(SAR-Z)

# What is dual enrollment?

Georgia's Dual Enrollment program allows high school students to

**earn college credit while satisfying graduation requirements and working on their high school diploma.**

The Dual Enrollment program covers:

- tuition,
- mandatory fees,
- and required textbooks. (gaFutures)

# Benefits

- Introduces students to college-level coursework.
- Earning college credits while still in high school may enable students to graduate early and/or possibly even earn an associate degree, diploma or certificate.
- Helps students adjust to certain aspects of the college experience (e.g., classes, coursework, and instruction, being on a college campus) so the transition from high school to college may be easier.
- Students who participate in a dual enrollment program are more likely to go to college and get a college degree.

# Benefits Continued...

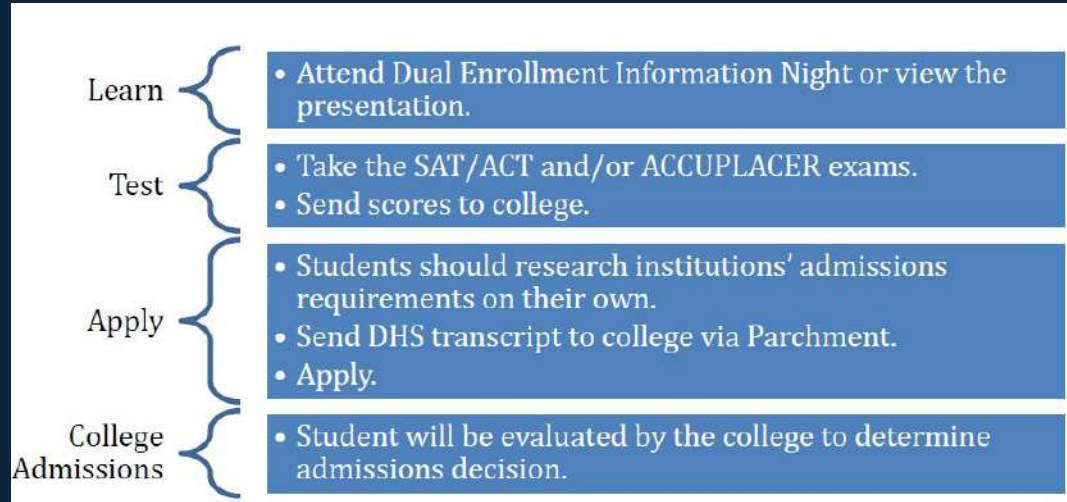

- Students may be able to take classes that are not offered at their high school, especially in subject areas they are interested in for a potential career.
- Participating in a dual enrollment program demonstrates a student's ability to handle more difficult coursework which is something college admissions officers may look upon favorably during admissions and recruiting.
- Taking college-level classes while still in high school may build confidence and encourage those students who may not be thinking about college to reconsider. (gaFutures)
- Save Money, Save Time

# Who should participate?

- Students who are **self-motivated** and **self-starters**.
- Students in the program are **independent** and are **responsible for attending class on their own**. It is the student's responsibility to check in with counselors or advisors while participating in the program.
- Remember- students will be in courses with postsecondary students.

# How it works...

## Part 1 (Student)

\*Students are strongly encouraged to complete these steps on their own. It is our hope that completion of these tasks will mark their readiness to enter the program.

# How it works...

## Part 2 (Parent-Student-Counselor)

College Admissions	<ul style="list-style-type: none"><li>• Student will be evaluated by the college to determine admissions decision.</li></ul>
HS Counselor Parent/Guardian and Student Meeting	<ul style="list-style-type: none"><li>• Email your counselor to set up a meeting time to discuss the program and course selection.</li><li>• Counselor will assist with filling out Student Participation Agreement from FCS.</li></ul>
Funding	<ul style="list-style-type: none"><li>• Student must log on to <a href="http://www.gafutures.org">www.gafutures.org</a> and complete the online Dual Enrollment Funding Application. Students are required to complete the online Dual Enrollment Funding Application each semester they participate.</li></ul>
College Course Registration	<ul style="list-style-type: none"><li>• Student must set up a meeting with an advisor at the college to register for classes. The college advisor will be your point of contact at the college level.</li></ul>
Schedule	<ul style="list-style-type: none"><li>• Each semester, students must submit the most up-to-date copy of their college schedule to their counselor. Student's high school schedule cannot be altered and funding cannot be approved without the college schedule.</li></ul>

# What kind of classes can I take?

- 1 college class (3 credit hours)=1 high school credit

# Ask yourself...

- What grade do you plan to participate?
  - Most students participate as juniors or seniors due to maturity and transportation
- Do you plan to participate full-time or part-time?
  - You can still play sports if you are full-time
- What type of classes do you want to take?
- **Can you advocate for yourself?**
- Are you passing your high school courses?
- Are you comfortable researching and applying college on your own?

# Things to consider...

- College Schedule (MWF, TH, Online)
- High School Schedule
- Differing HS and College calendars:
  - Fall Break, Spring Break, Midterms/Finals
- **You are beginning your college GPA. Dual enrollment courses start your college GPA and are factored into your HS GPA.**

# Things school counselors cannot manage...

- Class times at the college
- Grading systems at the college
- Professor/student issues
- Attendance at the college
- Add/Drop/Withdraw Period

# AP vs. Dual Enrollment

## AP Course

- AP test determines credit given at college
- Coursework is consistent across the nation
- Cost associated with AP exams
- Higher level institutions prefer that students max out AP courses before taking dual enrollment

## Dual Enrollment

- Grade in course determines credit given (Instant; most will transfer)
- Coursework varies by institution & teacher
- Tuition is free
- Dual enrollment courses will remain on college transcript (start your college GPA)

# FAQs

- **Does DHS add any rigor points to courses that I take at a college?**
  - Students will receive 1.0 Quality Point to their GPA when taking any Dual Enrollment course.
- **Can I still participate in school activities if I attend college full time?**
  - Yes, you can still participate in all school activities. If you are an athlete, you must take a minimum of 5 college classes (2.5 credits per semester) to remain eligible to play.
- **Will Dual Enrollment classes count against my HOPE hours?**
  - Courses do not count against any maximum hourly caps for the HOPE scholarships or grants.
- **Will my student be responsible for the End of Course (EOC) Exam?**
  - As of November 2016, Dual Enrollment students are exempt from the following EOC's when taken in Dual Enrollment: American Literature, Physical Science, US History, and Economics.
- **Can I participate in Dual Enrollment over the summer?**
  - Yes, if a student enrolls in Dual Enrollment courses during the summer session, the course, grade, and credit will be posted on the high school transcript. There is no option to deny credit.
