CHARACTER COUNTS! is an educational framework for teaching universal values and a national coalition of organizations that support each other. The result is a culture change in your school, business or organization. CHARACTER COUNTS! improves the lives of the adults who teach it, the communities that embrace it and the students who make better choices as a result of it

CHARACTER COUNTS!

All of the time.

“The function of education is to teach one to think intensively and to think critically. Intelligence plus character – that is the goal of true education.”

~Martin Luther King, Jr.
