# Elements of Art Flip Book

For the elements, we are going to create this infographic type resource. Lightly folding the paper in half to find the mid-way point, Fold the sides to the halfway point and then measure out seven equal sections.

From there, cut slits to the fold.

On the front illustrate the elements of art. (Use the RED ARTTALK BOOKS for assistance. WORK IN GROUPS if you need to.

#### For It Devest in 2000 1400, to the resign and might be for hooms the comments or drim - copress that have a alesesans i recent, much send Septe), don't be standing as therefore or produce from the Space - Center in and man escept to the emproise and one better forthere are to be within about Oney and from the orders to pay amost and within the Colops strong in an wat of district from infliction of higher have by umu atteam 104. Klajapat cam properties; here value and injection of antiarenes & ends a below every Value - element of ant squat deprices the traction of Lymps of an other than agent at the author, drives also stated as the state of the state TRYCHIE- man in him though but py line 48 if the mide feet a Dealest Tarber N party and buy deale any Said, Injury San June Though be smaller express and along or mak disebut

#### Step 4

On the inside, write the definition of each element. Also on the inside flaps, break down each element a little further with their illustrations. For example, shapes and forms can both be geometric or organic. You can showcase different shading techniques for value, different color schemes for color, and implied vs. actual texture for texture.

Decorate the front in a creative way.
