

Physical Science Homework

Lisa Simpson is working on a science project. Her task is to answer the question: "Does Rogooti (which is a commercial hair product) affect the speed of hair growth?" Her family (Homer, Marge, Bart, and Maggie) is willing to volunteer for the experiment.

Use your own **sheet of paper** to do the following:

Describe how Lisa would perform this experiment. Identify the hypothesis, independent and dependent variables, the control and experimental groups, and procedure in your description. Be sure to be specific with your procedure.
