

Ecological Footprint Project

Your report should include:

- A cover page that you can decorate.
- Questions and answers from the packet
- Bar Graph of Ecological footprints from around the world
- Ecological Footprint Lifestyle Worksheet
- Your Ecological Footprint Info from interactive website

Your Ecological Footprint

You will need to research the following website to determine your ecological footprint:

www.footprintnetwork.org

Answer the following questions:

1. How many planet Earth's are needed to provide enough resources if everyone lived like you?
2. Draw the pie graph of how your Ecological Footprint breaks down. Please include labels.
3. How many global acres of the Earth's productive area are needed to support your lifestyle? How many tons of CO₂ do you produce?
4. Click on explore scenarios and list 6 "what ifs".
