| 13 | Committee for investigation and report.     |
| 14 | This joint public hearing is being held by  |
| 15 | the Department of Education and the State   |

| 17 | With me this evening, I have                |
| 18 | Darryl Parson, a deputy attorney general,   |

| 21 | I would like the record to                  |
| 22 | reflect that the notice of time, date and   |

| 3  | We will proceed in the                      |

| 1  | MR. TRAVERS: All right. I                  |

| 2  | reserve the right to impose reasonable     |
| 3  | time, place and manner restrictions if the |
| 4  | speakers prevent the hearing from          |
| 5  | accomplishing its goals in a reasonable    |
| 6  | manner. The hearing's purpose is strictly  |
| 7  | to collect public comment. Questions of    |
| 8  | the Department of Education or the State   |
| 9  | Board of Education are not permitted and   |
| 10 | will not be acknowledged.                  |
| 11 | At this point we will accept               |
| 12 | comments from any school representatives.  |
| 13 | MR. BOYNTON: Thank you,                    |
| 14 | Mr. Travers.                               |
| 15 | I'm going to give the court                |
| 16 | reporter my card. My name is going to be a |
| 17 | little hard to spell.                      |
| 18 | My name is Kimeu Boynton. I'm              |
| 19 | the board president for the Academy of     |
| 20 | Dover Charter School. And just for quick   |
| 21 | information, my fellow board member,       |
| 22 | Dr. Charles Fletcher, will be speaking on  |
| 23 | behalf of the school. And then we'll turn  |
| 24 | it over to Dr. Marinucci, our head of      |
|    |  |

|----|---|
| 1  | school.                                     |
| 2  | I just wanted to make a short               |
| 3  | comment and wanted to thank the members of  |
| 4  | the Committee for reviewing our             |
| 5  | application. The addition of a sixth grade  |
| 6  | is very important to our school. It would   |
| 7  | make us more competitive in the community.  |
| 8  | Every year we have parents that are pleased |
| 9  | with the educational outcomes of their      |
| 10 | students when they get to fifth grade. And  |
| 11 | the one sole wish is "I wish I could keep   |
| 12 | them at AOD for one more year before they   |
| 13 | start middle school." So that's very        |
| 14 | important to us. And that's due in large    |
| 15 | part to why we are submitting our           |
| 16 | application for the modification of our     |
| 17 | charter to add a sixth grade.               |
| 18 | I'll keep my comments brief.                |
| 19 | And I'll now turn it over to Dr. Charles    |
| 20 | Fletcher.                                   |
| 21 | DR. FLETCHER: Thank you.                    |
| 22 | Good afternoon, Mr. Travers,                |
| 23 | and the other members here for the hearing. |
| 24 | I too am a member of the                    |

| 4  | for having us.                              |
| 5  | I'm Michele Marinucci. I'm the              |
| 6  | head of school for the Academy of Dover.    |
| 7  | I came on in August, literally              |
| 8  | one day before the staff started. So I      |
| 9  | have been running hard with an amazing,     |
| 10 | amazing staff. And we have been just doing  |
| 11 | some really incredible things with and for  |
| 12 | our students and their families. And so     |
| 13 | through this is how we came to be here at   |
| 14 | this table today.                           |
| 15 | One of the common themes in                 |
| 16 | talking to our families about our           |
| 17 | enrollment and our history of enrollment    |
| 18 | difficulties and retention difficulties is  |
| 19 | a common theme. And that common theme from  |
| 20 | our families is they want their children to |
| 21 | stay in a small school where the school     |
| 22 | knows their children, where they're not     |
| 23 | just part of a body of a thousand           |
| 24 | students they're part of a much smaller     |

|  | 24 | our students.                               |

| 1  | We listen to our students. We               |
|----|---|
| 2  | have developed the Blue Ribbon Girls and    |
| 3  | the Bowtie Boys. And these students are     |
| 4  | students that develop they demonstrate      |
| 5  | leadership capabilities. It started with    |
| 6  | our fifth graders. It's trickled down. We   |
| 7  | now have kindergartners wearing little blue |
| 8  | satin bowties. And you're actually going    |
| 9  | to hear from one of our students that's     |
| 10 | wearing a bowtie today.                     |
| 11 | But these students are so                   |
| 12 | proud. They take an oath to do great        |
| 13 | things for our Academy and for our          |
| 14 | community. And we've seen our               |
| 15 | fifth graders take on being leaders in our  |
| 16 | Academy. And to watch them grow and         |
| 17 | develop into leaders where they actually    |
| 18 | have given up their recess and for a        |
| 19 | fifth grader to say to voluntarily say,     |
| 20 | "I will give up my recess. Can I please     |
| 21 | tutor a younger child?" The amount of       |
| 22 | growth that comes for them and to others    |
| 23 | with doing that is just incredible. And     |
| 24 | that culture, it just permeates throughout  |
|    |   |

| 1  | our building to where we have been able to  |
|----|---|
| 2  | secure so many more families in enrolling.  |
| 3  | So when I started, we did have              |
| 4  | an enrollment challenge. And so, in         |
| 5  | August, we between August and               |
| 6  | September 30th, which, as you know, is a    |
| 7  | very crucial deadline, we were able to      |
| 8  | recruit 50 additional students to our       |
| 9  | school. That was a significant number.      |
| 10 | And, then, since September 30th, we've      |
| 11 | continued to enroll students because we     |
| 12 | want to support and serve our community and |
| 13 | to see students thrive and learn. So        |
| 14 | between after September 30th, we            |
| 15 | enrolled an additional nine students. And   |
| 16 | what that has allowed us to do is keep our  |
| 17 | enrollment consistent. So we had 266        |
| 18 | students on September 30th. Today we have   |
| 19 | 264. And we have two more applications for  |
| 20 | coming on this year pending. So we are      |
| 21 | maintaining status quo on our enrollment,   |
| 22 | which was one of our goals that we          |
| 23 | didn't have a drop. Because kids move.      |
| 24 | The lifestyle you know, there's life        |

| 1  | changes that happen. And so there's a       |
|----|---|
| 2  | natural decline in enrollment that happens  |
| 3  | throughout the year.                        |
| 4  | But knowing that there was                  |
| 5  | an importance of that, we've sought         |
| б  | additional creative ways to fix for that.   |
| 7  | So we've been accepting students after      |
| 8  | September 30th. We've launched an           |
| 9  | incredibly powerful Facebook campaign. And  |
| 10 | that has driven in an incredible number of  |
| 11 | applications and people.                    |
| 12 | Our electronic marquee in front             |
| 13 | of our school does some really fancy things |
| 14 | that we figured out when we first came at   |
| 15 | the start of the year. And a lot of our     |
| 16 | families are coming in because of that.     |
| 17 | But the majority of our families that come  |
| 18 | in are coming in because they heard about   |
| 19 | the amazing things happening within our     |
| 20 | Academy for our students.                   |
| 21 | We absolutely love our                      |
| 22 | students. We love what we do. There is a    |
| 23 | complete passion that isn't just my passion |
| 24 | but it's the passion of the entire staff    |

| 1  | when you come in the building. Our parents  |
|----|---|
| 2  | see it. Every tour we do for parents that   |
| 3  | are interested in coming to the Academy     |
| 4  | ends up with an enrollment application      |
| 5  | filled out before they leave. So it's       |
| 6  | really exciting to see the power happening  |
| 7  | within our Academy.                         |
| 8  | And having the sixth grade                  |
| 9  | addition will just allow us to continue to  |
| 10 | grow these fifth graders one year longer    |
| 11 | and develop them further and also not have  |
| 12 | them go to that awkward split where they    |
| 13 | go the majority 86 percent of our           |
| 14 | students come from the Capital School       |
| 15 | District. So their awkward split is that    |
| 16 | they go to William Henry for sixth grade    |
| 17 | but not for fifth grade. And so they're in  |
| 18 | that middle school year for one year where  |
| 19 | they came from this real small class size   |
| 20 | where everything is done in a very small    |
| 21 | way where we all know the students to where |
| 22 | they're part of such a large student body   |
| 23 | that they sometimes struggle. And we've     |
| 24 | had that feedback from parents who have the |
|    |   |

| 1  | older students that have gone on.          |
|----|--|
| 2  | So we've we ended up,                      |
| 3  | through polling our families it was an     |
| 4  | overwhelming response by our families that |
| 5  | they wanted to continue. We held an        |
| 6  | interest night. And we opened it up to     |
| 7  | parents of fourth and fifth graders. We    |
| 8  | even had parents of kindergartners show up |
| 9  | that were like they said, "Don't leave     |
| 10 | us out. We want a say. We're interested    |
| 11 | in this."                                  |
| 12 | Our fourth and fifth graders               |
| 13 | have told us what sports they want. They   |
| 14 | have helped us to build the Academy into   |
| 15 | what it should be. And we continue to      |
| 16 | listen to all of their voices. And that is |
| 17 | where our application came from. So it     |
| 18 | came with lots and lots of heart and love  |
| 19 | and interest and exploration of our        |
| 20 | families, which includes our community and |
| 21 | our students as well.                      |
| 22 | So and, then, the academic                 |
| 23 | rigor, obviously, is something really      |
| 24 | important to us. And we are making sure    |

| 1  | that we're preparing our students well for  |
|----|---|
| 2  | academic success. So not only are we        |
| 3  | focusing on the social and emotional side   |
| 4  | of building up them to be leaders but we're |
| 5  | also focusing on the academics by taking a  |
| 6  | look at our curriculum that was in place    |
| 7  | and building in supplemental pieces for     |
| 8  | that, as well as moving into a completely   |
| 9  | new ELA curriculum, because the one we had  |
| 10 | just wasn't cutting it.                     |
| 11 | So I thank you for your time.               |
| 12 | And I'm sorry I said so much.               |
| 13 | Thank you.                                  |
| 14 | MR. TRAVERS: Are there any                  |
| 15 | other representatives of the school that    |
| 16 | would like to speak at this time?           |
| 17 | Okay. At this point we will                 |
| 18 | accept comments from anyone else who is     |
| 19 | signed up to speak. I'll call your name.    |
| 20 | Please remember to repeat your name and     |
| 21 | have a seat at one of the chairs up front.  |
| 22 | We have Jennifer Jurczak.                   |
| 23 | MS. JURCZAK: Yes.                           |
| 24 | Hi. I'm Jennifer Jurczak.                   |

| 1  | It's J-u-r-c, like in cat, Z, like in       |
|----|---|
| 2  | zebra, a-k.                                 |
| 3  | My son has gone to the school               |
| 4  | from kindergarten. He is currently in       |
| 5  | fourth grade. And we actually decided to    |
| 6  | choice him outside of the Caesar Rodney     |
| 7  | School District where we live. It's the     |
| 8  | best choice that we have made.              |
| 9  | There was a time earlier when               |
| 10 | he was in second, third grade we decided,   |
| 11 | you know, we might put him into another     |
| 12 | school. But the way that everything has     |
| 13 | gone this year and it's so different.       |
| 14 | Everything is just so amazing. We decided   |
| 15 | that we definitely do not want to do that.  |
| 16 | Sorry.                                      |
| 17 | He was diagnosed with autism                |
| 18 | this year. And this school was              |
| 19 | instrumental in helping us, where we've     |
| 20 | been trying to get that for many years to   |
| 21 | try to get the extra help. Now he's in so   |
| 22 | many different supports. We had taken him   |
| 23 | to services through Caesar Rodney before he |
| 24 | started school, and we couldn't even get an |
| -  |   |

| 1  | appointment to get in to talk with them     |
|----|---|
| 2  | about different things. The school has      |
| 3  | completely changed our lives.               |
| 4  | He is now, like, going out                  |
| 5  | thinking about stuff beyond himself to do.  |
| 6  | They had a teacher that had an unfortunate  |
| 7  | situation where her home burnt down. And    |
| 8  | he took every bit of the money that he had  |
| 9  | been saving to give to her because he       |
| 10 | wanted to help her something that he        |
| 11 | never would have done before. But it was    |
| 12 | because of what he was taught at the        |
| 13 | school. So there's definitely life          |
| 14 | changing things from the school.            |
| 15 | So I just we'd love to keep                 |
| 16 | him in through sixth grade. If they could   |
| 17 | even go through eighth grade, we could keep |
| 18 | him there. So I just wanted to say that.    |
| 19 | Thank you.                                  |
| 20 | Sorry for getting emotional.                |
| 21 | MR. TRAVERS: Jeffrey Jurczak.               |
| 22 | MR. JURCZAK: My name is                     |
| 23 | Jeffrey Jurczak. And I really like this     |
| 24 | school so much, because being they have     |
| L  |   |

| 1  | a very nice staff, just like my teacher.    |
|----|---|
| 2  | And I forget the rest.                      |
| 3  | MS. JURCZAK: Just speak from                |
| 4  | your heart, honey. You don't have to        |
| 5  | there's no script or anything. You just     |
| 6  | tell the truth.                             |
| 7  | MR. JURCZAK: And I love my                  |
| 8  | technology teacher and teacher, I mean.     |
| 9  | And my art teacher. And my gym teacher.     |
| 10 | They're so nice.                            |
| 11 | That's it. That's all I want                |
| 12 | to say.                                     |

| 15 | MS. BACU: Yes.                              |
| 16 | My name is Mrs. Bacu. I'm                   |
| 17 | actually the math specialist at Academy of  |
| 18 | Dover Charter.                              |
| 19 | I want to add on to what                    |
| 20 | Jeffrey said. We are a small school, but    |
| 21 | we have a big vision. And the teachers      |
| 22 | generally care and are passionate about the |
