

## **FY10 Dual Enrollment Justification Summary**

GaDOE and Technical College System of Georgia (TCSG formerly DTAE) advise the continued use of the existing DE Matrix for the 2009- 2010 school year. If there are critical employment needs in your area warranting agreements outside of the Matrix, justification summary documentation will be required. The "Dual Enrollment Justification Summary" (see attachment) includes community labor demands, academic rigor, pathway connection, and estimated enrollment numbers. The attached document should be signed off by the CTAE Director, Principal, and College Dean before submitting it to GaDOE and TCSG. Also, the "Dual Enrollment Justification Summary" documentation should be available at the system site during annual 5-year reviews.

Please submit a scanned copy of your justification summary to **both** Gary Mealer, GaDOE- ECP Coordinator ([gmealer@doe.k12.ga.us](mailto:gmealer@doe.k12.ga.us)) and Sheila Caldwell, TCSG – High School Initiatives Coordinator ([scaldwell@tcsge.edu](mailto:scaldwell@tcsge.edu)).

**\* NOTE:**

***Deadlines for reviews must be submitted by June 1, October 1 and January 1 annually to the Dual Enrollment Committee.***

***Courses to be added must align with a Career Pathway or Program of Study to be considered.***

***Notification of approvals and denials will be submitted by June 30, October 30 and January 30 annually to all requesting parties.***

***All approvals will be updated on the Dual Enrollment Matrix.***
