

End-of-Course Exam
Credit Acceleration Program Request

A feature of the new End-of-Course Exams in the state of Florida is that students are able to earn credit for a class they have yet to take depending on the year they entered 9th grade. We are able to offer this opportunity for students in the assessment areas of Algebra 1, Geometry, and Biology. If you are interested in availing yourself of this opportunity, please complete the following information.

Note: In order to CAP out of the Algebra 1 class, you must have entered 9th grade during the 2011-2012 school year or later. In order to CAP out of the Geometry and Biology classes via these assessments, you must have entered your 9th grade year during the 2012 – 2013 school year or later (current middle school students)

Student Name: _____

Student Number: _____

School Year

Entered 9th grade: _____

**Email address for
quick contact:** _____
