# Pumping up for Kindergarten

## ***What is it?***

This event is for adults with children entering Kindergarten in the Smyrna School District for the 2022-2023 school year to learn all about Kindergarten! Kindergarten teachers and staff from across the district share an overview of Kindergarten and readiness topics, the curriculum we use to teach important early skills, as well as resources for how you can work with your child at home. You can also register your child for school during the event. Registration is from 5:30-6:30PM. In order to register your child, please bring the required documentation (found on the Smyrna School District website). A Kindergarten Spanish Immersion presentation for interested families will also be provided.

## ***Can I bring my child?***

Absolutely! While adults engage in fun learning activities, children will be able to learn and have fun in the childcare station with teachers, too. Childcare begins at 6:00PM for children ages 3 and up.
