

## This Week at Hagerty High School...

### *Principal's Message February 3, 2022*

Hagerty High School is celebrating Black History Month during the month of February. We are very proud of the diversity on our campus and excited to find positive ways to celebrate the accomplishments that African Americans have made to our society throughout our history. We are all working together to promote diversity and inclusion for all students throughout our campus!

Yesterday, I had the privilege to join a group of thirteen students at the Seminole County Leadership Conference. Our students and a couple of staff members interacted with other students and staff from around the county to create goals for leadership on each of our campuses. This year's theme was *Better Together*. Our students represented several leadership organizations on our campus that include our Student Government Association, Black Student Union, and the Gay-Straight Alliance. These students want to further develop our Interclub Council to encourage more collaboration among the various clubs throughout our campus to make a positive impact on our school community.

I am excited to work with our student leaders to continue to make a positive difference on our campus! I have attached a picture of this fantastic group of students.

Have a great weekend! Go Huskies!
