Florida Standards Assessment

Parent Night: Grades 4-7

PALM VALLEY ACADEMY January 27, 2020

What is the **Florida Standards Assessment**?

"The F.S.A."

 A test that was designed to serve Florida students by measuring education gains and progress

 Measures student performance based on the Florida State Standards

Information from the assessment is used to drive student instruction

Who takes the **Florida Standards Assessment**?

Students enrolled in grades 3-10 participate in FSA ELA
ALL STUDENTS WILL TAKE ELA READING
STUDENTS IN GRADES 4-10 WILL ALSO TAKE ELA WRITING
Students enrolled in grades 3-8 participate in FSA MATH

Most item types are transferable to paper in a slightly altered format. Item Specifications will be updated to include all item types accessible on paper.

Paper-based tests will NOT include:

- Audio
- Short answer

Paper-Based Item Rendering—Multi-select

MS items will always direct the student to the number of correct answers.

- 7. Which two sentences should be included in a summary of Passage 1?
 - I Jefferson's garden was on a hilltop in Virginia.
 - I Jefferson cooked most of his food by boiling it.
 - ③ Jefferson wrote the Declaration of Independence.
 - Intersection Delieved plants were important to society.
 - I Jefferson kept detailed records of the vegetables he grew.

PBT Editing Task with Choices Passage and items will be on facing pages.

Read the passage and then answer Numbers 17 through 19. There are three underlined words or phrases in the passage to show which word or phrase may be incorrect.

We squint when the sun is in our eyes because the bright sunlight hurts. This is how our brain <u>protected</u> our eyes. Protecting our eyes is very important during an eclipse. An eclipse happens when an object moves between you and the object you are viewing.

A solar eclipse happens when the Moon moves between Earth and the Sun. The Moon blocks our view of the Sun. Viewing a solar eclipse can be exciting. It is not an everyday event. But can it be viewed safely? <u>Yes;</u> it can.

The safest and easiest way to view a solar eclipse is to build a pinhole camera. A pinhole camera lets you see what happens during a solar eclipse without looking directly at the Sun. It is a very valuable tool because it <u>lets</u> you turn your back to the Sun and protect your eyes.

Now answer Numbers 17 through 19. Choose the correct word or phrase for each of the following.

- This is how our brain protected our eyes.
 - A has protected
 - protects
 - © will protect
 - orrect as is

- It is a very valuable tool because it <u>lets</u> you turn your back to the Sun and protect your eyes.

Do NOT write a mixed number, such as $13\frac{1}{4}$, in the answer boxes. Change the mixed number to an equivalent fraction, such as $\frac{53}{4}$, or to an equivalent decimal, such as 13.25. Do not try to fill in $13\frac{1}{4}$, as it would be read as $\frac{131}{4}$ and would be counted wrong.

PURPOSE OF THIS REPORT

The Florida Standards Assessments (FSA) are the statewide assessments in Florida. They are one of many tools our state's educators use to measure your student's mastery of the content that will be needed to be prepared for the next grade. This report is designed to provide you with insight into your student's performance so that you can continue supporting your student. If you have questions about this report, please contact your student's teacher or principal.

For resources to help your student better understand the Florida Standards, including tutorials, visit FloridaStandards.org. For resources to help your student better understand the FSA, including practice tests, please visit www.fsassessments.org.

How are FSA Results Used?

FSA results provide teachers and schools with additional information about each student's proficiencies.

Results are used IN ADDITION TO teacher observations and coursework throughout the year in making determinations of student strengths and areas of opportunity.

Helping Your Child

Test Preparation

- Help your child to realize that it is important to do their best every day, as well as on the FSA.
- Review class and homework with your child.
- Ensure that your child participates in the practice tests so that he/she becomes familiar with the items.
- Help your child get a good night's sleep and eat a nutritious breakfast.
- Work with your child to help them learn how to lower anxiety/stress about the test.
