

Eggstraordinary Outdoor Art Exhibit

What is The *Eggstraordinary Outdoor Art Exhibit*? The Exhibit will consist of 25 large (3 ft. x 5 ft.) fiberglass eggs that will be artistically created by local artists for display at various locations in the county. The Forsyth County Parks and Recreation, the Sawnee Artists Association, Cumming-Forsyth Arts Council, and the Sawnee Woman's Club with grant funding provided by Forsyth County Arts Alliance have designed this project to raise art awareness in Forsyth County. The project will allow clubs, organizations, churches, schools and businesses to take part in a fun outdoor art exhibit on their site. The eggs are made of long lasting fiberglass and will be mounted and secured throughout the community once they have been created. These eggs will be created according to set specifications to ensure longevity of the project display. The egg shape was chosen to honor Forsyth's historical poultry industry.
