

SUPER STUDENTS

Ms. Reeves Class Pate's Creek Elementary 4th Grade Room 312

For the week of November 10—14

What We Are Learning

ELA→ We will work on close reading and using the acronym "RACE" to write good text evidence based responses. We will work on comparing two different texts on the same topic. We will also be working on grammar skills.

Math→ We will continue to work on multi-digit multiplication. This includes up to 4 digits by 1 digit and 2 digit by 2 digit multiplication. We will learn various methods to multiply. Continue practicing basic facts at home. We will begin working on division. Students will need to be able to divide a 4-digit number by a 1-digit number. Check out my webpage for helpful websites. We work on word problems on-going all year. Be sure your child can make sense of problems, strategize, and explain how they got their answers using words and/or pictures.

Science → Our focus in Science will be the Water Cycle. Students will need to know the states of matter and how water changes from solid to liquid to gas and vice versa. They need to know boiling and freezing temperatures of water. They will learn how clouds form, stages of the water cycle, and the types of precipitation.

Social Studies → We will review European Explorers and Native Americans.

THANK YOU!!!

I am overwhelmed at the outpouring of support we received for our classroom for Fall Festival. We received so many items for our basket that we have leftovers! Our plan is to have a nacho/taco day in our classroom with the items that would not fit in our basket. Be on the lookout! We will need lots of help for this day! I would like to especially thank Ilana's mom and grandmother for purchasing the basket and arranging it for our silent auction! It looks beautiful!

We also have our booth for the festival fully covered! Our parents have volunteered to work our booth from the beginning to the end of the festival! Thank you guys so much! It truly takes a village.

**THANK YOU
VERY MUCH**

We Did It!

Our class won the banner contest for Red Ribbon week! We will be having an ice-cream party! Stop by and check out our winning banner outside our door!

Reminders

- ◇ Nov 10th—Progress Reports
- ◇ Nov 11th—Veteran's Day Parade
- ◇ November 24 -28—Thanksgiving Break

Student of the Month

Denzell Hagan (August)
Armone Gates (September)
Christopher Burgess (October)

PANTHER CELEBRATIONS

Remember to check Class Dojo daily to keep up with your child's behavior. It is updated daily. Fourth grade students are required to have 85% positive behavior in order to attend the monthly Panther Celebrations. If your child receives a negative point, the reason will be stated in the agenda. Students that miss more than one day each month will not be allowed to attend the Panther Celebrations. We have an awesome class. Our goal is to have 100% participation. I know we can do it!
