of respect for the individual and avoid making defamatory or disparaging statements about the school, its employees, its students, or their families;
- Users may not disclose any confidential information of Dodge County Schools or confidential information obtained during the course of his/her employment, about any individuals or organizations, including students and/or their families.

Dodge County Schools has a strong interest in promoting a safe and supportive learning environment, as well as maintaining a positive reputation in the community. If the school believes that an employee's activity on a social networking site, blog, or personal website may violate the school's policies or otherwise may have a detrimental impact on the learning environment, the school may request that the employee or student cease such activity. Depending on the severity of the incident, the employee or student may be subject to disciplinary action. Dodge County Schools reserves the right to impose discipline, up to dismissal or termination, for any behavior on or off campus that Dodge determines may impair or negatively impact the reputation of the school.

Theft and Vandalism

Users must acknowledge the use of the intellectual property of others. Users must treat information found electronically in the same way as information found in printed sources. Rules against plagiarism will be enforced. It is the responsibility of each User to comply with the terms and conditions for the acquisition and use of software found on the Internet. In this case, vandalism refers to deliberate attempts to damage the hardware, software, or information residing on Dodge County Schools Network or any other computer system attached through the Internet. Attempts to violate the integrity of private accounts, files or programs; the deliberate infecting of a computer with a "virus," attempts at "hacking" computers using any method, or other such actions shall be a violation of this Policy.

Users must abide by accepted rules of network etiquette, including, but not limited to, the following:

- Do not reveal personal information – your address or telephone number, or those of students or colleagues.
- Be polite. Do not be abusive in your messages to others. Use appropriate language and do not use vulgarities, or any other inappropriate language.
- Do not use the Dodge County Schools Network in such a way that would disrupt its use by others.

Waiver of Warranties; Limitation of Liability

Dodge County Schools makes no warranties of any kind, whether express or implied, concerning this service. Dodge County Schools shall not be held responsible for any damages suffered, including the loss of data resulting from delays, non-deliveries, missed deliveries, service interruptions, or errors and omissions. All terms and conditions as stated in this Policy are applicable to the use of computer resources at Dodge County Schools, in addition to internet use.

Preservation of Resources

All resources are limited; computer resources are not an exception. Because space on disk drives and bandwidth across the lines, which connect Dodge County Schools Network both internally and externally, are limited, neither programs nor information may be stored on the system without the permission of the system administrator. Users are not to load software on any school computer. Each User is permitted reasonable space to store e-mail, Web, and personal files, as mandated by system file quotas. Dodge County Schools reserves the right to require the purging of files in order to regain disk space without warning. Users whose need for the resource is more pressing will have priority of space.

By signing this electronic technology and Internet contract, both student, parent/guardian and staff are stating that they have read the rules for acceptable uses of electronic technology, acceptable on-line behavior, understand the rules, and agree to comply with all of the above stated rules at Dodge County Schools. Compulsory Student Attendance

Georgia Code Section 20-2-690.1 establishes consequences for parents and students who fail to comply with compulsory school attendance. The law establishes that:

“Any parent, guardian, or other person residing in this state who has control or charge of a child or children and who shall violate this Code section shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine not less than \$25 and not greater than \$100, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day’s absence from school in violation of this part after the child’s school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence for a child shall constitute a separate offense.”

Furthermore, it is recognized that students who miss more days from school typically do not perform as well in their academic achievement. For both educational purposes as well as for compliance with state law, parents or guardians are strongly encouraged to insure that students arrive at school on time, remain at school all day, and attend school unless extreme and justified circumstances merit their absence.

The Dodge County School System’s Attendance Protocol establishes penalties and procedures for enforcing excessive tardiness, early releases, and absences. Violation with the court sanctioned attendance protocol may result in referrals to the Department of Family & Children Services, Department of Juvenile Justice, and/or the Superior Court. Help us support student achievement by supporting student attendance.

Student Organizations, Clubs, and Co-Curricular Organizations

These organizations are comprised of students who wish to organize and meet for common goals, objectives, or purposes and which are directly under the sponsorship, direction, and control of the school. The specific opportunities offered at each school are included in the school's student handbook. School-Parent Compact Dodge County High School 2022-2023

Revision Date 8/13/2021

Dear Parent/Guardian,

Dodge County High School students participating in the Title I, Part A program, and their families, agree that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement as well as describes how the school and parents will build and develop a partnership that will help children achieve the State's high standards.

JOINTLY DEVELOPED

The parents, students, and staff of DCHS partnered together to develop this school-parent compact for success. Teachers suggested home learning strategies, parents added input about the types of support they needed, and students told us what would help them learn. Parents are encouraged to attend annual revision meetings held March of each year to review the compact and make suggestions based on student needs and school improvement goals. Parents are also encouraged to participate in the annual Title I survey that is used to collect data regarding the current Title I programs and policies.

To understand how working together can benefit your child, it is first important to understand the district's and school's goals for student academic achievement.

DODGE COUNTY DISTRICT GOALS:

The district sets District School Improvement Goals each year. Two district goals for 2021-2022 are:

Goal 2: Increase the district's CCRPI score by 1.5%.

Pacto Escuela-Padres Dodge County High School 2022-2023

Fecha de revisión 8/13/2021

Estimado Padre / Tutor,

Los estudiantes de Dodge County High School que participan en el programa Título I, Parte A y sus familias, están de acuerdo en que este pacto describe cómo los padres, todo el personal de la escuela y los estudiantes compartirán la responsabilidad de mejorar el rendimiento académico de los estudiantes, así como también describe cómo la escuela y los padres construirán y desarrollarán una asociación que ayudará a los niños a alcanzar los altos estándares del estado..

Desarrollado conjuntamente

Los padres, estudiantes y el personal de DCHS se asociaron para desarrollar este pacto escuela-padre para el éxito. Los maestros sugirieron estrategias de aprendizaje en el hogar, los padres agregaron información sobre los tipos de apoyo que necesitaban y los estudiantes nos dijeron qué les ayudaría a aprender. Se alienta a los padres a asistir a las reuniones anuales de revisión que se llevan a cabo en marzo de cada año para revisar el pacto y hacer sugerencias basadas en las necesidades de los estudiantes y los objetivos de mejora escolar. También se alienta a los padres a participar en la encuesta anual de Título I que se utiliza para recopilar datos sobre los programas y políticas actuales de Título I.

Para entender cómo trabajar juntos puede beneficiar a su hijo, primero es importante comprender las metas del distrito y la escuela para el logro académico de los estudiantes.

Metas de Dodge County:

El distrito establece los objetivos de mejora escolar del distrito cada año. Dos objetivos del distrito para 2021-2022 son:

Meta 2: Aumentar el puntaje CCRPI del distrito en un 1.5%.

Metas de Dodge County High School:

- El índice de rendimiento DCHS con ganancias de puntaje de 3% y 6% de objetivos reflejan una línea de base determinada a partir de los resultados de GMA 2019.
