

Journal Entry

Out of all of the many locations in Georgia that we discussed in class this year, list 2 that you would like to visit and tell why. (These places can be current or from the past).

Today we will begin working on our End of the Year Project for GA History

You and a group of no more than 4 people, will be making your very own Georgia Traveler video, showcasing at least 3 places that we have discussed in class

These places can be present-day locations or you may “travel back in time” to a place where a historical event occurred

Your video must be at least 5 minutes long and be organized, seeing as you’ll have a week to work on it

It is due by the end of class on Monday May 16, 2016

Today we will watch a Georgia Traveler episode for you to take notes on so that you can see how each episode is setup and organized.

Tomorrow and the rest of this week, you will be working in your groups on your video.

You need to record your video on someone’s phone and show it to me by the end of the due date.

On Friday, we will go outside for groups to start recording.

RUBRIC for GA Traveler Project
