ParenTeen Connect

[ParenTeenConnect.org](#) is a free resource for parents that provides expert advice and practical tools for dealing with real parent-teen issues. **About This Project:** [ParenTeenConnect.org](#) interviewed parents and teens from across the country about the issues that cause conflict in their lives, including screen time, independence, responsibility, and communication. Then we asked parenting expert Dr. Laura Kastner for advice on how to tackle these issues. Using these interviews and Dr. Kastner's expertise, we created a website especially for teens and their caregivers, where they can

hear from real families, get expert advice, and learn about practical tools to help them connect and communicate with each other.

HERE TO HELP

Supporting Student Well-Being and Mental Health

The Here to Help logo was created to visually represent this commitment. The place marker—an upside-down tear shape—is a commonly used symbol on maps to identify where something can be found. Kalo, the official state plant of Hawai'i, "expresses the spiritual and physical well-being" of Hawai'i's people, and also "symbolizes the environmental, social and cultural values important to the State." Together, these two images convey a message of being present for students in the development of their well-being.
