

EDUCATOR EVALUATION GUIDANCE 2022-2023

DPAS-II FOR TEACHERS AND SPECIALISTS

The following guidance is for the implementation of the DPAS II System for Teachers and Specialist for the 2022-2023 school year. For more detailed information about the evaluation systems, please refer to the full manual(s).

Summative Evaluations

Novice educators will receive a summative evaluation this year. **Experienced** educators, who did not receive a summative evaluation in 2021-2022, will receive a summative evaluation this year. All 18 criteria shall be observed and rated unless criterion was approved for exclusion by the Department of Education. The ratings from previously completed observations and feedback from the 2021-2022 school year may be used if the performance level was previously satisfactory. Component V will be included as part of the final summative evaluation ratings. This will mean that the summative evaluation rating will be based on the five equally weighted components. The Summative Evaluation rating will be determined using the sum of all five Components, in accordance with the following chart.

Component Rating	Point Value
19 or 20 points	Highly Effective
14-18 points	Effective
9-13 points	Needs Improvement
5-8 points	Ineffective

Student Improvement Component

The student improvement component (Component V) will be required in the evaluation cycle with modifications to Measure A requirements, as outlined in House Bill (HB) 133.

Group Assignments

- Group 1
 - ELA and/or math Teacher of Record for grades 4-8
 - Give grades for at least 10 students
 - **May use SBAC as a data point but not required**

- Group 2
 - Teacher of Record
 - Give grades for at least 10 students
 - Has an **available Measure B** assessment for grade or subject

- Group 3
 - Teacher of Record with **no available Measure B** assessment for grade or subject
 - Specialist

- Educators will be required to select two data points dependent upon assigned Groups. An educator may select one of the following options:
 - May use one measure for at least two different cohorts
 - May use two different measures for at least one cohort
 - May use two different measures for two different cohorts

- HB 133 outlines that Measure A shall not be required. Educators may select to use a Measure A assessment at their discretion. The following guidance is provided if Measure A is selected:
 - The educator will need to set growth goal targets. Growth goal targets will not be generated by the DDOE.
 - The educator shall be assigned as a **Group 1** Educator.
 - Class rosters shall **be at least 10** students.
 - Educators should analyze individual student scale scores from the previous year and work with their administrator to determine an acceptable level of student growth for meeting ratings of “Exceeds”, “Satisfactory”, or “Unsatisfactory”.

- Measure B: Content Assessment
 - Measure B can be comprised of three types of content measures:
 1. Internal measures that are educator-developed and DDOE approved specific to subjects and grade levels.
 2. External measures are created by outside agencies (not district/charters) that are DDOE-approved and can be used at the discretion of each district/charter.

- Educators will engage in a Measure Selection/Goal Setting conference as soon as baseline data has been collected and/or before October 31, 2022. For any educator hired after October 31, 2022, he/she must engage in the Measure Selection/Goal Setting conference as soon as possible. Goals should be a minimum of 4 weeks in length.

Observations

Observations are not to begin until students have been in attendance for five (5) full school days. Observations shall be completed before the last five (5) school days with full day student attendance.

- Experienced Teachers/Specialists shall receive a minimum of one (1) Announced or Unannounced Observation. Observations may vary in length, but the total observation time must be a minimum of thirty (30) minutes. For example, an Administrator may collect evidence from two (2) fifteen minutes observation sessions or three (3) ten (10) minute observation sessions. **The observation for a teacher/specialist may extend over several classroom visits to gather appropriate data and assess the teacher/specialist’s performance.**
- Novice Teachers shall receive a minimum of three (3) Announced or Unannounced Observations. Observations may vary in length, but the total observation time must be a

minimum of ninety (90) minutes. **The observation for a novice teacher may extend over several classroom visits to gather appropriate data and assess the teacher's performance.**

- Novice Specialists shall receive a minimum of two (2) Announced or Unannounced Observations. Observations may vary in length, but the total observation time must be a minimum of sixty (60) minutes. **The observation for a novice specialist may extend over several visits to gather appropriate data and assess the specialist's performance.**
- Administrators will be required to observe and collect evidence on all of the DPAS II criteria as outlined in the DPAS-II Guide for Teachers and Specialists. A school district or charter school may waive one (1) criterion identified for each of the five (5) Appraisal Components. Waived criteria must be approved by the Department no later than the last day of July of each year. Final notification of any such waiver shall be provided to all teachers and/or specialists in a school district or charter by the last day of September 2022.

DPAS II Administrators System

The following guidance is for the implementation of the DPAS II System for Administrators for the 2022-2023 school year. For more detailed information about the evaluation systems, please refer to the full manual.

Student Improvement Component

- The student improvement component (Component V) will be used to determine an overall summative evaluation rating.
- Administrators may choose to use Measure A at their discretion. If Measure A is selected, the administrator will need to set his/her own growth goal targets. Growth goal targets will not be generated by the DDOE.
 - If Measure A is selected, administrators MUST also use one (1) Measure B OR one (1) Locally Determined Measure
 - If Measure A is not selected, administrators MUST use two (2) Measure Bs OR (1) Measure B and (1) Locally Determined Measure.
- Administrators will engage in a Measure Selection/Goal Setting conference as soon as baseline data has been collected and/or before October 31, 2022. For any administrator hired after October 31, 2022, they must engage in a Goal Setting conference as soon as possible.
