Department of Education, Discipline Plan, Chapter 19

The following guidelines apply to all students during school hours, on school premises, on the bus, or during DOE supervised activities.

Disciplinary rules adopted by the State Board of Education and approved by the Governor were in effect as of September 10, 2009. These rules specify four classes of offenses:

Class A Offense, which must be reported to the Administration, who will determine if a dangerous situation exists and shall call the police. Offenses include but are not limited to: assault, burglary, dangerous instrument/substance, dangerous weapons, drug paraphernalia, extortion, fighting, firearms, homicide, illicit drugs, intoxicating substances, property damage or vandalism, robbery, sexual offenses, and terroristic threatening.

Class B Offense, which must be reported to the administration, who will determine if a dangerous situation exists and shall call the police. Offenses include but are not limited to: bullying, cyberbullying, disorderly conduct, false alarm, forgery, gambling, harassment, hazing, inappropriate or questionable uses or both of internet materials or equipment, or both; theft, and trespassing.

Any child found to be in possession of a dangerous weapon, intoxicating liquor, or illicit drugs while attending school, may be excluded from school for up to ninety-two (92) school days.

Any students found to be in possession of a firearm (BB gun, hand gun, air gun, paintball gun or shotgun) shall be dismissed from school and will not be able to attend school for one calendar year. Only the Superintendent of Education, on a case-by-case basis, may modify your exclusion.

Hawaii Gun-Free Schools Act:

"Be Cool! Adherence to a school attendance policy is the responsibility of the parents and student.

- Each teacher will maintain an accurate record of daily attendance for each student.
- Teachers will input attendance information into the Infinite Campus program before 8:30 a.m.
- Students are encouraged to make up all work missed during absences. Failure to do so may result in lower marks on standards-based report cards.
- At the beginning of every quarter the homeroom teacher will go over Mokulele Elementary's attendance policy.
- School attendance is mandatory under Hawaii Law (HRS).
- If a student accumulates chronic absences the school may file an educational neglect petition with Family Court.
 - If your child is absent or will be absent:
 - Notify the office and report the reason.

 - Parents are encouraged to plan vacations during non-school periods and maximize school attendance to support student learning and academic success.
- Teachers and Mokulele Elementary will record students' attendance.
- To ensure the safety of the student and to prevent truancy, the school will call the parent/guardian if he/she is absent, unless previously notified.

Mokulele Elementary

iMac, Chromebook & Laptop User Guidelines

Using the iMac, Chromebooks & Laptops:

- Only use the iMac, Chromebook and/or Laptop assigned to you. You are responsible for any loss or damages to that particular device.
- Immediately check your iMac, Chromebook and/or Laptop and report any damages.
- Use clean hands (wash your hands).
- Use all iMac, Chromebooks and or laptops with respect. Do not pound on the computer equipment, use it gently.
- Use iMac, Chromebook and/or Laptop appropriately and ethically. Only use computer programs as directed by your teacher.
- The iMac, Chromebooks and Laptops do not have a touch screen. Please refrain from touching the LCD screen with your fingers or other objects.

- Never attempt to repair or reconfigure the iMac, Chromebook and/or Laptop. Under no circumstances are you to attempt to open or tamper with the internal components of the laptop, nor should you remove any screws; doing so will render the warranty void and will result in disciplinary action.

Chromebook & Laptop Charging:

- It is the responsibility of the student to ensure their laptop is docked at the charging station at the end of the school day. Failure to do so will directly hinder the student's ability to participate in class, which could potentially impact a student's learning and performance.

Guidelines for Chromebook & Laptop:

- Laptops should only be used in settings that are appropriate for acceptable use. Cameras should NOT be used unless instructed by your teacher.
- For prolonged periods of inactivity, you should shut down before closing the lid. This will help to conserve the life and charge of the battery. Dimming the LCD brightness of your screen will also extend the battery run time. For help, consult your teacher.
- Take extreme caution with the screen. The screens are very susceptible to damage from excessive pressure or weight. In particular, avoid picking up the laptop by the screen or using excessive force when typing on your laptop.
- Always close the lid before moving and/or transporting your laptop, taking care not to close the lid on objects inside the laptop.
- When using the laptop, keep it on a flat, solid surface so that air can circulate. For example, using a laptop while it is directly on carpet can cause damage due to overheating. Take precautions when placing the Chromebook on an uneven surface.
- Students are responsible for the laptop they have been issued. Laptops that are damaged or in need of repair must be reported immediately to a teacher.
- Take care when inserting cords, cables and other removable storage devices to avoid damage to the laptop ports.
- Do not write, draw, paint or place stickers/labels on your laptop. Remember the laptops are the property of Mokulele Elementary School.
- Do not expose your laptop to extreme temperatures, direct sunlight, or ultraviolet light for extended periods of time. Extreme heat or cold may cause damage to the laptop.
- Liquids, food, gum and other debris can damage the laptop. You should avoid eating or drinking while using the laptop. DO NOT keep food, food wrappers, and/or containers of liquid (water bottle) near your Chromebook & Laptop.

Securing Your Chromebook & Laptop:

- Never leave your laptop unattended. Make sure you know where your laptop is at all times.
- Never leave your Chromebook & Laptop on the floor. All devices that are not being used should be placed on the tables or in the charging units.
- Each laptop has several identifying labels (e.g., Mokulele School serial number & assigned computer number). Under no circumstances are you to modify, remove, or destroy these labels. This will be considered property damage and appropriate consequences will follow.

Cleaning Your iMac, Chromebook and/or Laptop:

- Always disconnect computers from the power outlet before cleaning.
- Hardware maintenance of laptops will be done by the Mokulele Computer Teacher. Do not attempt to erase your hard drive.
- Students are encouraged, and will be taught how to perform simple cleaning procedures as outlined below.
- Students are encouraged to wash hands frequently before using the laptop to avoid buildup on the keyboard & touchpad. Grease and dirt can cause the cursor to jump around on the screen.

- Simple Cleaning Techniques:
 - Clean the screen with a soft, lint free cloth or use anti-static screen cleaners or wipes. Microfiber cloths work the best for the screens. *Never use liquids on the laptop screen or keyboard (e.g., Windex or other harmful sprays).
 - Clean the touchpad with a lightly dampened cloth.

iMac Lab(s):

- Do not move the iMac computer for any reason.
- Do not alter the computer in any way; this includes all settings, icons, & physical placement of the monitor.
- At the end of class, exit or (x) the program you are using.
- In the computer lab(s), do NOT turn off the computers. Do NOT touch the back of the computer or any power buttons, unless instructed by the teacher.

Technology Responsible Use Guidelines (TRUG)

1) Introduction

The Hawaii State Department of Education (HIDOE) is committed to guiding students in their use of technology as a tool to support their achievement and encourages their use of HIDOE-owned or leased digital devices, network, and internet services for educational programs within the framework of its responsible use guidelines.

Parents and legal guardians (hereafter collectively referred to as “parent” or “parents”), with their child, should review the guidelines and sign the Technology Responsible Use Form (“TRUF”), which should be returned to the child’s school by a date as specified by the school but not later than 30 days from date of distribution to the student. The signed forms constitute an understanding and an agreement to abide by all rules, regulations, and guidelines relating to the use of HIDOE-owned or leased digital devices, network, and internet services, which may be modified or expanded as needed by HIDOE. The most recent version of these guidelines is available at <http://bit.ly/FERPAHI>.

2) Using technology is a responsibility and opportunity for our students

The use of HIDOE-owned or leased digital devices, network, and internet services is a privilege, not a right. The duty to educate students about responsible and appropriate use of the Internet and digital devices is shared by parents, teachers, and schools. It is the responsibility of students and parents to ensure that HIDOE-owned or leased digital devices, network, and internet services are used in accordance with these responsible use guidelines.

3) Monitoring for student safety

Devices and accounts accessing HIDOE Internet and Networks are the property of HIDOE. HIDOE monitors and reserves the right to monitor all such devices, networks, and internet activities by students. Students shall have no expectation of privacy in their use of HIDOE-owned digital devices, network, and internet services, including email and stored files. HIDOE at its discretion will alert appropriate law enforcement authorities of suspected illegal activity involving the use of the digital devices and network and internet services, and it is not required to obtain student or parent consent for such reporting. HIDOE reserves the right to review and remove any student’s files and records used on HIDOE devices and accounts to maintain the integrity of the network, to repair a HIDOE digital device, investigate a violation of these guidelines, and to ensure that the digital device is being used responsibly.

4) Consequences of violations

When a student violates any part of these guidelines, all applicable laws and administrative rules shall apply, including but not limited to, Hawaii Administrative Rules (HAR), Title 8, Chapter 19, entitled “Student Misconduct, Discipline, School Searches and Seizures, Reporting Offenses, Police Interviews and Arrests, and Restitution for Vandalism.” Those can be viewed here (<http://bit.ly/HARChapter19>) or you can obtain a copy at your school. HIDOE shall determine the

appropriate disciplinary action for any prohibited student conduct. HIDOE reserves the right without notice to freeze and delete an account that is engaging in activities that violate HIDOE's policy. HIDOE reserves the right to disconnect any device that is the source of spamming, malicious or suspicious activities without notice until the machine in violation is cleaned or fixed.

5) Online Educational Services

Students may be given assignments through online educational services, such as Google Apps for Education, Microsoft Office 365, and Blackboard. Access to these sites is monitored by HIDOE in order to provide a safe and secure learning environment for students. After obtaining parent consent, HIDOE may create student email addresses, login credentials (e.g., usernames and passwords), and/or online profiles to allow students to access certain sites/services; however, these addresses, credentials, and profiles will only be used for purpose of school assignments. A list of online educational services used by the school will be posted on the school's website or provided by the school upon request.

6) Guidelines for general use and care of HIDOE-owned or leased digital devices

A) Students will only use digital devices provided by HIDOE for school-related activities.

B) Students may only use electronic devices in the classroom authorized by the teacher.

C) An assigned HIDOE digital device may be used only by the assigned student. The assigned student shall not allow others to use the device.

D) The HIDOE/State and manufacturer's identification tags will not be tampered with or removed. No other stickers, ink, or any decorative items may be added to a student's assigned equipment (such as, but not limited to, the device, batteries, cords, and chargers).

E) Students will maintain the privacy and security of their usernames and passwords for the digital device and installed software and applications. Never share your username and password(s) with anyone (even best friends) other than your parents or guardian.

i) In the event the student has forgotten their username or password, contact the teacher for assistance.

ii) If the student's username or password has been locked or inadvertently shared with others, contact the teacher for assistance. The teacher may need to seek technical support.

F) HIDOE assumes no responsibility for any unauthorized charges made by students on HIDOE devices, internet services, and/or network included but not limited to credit card charges, long distance phone charges, equipment and line costs, or for any illegal use such as copyright violations.

G) Reporting damaged/lost devices, viruses, and other issues

i) Students and their parents are personally responsible for the proper care, use, and handling of the assigned device and for knowing where it is at all times. Students are responsible for promptly taking damaged, broken, or non-working devices to the designated school personnel for repair. The parents of a student who is found responsible for the loss, destruction, breakage, or damage of school equipment (such as, but not limited to, the device, batteries, cords, and chargers) will be required to pay for the replacement equipment per HAR, Title 8, Chapter 57, entitled "Restitution for Damaged and Lost Books, Equipment, Supplies, and Outstanding Financial Obligations." View Chapter 57 here (<http://bit.ly/HAR8Chapter57>) or ask for a copy at your school. Replacement or repair cost depends on the severity of the damage.

ii) If a student's device is lost or stolen, the student and/or parent are responsible for obtaining a police report within 24 hours of discovery of the loss/theft, immediately providing the school with documentation of the report, and cooperating fully with any subsequent investigation.

iii) Students are requested to report any weaknesses/compromises in HIDOE's computer security, and any incidents of possible misuse or violation of this agreement to the proper authorities (teachers, principals, or vice principals).

iv) Students and parents shall address all concerns regarding the use of the technology to the supervising teacher(s) and/or the school administrative staff.

7) Guidelines for appropriate and ethical use of HIDOE Internet and Network Services

A) Students will use HIDOE's internet and network services for educational purposes only. HIDOE may bar access by students to certain material which is not deemed educational. Students are forbidden from circumventing security measures on school or remote computers and the HIDOE network.

B) Use of the HIDOE network system in a manner that encumbers system and network resources to the point that usage causes interference with others' services is prohibited.

C) Students shall always cooperate with requests from teachers and other school administrators for information about the students' computing activities.

D) Protection of student personal information

i) Personal user accounts will not be used for instructional or educational purposes. Students will use a separate account(s) for school/educational purposes and maintain the privacy and security of their usernames and passwords for all internet, network, social media, and online/cloud services (such as, but not limited to, Google Apps for Education and Edmodo).

ii) HIDOE-assigned user accounts inactive for three or more months (i.e. no logins or file uploads) will be deleted as they pose a security risk and tie up valuable system resources.

iii) Students will not reveal his/her full name, home address or telephone number, or the personal information of others on the internet without permission from a supervising teacher. Students are not to meet people they have contacted through the internet without parent permission.

iv) Students are responsible for their account(s). Students should make appropriate use of the system and network-provided protection features and take precautions against others obtaining access to their computer resources. Individual password security is the responsibility of each user.

v) Students shall not use another user's account or password without proper authorization from their supervising teacher, other HIDOE administrator, or the system administrator.

vi) HIDOE makes no warranties of any kind, whether expressed or implied, regarding the use of HIDOE owned or leased digital devices, Network, Internet, or the accuracy, correctness, completeness, or reliability of any information, files, or software. HIDOE will not be responsible for damages for any of the foregoing, including loss of data, non-deliveries, or service interruptions, whether caused by its negligence, user errors or omissions, or other defects. Use of any information obtained via the internet is at the user's own risk.

vii) If a student believes that their user account and password has been compromised they should immediately contact their teacher or school administrator.

8) Unauthorized Uses of the Internet or HIDOE Digital Device

A) Obscenity and harassment

i) Students will not use the Internet for illegal, unethical, or obscene purposes. Students are to inform their supervising teacher if they access information or messages that are inappropriate or make them uncomfortable in any way. Use of the HIDOE network to post, send, or retrieve pornographic material, inappropriate text or graphic files, or files that could damage the network (i.e., files containing malware, worms, viruses) are prohibited.

ii) Students will not harass other users by sending unsolicited, commercial, annoying, obscene, libelous, offensive or threatening messages (such as, but not limited to, email, social network postings, and direct messages), or use any form of electronic media to harass another person or group (i.e., cyberbullying). Students are to report any conduct they feel can be defined as harassment to a teacher or school administrator immediately.

iii) Sending or receiving unlawful information via electronic communications, using electronic communications illegal in ways that violate local, state, federal or international laws or statutes are prohibited.

Students will not attempt to circumvent or uninstall monitoring software from HIDOE-owned or leased devices. For example, the students shall not run password cracking programs on any of HIDOE’s computer systems or install rootkits which bypass system security.

F) Use of the HIDOE network or a HIDOE digital device for any unlawful purpose is prohibited.
