

## **AUBURN DISTRICT # 10 VISION**

The Auburn School District will work toward the goal of developing in all students the knowledge, understanding, skills, and attitudes that will enable all students to lead productive and fulfilling lives in a complex and changing society.

## **AUBURN ELEMENTARY MISSION**

The mission of Auburn Elementary School is to provide students with a quality educational program in which each and every student can and will learn to their fullest potential.

To All Students and Parents:

This handbook has been prepared to share basic information about Auburn Elementary School. The staff and administration hope you will take time to read the contents. If you have questions about anything in this handbook or about decisions made in our school building throughout the year, it is best to first contact the faculty person or building principal who was directly involved in making the decision. If your questions are not satisfactorily answered at this level, arrangements will be made for a conference with the superintendent. If your questions are not satisfactorily answered at this level, arrangements will be made for a conference with the Board of Education.

A clear understanding and observance of school policies and procedures by all concerned will help to assure a pleasant and productive school year. We have tried to organize the handbook in a logical manner, but would recommend parents read the entire contents to become familiar with the material. The students in our district deserve the best educational program possible. Working together we can and will have such a program during this school year.

## **ABSENCES**

The word "principal" in this section also means "authorized office personnel".

The legal obligation for regular and continuous school attendance rests with the parents. Irregularity in school attendance is a serious handicap to the progress of the pupil. Absences from school will be excused for the following reasons:

1. Illness of a student or illness of a parent or guardian.
2. Attendance at a funeral of a relative or a close friend of the family or attendance at a religious service.
3. Doctor or dental appointment which has been approved in advance by the principal. Parents must call or send a note requesting early dismissal on the day needed or prior to the day needed.
4. Required appearance in court as evidenced by a court summons or court order/attorney request.
5. Participation in a school sponsored/approved event.

## **EXCUSED ABSENCES**

In order for a student to obtain an "excused" absence to re-enter class after having been absent, the following steps must be followed:

1. A parent or guardian must call the elementary school office on the day of tardiness or absence to report the reason for the student missing school. The office telephone will be covered from 7:40 A.M. until dismissal time each day to receive such calls. Parents, please call the office prior to 9:00 A.M. on the day of the absence.
2. No phone call excusing an absence will be accepted more than thirty-six (36) hours (1 1/2 days) after the absence begins. After that time all absences will be unexcused.
3. If the telephone explanation falls within the guidelines for which tardiness or absences are excused, the T/A will be "excused." If the explanation does not fall within the guidelines or the proper procedure is not followed, the T/A will be "unexcused."

If no phone call is received the absence will be unexcused and the student will have make-up time. Work must be made up and minimal credit will be given. It is the parent's responsibility to see that the school office is notified within thirty-six (36) hours when the student is tardy or absent.

4. For the student whose family does not have a phone, special arrangements will be made. If you don't have a phone, please see the principal or the secretary.
5. The student will be allowed to make up work missed for excused absences. The teacher will designate the make up work for which the student will be given a grade. This work will be averaged in for the nine week's grade. Failure to turn in completed designated work, within the designated time limit will result in a "zero" for the absence.
6. Once a student arrives at school or on the school grounds, the student may not leave without proper clearance from the office. This also applies to the time before the 1st bell rings in the morning.
7. Once a student has accumulated 9 absences for the year, they must have written doctor's verification for any additional absences or have the absence counted as unexcused. Doctor's excuses must be submitted within three days after returning from school in order to be excused. Extenuating circumstances should be discussed with the principal.

### **UNEXCUSED ABSENCES**

Any absence from school not classified by the principal under the excused absence statement will be an unexcused absence for which the student must do make-up time and minimal credit will be given. In the case of continued unexcused absences, the principal shall take whatever action is necessary to reduce the problem.

### **TRUANCY**

A student whose absence from school for any part of the day does not apply within the "excused" absence statements will be considered truant. When a student returns to school after a truancy, make-up time will be given. Work must be made up and minimal credit will be given. Students will be given an "I" for incomplete in all subjects on their report card until their makeup time is completed. If truancy continues, the parents will be contacted by the Regional Superintendent's Office who will take further action against the parents and student in order to bring about regular attendance.

### **TARDINESS**

A student who is late for school will be considered tardy and must report to the principal's office for a "permit to enter" before entering the classroom. The building principal shall have the prerogative of deciding whether the student has an excused tardy or is truant. Tardies are closely monitored and reported to the Sangamon County Truancy officer. Parents will be notified of excessive tardies and students will be subject to discipline.

### **FAMILY VACATION ABSENCES / PRE-ARRANGED ABSENCES**

**Family vacations are discouraged during the school year.** If a family is leaving on vacation during a time when school is in session and the parents require that their students go with them, special arrangements must be made with the principal **at least one week** in advance of the date the student will be leaving with the family. Generally, we will allow this as an excused absence if prior arrangements are made, the student gets assignments from teachers prior to leaving and turns in all assignments no later than the 2nd school day after returning.

Phone calls from parents can be accepted for such absences when an emergency arises. When proper procedures are followed, such absences can be excused absences.

This policy and procedure shall also apply when parents give permission for their student to be absent from school for an activity or special event for which they think is worthwhile to be absent from school.

### **RELEASE TIME FOR RELIGIOUS INSTRUCTION/OBSERVANCE**

A student shall be released from school, as an excused absence, for the purpose of observing a religious holiday. The parent/guardian must give written notice to the district 5 days before the students anticipated absence. The parent/guardian written notification of the student's anticipated absence shall satisfy the district's requirements for a written excuse when the student returns to school.

### **ILLNESS AT SCHOOL**

Students who become ill at school will be sent to the school nurse for consultation at times when the nurse is assigned to the elementary building. At all other times, students will be sent to the office. If the nurse or office personnel feel that the student should be sent home, every attempt to contact a parent or guardian will be made. Parents should pick ill students up at the office. Students will be sent home only if it is felt that it is in the best interest of the student and the rest of the student body. In some instances, the nurse or office personnel may take the student to his/her home if the conditions warrant this procedure.

**PARENT NOTE: If your child is running a fever, vomiting, or has diarrhea, he/she will need to be free of symptoms for 24 hours before returning to school.**

### **MEDICATION AT SCHOOL**

The school office personnel **cannot** give Tylenol to students unless the parent has signed a Tylenol permission form. If your child must take medication prescribed by a doctor, please send a note from home and /or the doctor informing the nurse of this. The medication bottle must be labeled with the following information:

**STUDENT'S NAME - NAME OF MEDICINE - DOSAGE - TIME TO BE GIVEN**

Medication cannot be given unless a note is received and the bottle is labeled properly.

Medication that is prescribed three (3) times a day can usually be given before the student comes to school, after school, and again at bedtime.

**SELF-ADMINISTRATION OF ASTHMA MEDICATION**

The Illinois School Code allows students to self-administer asthma medication if appropriate conditions are followed and required forms are completed by the parents/guardians and the physician (or healthcare professional) licensed to prescribe such medication and placed on file with the building principal.

Forms for Self-administration for Asthma Medication are available in the office of the School Nurse.

**INJURY/SICKNESS PROCEDURE**

In case of serious injury or illness to a student or teacher in the school building or on the school grounds, the following procedure should be followed:

1. Immediate notification of the Elementary office personnel by a student or the teacher while someone administers proper first aid.
2. Office personnel will notify parent/guardian or spouse and ask for instructions for hospital, or doctor preference, or treatment preferred.
3. If it is deemed necessary the rescue squad or ambulance shall be summoned by the Elementary office personnel.
4. If it appears to be an extreme emergency, and no doctor or ambulance is available to respond to the call, the office personnel shall use their best judgment in obtaining help for the individual, including taking the individual to an emergency room.
5. An accident report shall be filed in the office as soon as possible giving all details including information from witnesses as to what happened.
6. First Aid shall be given in all cases of injury, no matter how insignificant the injury may seem to be. The key words for all teachers and students in situations such as this are "reasonable and prudent" and "rather be safe than sorry."

## STUDENT SECURITY

To insure the safety of our students, children are always to be picked up for appointments, emergencies, or illness from the school office. Children are **NOT** to be picked up from their classroom, the playground, or the nurse's office. Only a parent, guardian, or designee may pick up a child from school.

If your child is not to be taken from school by a divorce decree, the school must have a legal document stating this. This is for the protection of the child.

Entrances to the school building will be secured once the school day begins. Parents and visitors must buzz the office from the outside intercom box and wait for the office personnel to admit them to the building. **Upon entering the building, all visitors / parents must report to the school office, sign in, and obtain a visitor's badge to wear while in the building.**

## VISITORS

Parents are always welcome to visit their child's classroom during the school year. When visiting a classroom, parents need to make prior arrangements with the teacher and **report to the office upon entering the building.**

To deliver a message or forgotten materials, please report to the office so the message can be delivered at a time that will not interrupt regular classroom instruction.

Student visitors from other schools must make prior arrangements with the principal before their visit.

**All visitors must report to the office and sign the visitor sheet.**

## CHILD ABUSE REPORTING

Anyone in the state of Illinois, who works daily with children, is under legal obligation to report to the Department of Children and Family Services any suspicion of child abuse. (Abused and Neglected Child Reporting Act {Ill. Rev. Stat.1985 Ch. 23}) It is not the school's job to investigate-we cannot do that. Investigation is the duty of the Department of Children and Family Services. We will call in reports as we are legally obligated to do and as we should do as caretakers and nurturers of children.

## VOLUNTEER PARENTS

All volunteers are to complete the **"Volunteer Record Check Form"** prior to assisting in the schools. **This form must be completed annually.** Forms are available in the office and must be completed at least two weeks before volunteering or attending field trips. Some teachers utilize parent volunteers in the classroom. The individual

teachers make this decision. Teachers who desire parent volunteers will notify parents. The library is always in need of parent volunteers. Contact the Resource Specialist if you are available to help. Volunteers are to check in at the office to receive their visitor badge before going to the classroom or library.

### **RESPECT FOR TEACHERS AND FELLOW STUDENTS**

The teachers have been employed by the Board of Education after careful investigation, interviews, and consultation. They all have completed four or more years of college preparation in order to teach. They are fully experienced and better informed than most students. They deserve, and we shall require, proper respect and courtesy to them by all students. They shall be addressed as Mr., Miss, or Mrs., as the case may be.

Students should also respect the rights and privileges of fellow students. Your experiences in this school should prepare you to live a good life. Therefore, we should recognize and respect the abilities and achievements of our fellow students. We should never ridicule mistakes or shortcomings because none of us are without some of our own. Kindness, thoughtfulness and consideration of others will make all our lives enjoyable here in the Auburn schools.

### **STUDENT RELATIONSHIPS WITH SCHOOL EMPLOYEES**

**ALL SCHOOL EMPLOYEES**, not just teachers and administrators, are hired to serve the students. It shall be the duty of the school administrators to see that all employees carry out their assigned duties in the best interest of all students. Likewise, it shall be the duty of all students to show respect for and carry out all responsible requests of **ALL SCHOOL EMPLOYEES** whether they be secretaries, cooks, custodians, bus drivers, maintenance personnel, part-time help, etc. Any disrespect, insubordination, or disregard for any school employee's requests shall be treated as if that request came from a teacher or an administrator.

### **HEALTH CARDS AND HEALTH EXAMS**

On registration day, students in kindergarten must bring a completed physical or an appointment card showing that a physical exam, required immunizations, and a diabetes screening must be scheduled prior to October 15th. If the appointment day passes and the physical and immunizations are not completed, the student will be excluded from school until compliance is met.

Dental exams are required for students in Kindergarten, second, and sixth grades which are due by May 15<sup>th</sup> of the current school year. All students entering kindergarten must have an eye exam by a licensed optometrist or ophthalmologist which is due by October 15<sup>th</sup> of the current school year.

Parents of new students entering the Auburn schools for the first time shall contact the proper building principal in regards to health card status, so that it can be determined if

they are in compliance with the Illinois School Code.

Any student moving into the Auburn School District from out of state must get an Illinois physical within one month after enrolling in school.

### **BOOK RENTAL AND INSTRUCTIONAL MATERIALS FEE**

Book rental charges will be according to the rate prescribed by the Board of Education for the school year. Persons wanting to know the rate in effect may contact the unit office or office of the principal. Rates will be published in the newspaper during summer months prior to registration.

If enrolled or dropped during the:	Charge	Refund
1st nine weeks	Full price	3/4 or full
2nd nine weeks	3/4	1/2
3rd nine weeks	1/2	1/4

### **CARE OF TEXTBOOKS**

Our textbooks are used on a rental plan. These books are the responsibility of the student and books lost or damaged will be charged to the student. Students will be charged replacement cost for a lost workbook or book and for damaged books that are not useable.

### **TRANSFER STUDENT--GOOD STANDING POLICY**

A transfer student from any public or private school, in this or any other state, who is currently out of school due to a suspension or expulsion, must complete the entire term of the suspension or expulsion imposed by the school from which the student is transferring before being admitted into the Auburn Community Unit District #10 Schools.

### **FIELD TRIPS**

School field trips are limited to a 50-mile radius of Auburn and must be determined to be of an academic or educational nature. All field trips must be approved by the building principal. Permission slips signed by a parent or guardian are required for a student to participate. All students are required to ride the bus to and from the field trip destination unless prior approval has been given by the principal.

## **CHAPERONE GUIDELINES FOR FIELD TRIPS**

Prior to attending a trip, all chaperones must complete the "Volunteer Record Check Form." **This form must be completed annually.** Field trips are an extension of classroom learning. They offer a wide variety of experiences, which enhance the learning of our students. Providing a safe environment for our students during these trips is an added responsibility for teachers and for chaperones. The classroom teacher will provide you with guidelines that are designed to help all chaperones provide a safe and educationally successful trip for our young learners.

## **GRADING SYSTEM**

The Auburn schools follow a nine-week reporting system. Report cards are distributed on Friday following the end of a grading period. The cards are to be taken home for a parent's signature and returned immediately.

Kindergarten, 1<sup>st</sup>, and 2<sup>nd</sup> grade use a system of S (satisfactory), R (remediation needed), and U (unsatisfactory).

Progress reports are sent home 4 times a year starting in second grade.

## **DISSEMINATION OF RECORDS**

Auburn Schools follows the rules and regulations governing the release of student records based on the Illinois School Student Record Act effective February 25, 1988. A complete copy of the rules and regulations are available from the building principal upon request.

Parents have the right to examine the contents of their student's record.

The school may, without consent of parents, share information regarding permanent and temporary records with other school officials, including teachers within the district who have a legitimate interest and who are involved with promoting the welfare of the student.

The records of the student shall be transferred by the records custodian of a school to another school in which the student has enrolled or intends to enroll upon request of the records custodian of the other school or the student, provided that the parent is unknown, notice may be served upon the record custodian of the requesting school for transmittal to the parents. Such service shall be deemed conclusive, and ten (10) schools days after such service, if the parents make no objection, the records may be transferred to the requesting school.

The school shall grant access to information contained in school records to persons authorized or required by State or Federal law to gain such access provided that; (a) such person shall provide the school with appropriate identification and a copy of the statute authorizing such access; and, (b) the parent receives prior written notice of the nature and substance of the information to be released and an opportunity to inspect, copy and/or challenge such information.

### **DIRECTORY INFORMATION**

The district intends, in the conduction of its business, to disclose personally identifiable information from the educational records of students in attendance in its schools that has been designated as directory information. Such information shall include name, address, gender, grade level, birth date and place, parents' names and addresses, major field of study, height, weight, academic awards, degrees, and honors, data related to school sponsored activities, organizations, and athletics, period of attendance and previous schools attended. The parent of the student has the right to refuse the release of any or all such directory information. Anyone wishing to restrict such release of the directory information may do so by notifying the school officials in writing prior to the first day of school in any school year. Parents have the right to inspect and challenge any information contained in a school student record prior to the transfer of records to another school district. Parents have the right to challenge an entry exclusive of grades in the student's record on the basis of accuracy, relevance and/or propriety.

Copies of the board's policy regarding parent and student's rights may be obtained from the Central Office. Parents have the right to copy any school student record or information contained there in. Cost per page shall be \$.35. No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit or insurance the securing by any information for the student's temporary record which such individual may obtain through the exercises of any right secured under the act. Persons who believe the district has not complied with the requirement of the "Privacy Rights of Parents and Students" have a right to file a complaint regarding such alleged failure to comply.

### **DRESS AND APPEARANCE**

Students in the Auburn Schools are expected to wear clothing in a neat, clean, and well-fitting manner while on school property and/or in attendance at school sponsored activities. Students are to use discretion in their dress and are not permitted to wear apparel that is distractive or obscene. Dress and grooming shall neither present a risk to the health, safety, or general welfare of students in the school nor interfere or disrupt the educational environment or process. The principal, assistant principal, or their designee reserves the right to ask students to change their attire if in the opinion of him or her it is necessary to maintain proper school decorum.

- ❑ Dress and grooming (including accessories) shall not be contrary to curriculum goals and/or educational objectives. Any clothing or jewelry with provocative or suggestive slogans or illustrations shall not be permitted. Clothing with lewd, vulgar, obscene or plainly offensive language or symbols, including gang symbols will not be permitted. If the clothing advertises or promotes drugs, dope, cigarettes, beer, liquor, sex, obscene gestures, or illegal or violent behavior, the student will be asked to remove the apparel.
- ❑ Hats, coats, bandannas, sweat bands, and sunglasses shall not be worn in the buildings during the school day. Bookbags shall not be carried in the buildings during the school day except upon arrival and/or departure from school.

- ❑ Appropriate footwear must be worn at all times. Flip-flops are discouraged on the playground. Shoes with wheels are prohibited and wheels will be removed and kept in the office if worn to school. Wheels will be returned upon parental request.

A student whose attire violates the school rules, creates a health or safety hazard, or disrupts the educational process will be asked to have a change of clothing brought from home or remain in an assigned in-school suspension room for the remainder of the day. Continued violation will result in an in-school suspension and a parent conference.

### **SCHOOL ARRIVAL AND DEPARTURE**

**Students should NOT arrive at school before 7:30 A. M.** Playground supervision will begin at 7:30 A.M. for students eating breakfast and 7:45 A.M. for all other students, and will end 10 minutes after school closes. The 8:05 bell requires all students to immediately line up to enter the building. The 8:08 bell allows students to enter the building in an orderly manner. Regular classes begin at the 8:15 bell. Students who enter the classroom after the 8:15 bell are tardy.

At the end of each school day, playground supervision will end 10 minutes after school

closes. All students should leave the school grounds promptly at the end of each school day. **Parents are discouraged from walking their student(s) to class each day. We are trying to build their student's independence and have them follow the morning routine of their classroom.**

### **RETENTION POLICY**

It is the policy of the Auburn School District that the retention of a student at any grade level is made only with the child's educational needs in mind.

Every student is an individual and his or her strengths and weaknesses must be considered within the general retention criteria listed below. Retention is never made as a punishment or any form of punitive measure. In every case, the main consideration is what will most benefit the student educationally.

It is generally considered more educationally sound to retain at the earliest grade levels. The chances of retention being successful may diminish as the child progresses through the grades.

#### **General Criteria for Retention**

Academic Achievement, Maturity, Previous Retentions, and Parental Support

A student must receive a passing grade in four of the five core subjects as follows in order to be promoted to the next grade: Reading, Language, Science, Math, and Social Studies.

A student who does not meet these criteria must successfully complete a district operated summer school program in order to be placed in the next grade. This program will also be available to any student who may have failed a single subject.

### **ADVERTISEMENTS, NOTICES, INVITATIONS, AND BALLOONS**

No advertisements or notices shall be read, distributed, or posted in the school or on the school premises without the consent of the Board of Education, the Superintendent of Schools, or the building principal. No political or religious poster will be approved. All students' signs, regardless of nature are to be posted in areas approved by the administration. **DO NOT POST** any signs on the walls, trophy cases, doors, etc

The distribution of birthday invitations for children's parties is discouraged at school. If, however, all students in the class are invited, arrangements may be made with the classroom teacher. The delivery of balloons and vases of flowers to students at school is discouraged. Students will not be allowed to take balloons or glass vases on the school bus, due to safety concerns. If balloons or glass vases are delivered to your student at school make sure to have transportation, other than busing, arranged for the end of the day.

### **ARTICLES PROHIBITED AT SCHOOL**

Articles which are hazardous to the safety of students or in some way interfere with school procedures shall not be brought to school. Such items include toy guns, trading cards, decks of playing cards, water pistols, radios and CD players, tape and video recorders and players, iPods, MP3 players, video games, firecrackers, hard balls, bats, pogo balls, paging devices, laser pointers, and cell phones, etc. These and similar articles will be taken from the student and returned upon parental request.

### **BICYCLES AND SKATEBOARDS**

When entering or leaving the school grounds, students are to walk their bikes **directly to or from** the designated parking area. Students are not allowed to ride their bikes inside the playground fence.

Skateboards, roller blades, and scooters may **not** be ridden on the school grounds when students are coming to or leaving school or at any time during the school day.

### **POSSESSION OF A WEAPON**

No student while on school property or while in attendance at any school activity shall possess a weapon which includes any article that would harm self, others, or physical property. Any student who has on his/her person or in his/her possession or control any item which in the opinion of the school officials can be considered a dangerous weapon shall have the object/weapon taken from him/her and turned over to the police. Students violating this policy shall be subject to expulsion for up to two calendar years.

### **BREAKFAST AND LUNCH PROGRAMS**

The breakfast and lunch programs are provided for student convenience and are operated as near cost as possible. Breakfast is served from 7:30 A.M. to 8:00 A.M. Students should not arrive before 7:30 and are to enter the building at the south cafeteria door.

We will be using a computerized program for the breakfast, lunch, and milk break programs. All students will be assigned a bar code which will be utilized to maintain breakfast, lunch, and milk charges at school. On the first day of any school week, parents may send money which will be applied to their student's account. Parents should pay in advance weekly, monthly or for any amount during the year. The cost for a school breakfast is \$1.50. The cost for a school lunch is \$2.50. Milk is offered for milk break in grades K-2 or for lunch at a cost of 50 cents per carton. Since running account balances will be kept, parents are encouraged to make payments regularly during the year to maintain a positive account balance. We strongly recommend that checks be used. Also be sure to include the student's name and teacher on the envelope.

**Since this procedure was never intended to provide credit, the school will not allow**

**a negative balance to exceed \$5.00. When a \$5.00 indebtedness is reached, the account will be frozen and no additional charges will be allowed.** Children will not be allowed to eat breakfast or a Type A lunch at that point. At lunchtime, they will be given a peanut butter sandwich and a carton of milk until the balance is paid in full. Monthly balance statements will be sent home. If you have any question about your child's account, you should call the school.

As in the past, we will be glad to forward to parents applications for free or reduced price lunches as provided through the Federal School Lunch program. These forms are available at registration, as well as, any time during the school year. Reduced breakfast price is 30 cents per day and reduced lunch price is 40 cents per day.

Students will have the opportunity to select from two choices of entrees each day at lunch.

**PARENT NOTE: You are strongly discouraged from bringing food from outside sources to eat in the cafeteria as a courtesy to the cooks and other students. Many students have food allergies and the cafeteria has to be closely monitored. Food brought into the cafeteria is not to be shared with other students. Adult lunches may be purchased for 3.05 from the cafeteria.**

### **INTERNET ACCESS**

The Internet is used in most classrooms for research of various curricular topics. Only those students with an Authorization for Internet Access Form signed by a parent/guardian will be allowed to use the Internet. Once this form is on file it is good for the entire time the student is enrolled in the Auburn School District.

### **LUNCH RECESS PROCEDURES**

Students are required to go outside at lunch when conditions warrant. They stay in when the following conditions exist:

1. When it is raining
2. The playground is not suitable for safe or clean play
3. The combination of wind and temperature is 17 degrees or below.

A parent or guardian note requesting their child remain indoors for some reason will be respected. A note from a doctor will be required if a student must remain inside for health reasons for longer than five (5) days. Parents are encouraged to send their children to school with appropriate outdoor clothing. Those students needing to stay inside for reasons of illness are to take something with them to do and will stay in a designated area of the lunchroom until time for their class to come inside from lunch recess.

None of the above affects morning or afternoon recess. Individual teachers are responsible for all recess other than lunch recess.

### **INSURANCE**

The District provides school time accident insurance for school-time injuries. In the event of injury, a form is to be filled out by the student or parent as soon as possible after the accident. School time insurance is offered as a secondary insurance and only pays after any other insurance. Parents have the option of purchasing 24 hour accident coverage. . 24 hour coverage is also a secondary policy only (pays only after any other insurance).

### **DAMAGE TO SCHOOL PROPERTY**

When malicious or deliberate damage is cause to school property, the person(s) will be held liable for replacement cost or repair. In addition, appropriate disciplinary action will be taken.

### **PERSONAL INFORMATION CHANGES**

In order to keep the record of students current, the following changes should be reported to the office: name, address, phone numbers, and parent's place of employment.

Due to the many illnesses and accidents children have, it is imperative that the school has accurate emergency contact numbers. Answering machines are ineffective in an emergency. Emergency records are maintained in the office and are to be updated any time you feel it necessary to change the name or phone numbers.

### **CLASSROOM / TEACHER REQUESTS**

Class assignments are made in April and May for the following school year. Teachers consider the personality of the child, other children in the room, and the teacher, as well as, the individual needs of each child when making class assignments. Parents should not request specific teachers but are encouraged to share information about the needs of their child for teachers to consider in making classroom assignments. The decision of the school will be final in all class assignments.

### **SCHOOL CANCELLATION**

If school is to be closed for inclement weather or other emergency situations, the superintendent will have the announcement on all the major radio stations by 6:45 A.M. The official radio station is designated as WTAX (1240 on your AM dial). In addition, an all call will be made via our school phone reach program and the information will be posted on our website. ([www.auburn.k12.il.us](http://www.auburn.k12.il.us))

Announcements for early school closing for seminars, faculty meetings, institutes, in-service meetings for teachers, etc., will be made in advance of the meeting.

### **PESTICIDE AND HERBICIDE WARNING**

With the passage of Senate Bill 527 regarding the Lawn Care Products, Application and Notice Act (415 ILCS 65/2), all schools are required to provide notice to all parents of their intent to use chemical pest and weed control agents in the building and on the grounds. The Auburn School District has monthly pesticide application after school hours. As a parent, you are also entitled to advance notification of any applications, which are to be made during the school year. If you wish to be notified when chemicals are to be applied within the school buildings or on the ground, you should notify the elementary school office. Notification should be made in writing and within the first month of each school year.

### **ASBESTOS NOTIFICATION**

This notice is to notify you that Auburn CUSD #10 has submitted its Management Plan prepared pursuant to the requirements of the Asbestos Hazard Emergency Response Act (AHERA, 40 CFR 763) for the School Facility/Facilities. Copies of the Management Plan are available in the Administrative Office of the school district and in the Administrative Office of each school building. These plans are available for your inspection during normal business hours of the office (Monday through Friday, 8:00am to 4:00pm) and during other times by special arrangement. We request that appointments be made with us to review such plans.

### **LEAD CONTAMINATION**

Congress legislated a ban on use of all lead solder and pipe as a part of the Safe Drinking Water Act Amendment of 1986. The language in those amendments requires that all public water suppliers notify their water consumers of the potential dangers of lead in drinking water, and provide information regarding steps consumers can take to prevent ingesting water containing high lead levels. To prevent lead contamination, remember:

- Use only cold water for drinking, cooking and preparing baby formula.
- If water has not been run in your home, school, or business for several hours-overnight, on weekends or during vacation periods turn on the tap and allow the water to run until you feel the temperature change.
- This will remove or flush the water, which has been standing in the pipes, and supply water directly from the public water supply distribution system piping. It is very important that school custodians flush the drinking fountains each morning before children arrive. Home softeners should not be plumbed to the cold water, which is used for drinking and cooking. A separate pipe can be installed for cooking and drinking, or the softener can be installed to include only hot water processing.
- Place a glass or pitcher of water in the bedroom or bathroom for small children or members of the family who get up in the night for a drink of water. Store some drinking water in a glass jug in the refrigerator for drinking.

### **PROCEDURES FOR HEAD LICE OCCURRENCES**

The Auburn School District follows a NIT-FREE guideline. This means any student identified to have head lice must leave school, be treated for lice, and have all the nits removed from the hair shaft before being readmitted to the school. Upon return to school, the parent is expected to bring the student and proof (empty bottle) of treatment to the school nurse for a head check to make sure all nits have been removed. If the nurse finds any nits, the student will be sent back home for complete nit removal. The student will be excused from school for two days (the day the student is sent home and the next day if the student has to go home for additional nit removal). After two days of absence for the same occurrence of head lice, the absences will be unexcused. After a student is readmitted to school, the student will be rechecked periodically for reoccurrences.

If head lice are detected on your child at school, you will be notified immediately to pick up your child and take him/her home for proper treatment. Your child's classmates will be checked that day to rule out any other incidents. Re-treatment in the household should be done in 7-10 days. Another note must be sent to the nurse indicating treatment was done. Your child will be rechecked by the nurse again.

### **SEXUAL HARASSMENT POLICY**

Auburn Community Unit School District # 10 will provide for its students an environment free of unwelcome sexual advances, requests for sexual favors, and/or other verbal or physical conduct that constitutes sexual harassment as defined by state and federal law.

No student or employee in the district shall be subjected to any conduct of a sexual nature by any school employee, by any student, or by the effect of any school policy or practice that interferes with a student's educational performance or creates an intimidating, hostile, or offensive educational environment.

Violations of this policy shall result in disciplinary action being taken.

### **NON-DISCRIMINATION**

The Board of Education has adopted policies and procedures that assure students that program access and participation is guaranteed (providing acceptable responsibility is assumed by the student) to all students in the Auburn CUSD #10. This non-discrimination assurance insures equal educational opportunities are offered to students, regardless of race, color, national origin, age, sex, religion or handicap. Questions in reference to educational opportunities may be directed to the Superintendent. While there may be exceptions because of physical or mental conditions, the basic premise is that accessibility is virtually available to all students.

### **SEX EQUITY POLICY**

It is the policy of Auburn Community Unit School District #10 that its educational and extracurricular programs, activities, services and benefits will be provided to students without discrimination on the basis of sex and that no student shall, on the basis of sex, be limited in the exercise of any right, privilege, advantage or opportunity.

Auburn Community Unit School District #10 does not discriminate on the basis of actual or potential marital or parental status, and no student in the district shall be subjected to sexual intimidation or sexual harassment by any school employee, by other students, or by the effect of any school policy or practice.

The district will also comply with federal and state equal employment opportunity requirements. Questions or concerns should be directed to the principal.

#### **--Grievance Procedure:**

Should an individual feel he or she has been denied access to some aspect of the school

operation because of sexual discrimination, the individual should first discuss the situation with the person in charge of that particular program. Should this fail to provide a satisfactory solution, the following steps should be utilized:

1. The individual or group of individuals should first discuss the situation with the Principal. The Principal will make every effort to resolve the complaint at the building level.
2. If the problem is not resolved at the building level, then the complaint may be lodged with the Title IX representative listed below. For this level the complaint must be submitted in writing, must state the nature of the complaint, indicate the specific clause or clauses of the Title IX guidelines, which allegedly have been violated and state the name, address, and phone number of the grievant(s).

Superintendent of Schools  
606 North Street  
Auburn, IL 62615

3. If the complaint is not resolved with the Superintendent, then the individual(s) may appeal directly to the Board of Education for a final decision.

### **UNAPPROVED ORGANIZATIONS/GANGS**

No organization or group of students shall conduct meetings or assemblies on school premises without prior approval by the building principal. No organization of students shall be approved which is determined by the building principal to promote disorder, violence, or racial discord.

No student shall be permitted to wear or to display or exhibit any insignia or item of apparel or other evidence of membership in an unapproved organization or gang on school grounds where the building principal has determined that such conduct may lead to disorder or violence among students. Students refusing to comply with this policy shall be subject to discipline including suspension or expulsion in accordance with the policies of the district governing student conduct.

### **TEACHER QUALIFICATIONS**

Upon request, the District will provide parents/ guardian's information regarding the professional qualifications of the student's teachers, including, at a minimum the following:

1. Whether the teacher has met the State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under emergency or other provisional status.
3. The teacher's baccalaureate degree major and any other graduate certification or degrees.
4. Whether paraprofessionals provide services to the student and, if so, their qualifications.

## **TITLE 1**

Title I money is provided through the Federal government to give individualized and small-group assistance to students who are experiencing difficulty in reading and writing. This extra help will be given to students who have the greatest need based on reading achievement scores and teacher recommendation.

Parents are encouraged to be involved in the Title I program through helping plan, implement, and evaluate parent involvement activities.

## **SPECIAL EDUCATION**

Auburn School District, through membership in the Sangamon Area Special Education District, offers a broad spectrum of services for students with special needs from birth to 21.

Programs are designed to meet the needs of students who have significant learning problems which prevent them from being successful in a regular classroom. In most cases, the services are offered at the district schools either on a part-time or full-time basis. An exception to this would be for students who have a severe and/or unique disability which requires placement in a neighboring district.

Before a student is evaluated and placed in a Special Education Program, parents or legal guardians are involved in the process and must give their permission to proceed. In addition to the aforementioned programs, other support services are offered including speech and language therapy, psychological evaluations and consultations, social work consultations and counseling. When needed, hearing and psychiatric evaluations are also available. Referral may be made by parents, teachers, or any authorized agency through the principal. To the maximum extent possible, students with disabilities are to be educated in the least restrictive environment and with their regular education peers.

A few severely handicapped students require services that cannot be provided by public schools and are, therefore, placed in private day programs or residential programs. As the parent of an exceptional child you have certain rights that are safeguarded by state and federal statute. Your rights pertain to records, independent evaluation notice, consent, hearing, evaluation procedures, least restrictive environment, confidentiality, and legal costs. If you have further questions about these rights, you may contact the Auburn school district. You are entitled to a copy of the rules regarding special education upon request.

## **AUBURN SUPPORT TEAM**

The Auburn Support Team is a partnership which links students, staff, parents, and the community to create an environment that will help support students in the areas of academics, behavior, health, and attendance so they may become life long learners. Any concerned individual may contact core team members about their concerns for a student. The core team will look at the need for an action plan to address any problem areas identified by the data and to develop any intervention strategies that may be needed.

### **INTOXICATING LIQUOR, DRUGS, AND TOBACCO**

No person shall bring to nor upon the school premises or premises under school jurisdiction or have in his or her possession upon the school premises or premises under school jurisdiction, or drink, regardless of quantity any intoxicating liquor of any kind, or be under the influence of intoxicating liquor while on or upon the school premises under school jurisdiction.

No person shall bring to nor upon the school premises under school jurisdiction, or be in possession of any utensil or article intended to be used for, but not limited to, the preparation for use of any drug or narcotic substance, with the exception of drugs or substances prescribed by a physician in the treatment of a disease or condition.

Any violation of this rule by non-school personnel shall be sufficient cause for calling the police for the immediate removal of such person from the school premises or premises under the jurisdiction of the school. Any violation of this rule by a student shall be sufficient cause for school action which could result in suspension, expulsion, removal from positions of leadership, honor society, athletic squads, etc.

#### **Procedure to be followed**

1. If any school personnel feels that he/she has evidence that a student is in violation of the above statements, it should be reported to the building principal's office.
2. Following proper, lawful procedures as outlined for suspension from school in effect at that time, the student may be suspended from school for a period to be decided by the principal, and a parent-administrative conference held. The suspension shall be for a minimum of three days.
3. In due course, the principal should inform the superintendent of these actions.
4. If suspension does not solve the problem, expulsion, following proper lawful procedures in effect can result.
5. In the case where a student is found to be in possession of a suspicious substance, and the student cannot satisfactorily explain its content to the principal, the principal shall notify the parents/guardians and the superintendent. The substance may be turned over to the police for analysis. Once the content has been determined, proper and appropriate action shall be taken.
6. The student use of tobacco, having or carrying it in any form, is prohibited at all school activities and on the school property at all times. The violation of this policy by any student will bring about an automatic three-day suspension. If the violation is repeated, more severe measures will be taken.

### **CORPORAL PUNISHMENT**

Illinois law now prohibits the use of corporal punishment by school authorities. Teachers and administrators have a legal right to use reasonable force as needed to

maintain safety for students and themselves. Teachers and administrators may remove a disruptive student from a classroom and will provide due process to the student.

### **DISCIPLINE - BULLYING BEHAVIOR**

Grounds for disciplinary action apply whenever the student's prohibited aggressive behavior is reasonably related to school or school activities, including but not limited to:

### **TROJAN TRAITS EXPECTATIONS**

Students will be expected to follow school-wide rules that foster respect, responsibility, and safety. Our school expectations encourage pride, self control, and good choices. Staff members work together to promote character development and a positive learning environment so that all students can learn.

Students will follow the expectations at all times. If a violation in expectations is made, the student will turn a card on their behavior chart. All students will start off with a green card and turn colored cards if poor choices are made. The following is an explanation of the card system colors and consequences:

Green- Excellent	Yellow- Warning
Orange- Time off of recess/note home/ possible removal of privileges	
Brown- Time off of recess/note home/ possible removal of privileges	
Red- Principal's Office- Consequences vary- phone call home and discipline referral note	

Students will receive incentives throughout the year for good behavior choices. Staff members will surprise the students with "out of the blue" days with rewards given to all students on green. These rewards are not planned and can take place at anytime or place. (Cafeteria, Gym, Classroom, Hallway, etc.) A larger reward is also planned quarterly for students who do not receive an office referral during that quarter. This school wide reward is known as the Principal's Reward. Students are given a fresh start every quarter to earn the quarterly Principal's Reward.

### **DISCIPLINE CODE**

It is the philosophy of our school district to have rules and regulations which allow each student the opportunity to work and study in an environment conducive to learning. Students are expected to be honest, respectful, responsible, diligent, and to abide by the rules and regulations of the school district. All of us, at any age, are in need of structure and directions in order to accomplish our daily tasks.

The school rules, procedures, and manner in which misconduct is handled in Auburn Elementary School are presented throughout this handbook. Any questions should be directed to the principal for clarification.

This code has been reviewed and approved by the local Board of Education.

Each teacher has a set of classroom expectations which are intended to allow the teacher to conduct learning activities in a manner which affords all students the best possible conditions for learning. Classroom expectations are discussed and explained to each student at the beginning of school and the handbook is sent home for parent inspection and signature. Any questions concerning teacher expectations or the handbook should be discussed with the teacher immediately so as not to have any misunderstanding during the course of its administration.

Saturday detentions may be issued for repeated offenses or more serious infractions as deemed necessary by the administration.

## **IN-SCHOOL DETENTION**

An in-school detention is a disciplinary measure whereby the student is isolated from the rest of the students for a designated period of time. The student will report to the office upon arrival to school. The student will be required to do daily work and take tests during isolation for which earned credit will be given. Designated restroom breaks and lunch time will be given by office staff. A report to the parent is not required but may occur. Students serving an in-school detention will not be allowed to attend or participate in any school-sponsored activities the day or night of the in-school detention.

## **SUSPENSION PROCEDURE**

Students serving any kind of suspension or detention will not be allowed to participate in or attend any school activities the day or night of the suspension or detention.

### **EXPULSION**

If in-school detentions and suspensions, out-of-school suspensions, detentions, and warnings, etc., do not bring about the desired change of the student behavior, the board of education has authority to expel a student for a maximum of 2 calendar years. If a student is expelled, all relationships with the school are severed during the duration of the expulsion. The student is no longer a member of the student body.

### **ATHLETIC CONTEST BEHAVIOR**

Below are listed the rules for Auburn Elementary School students about behavior and requirements while in attendance at basketball/volleyball games in the Auburn gym.

1. Do not stomp on the bleachers.
2. Students must remain in the gym and in the bleachers during the game. Only concession workers and band members may leave early to go to their work assignments, if necessary. The concession stand is not open to students when the game is going on.
3. No drinks are allowed out of the cafeteria. When concessions are sold in the lobby,

no drinks are allowed in the gym.

4. NO WHISTLING. This is confusing to the players and the referees and is very upsetting to the fans around you.
5. Running, sliding, and horseplay in halls cannot be tolerated at any time when you are in the building.
6. If you leave the building during a school activity, you cannot return. If you have an emergency, talk to the person in charge of supervision for that activity to explain your problem.

The principals or game supervisors will ask you to leave the building and not return if you violate these rules. Student conduct at interscholastic activities is still governed by school policy and handbooks. Violations at these events can and will result in school penalties.

Please be reminded that principals and supervisors cannot always control the visiting crowd, but mostly visitors will act according to the example that we set. Appropriate behavior is expected of Auburn students at both home and away contests.

In addition, due to recurring problems the following rules and guidelines will be in effect at football games at the Auburn football field:

1. Elementary and junior high students must have adult supervision to be admitted to interscholastic games, activities, etc.
2. Auburn students are to stay on the Auburn side of the spectator areas and are not to be inside the fence that borders the track.
3. At home football games, students are not allowed to play pickup football games, etc. These have occurred usually in the northwest and southeast corners of the field. Several injuries and problems have occurred in the past.

The principals or game supervisors will ask you to leave the football field area and not return if you violate these rules, and as stated above, student conduct at these events is still governed by school policy and handbooks and violations can and will result in school penalties.

## **AUBURN UNIT # 10 TRANSPORTATION BUS POLICY**

### **REGULAR BUS SERVICE**

In accordance with the School Code, free transportation to and from school shall be provided to all students living more than one and one half (1 1/2) miles from their school. Students living less than one and one half (1 1/2) miles from their school shall not be provided free transportation unless they live in an area that has been designated as hazardous. Any deviation from this policy must be approved by the Board of Education.

**STUDENT CONDUCT ON BUSES**

While the law requires the school district to furnish transportation, it does not relieve parents from the responsibility of supervision until such time as the child boards the bus in the morning and after the child leaves the bus at the end of the school day.

Grade school students will board the bus at the grade school and will remain on the bus until they arrive at home. Students will not be allowed to walk to the high school to board the bus or be allowed to get off the bus at the high school.

Once a child boards the bus--and only at that time--does the school become responsible for the supervision of students. In view of the fact that a bus is an extension of the classroom, the School Board requires children to conduct themselves on the bus in a manner consistent with established standards for classroom behavior.

School bus riders are under the jurisdiction of the school bus driver while on the bus, unless the Superintendent, Principal, or School Board has designated some other adult to supervise. Students are expected to follow the items of conduct listed herein which will make for safe and pleasant riding conditions.

1. Stay off the road while waiting for the bus.
2. Be on time at the designated school bus stop.
3. Do not move toward the bus until it has come to a complete stop. Stay back 10 feet until the bus has stopped.
4. Do not leave your seat while the bus is moving. Do not switch seats or run on the bus.
5. Remain in the bus in the event of a road emergency until instructions are given by the driver.
6. Keep head and hands inside the bus at all times.
7. Do not throw anything out of the bus windows.
8. Help the bus housekeeping. Do not throw items on the floor.
9. Avoid loud talking and shouting or unnecessary confusion.
10. Be absolutely quiet when approaching a railroad-crossing stop.
11. No tobacco in any form is allowed on the bus.
12. No eating on the bus.
13. No animals are allowed on the bus.
14. Keep all articles out of the aisles.
15. Care for the safety of smaller children who may be ill.
16. Never tamper with the bus or any of its equipment.
17. Be courteous to others at all times.
18. Do not ask the driver to stop at places other than the regular bus stop.
19. Where it is necessary for a student to cross the highway, proceed to the front of the bus on the right shoulder of the highway where oncoming traffic can be seen in both directions. Then, wait for a signal from the bus driver permitting you to cross. He, too, is watching for your safety.
20. Observe the same rules on other trips under school sponsorship.
21. Do not harass, push or shove other students.
22. Swearing and vulgar language will not be tolerated.
23. The emergency door must be used for emergency only.

24. All directions given by the bus driver are to be followed.

**PROCEDURE FOR BUS DISCIPLINE**

1. The bus driver will warn you and give the principal or assistant a bus referral report.
2. A copy of the referral will be sent to the parent.
3. Disciplinary action will be taken by the principal or assistant which may include suspension from the bus.
4. In the case of a suspension from the bus, parents must provide transportation during the time of the suspension.

**NON-RIDER STUDENTS REQUEST TO RIDE BUS ON A REGULAR DAILY RUN**

If an emergency arises and a student needs to ride a bus and is not a regular rider on that bus, the student must:

- A. Present a request note from the parent to the bus driver, if it is a request to ride in the morning.
- B. Present a request note approved by the principal, to the bus driver if it is a request to ride in the evening.
- C. The driver may refuse if he/she so desires because of special circumstances which the driver is aware of such as overloading.
