

Petition against First State Military Academy

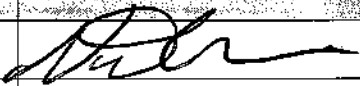

Petition summary and background	There are currently four JROTC programs in Kent County Delaware and two in Appoquinimink School District that will be negatively impacted by this charter school to the point they may close as a result of this school opening. Stated goal of this academy is to emulate the successful Delaware Military Academy. DMA does not perform at a higher level than the other schools in its District (Red Clay). It does not represent the ethnic group or special education needs students in its district. Statistics on the back of this form.
Action petitioned for	We, the undersigned, are concerned citizens who urge our the Delaware Department of Education to act now to <u>not</u> approve the charter for First State Military Academy.

Petition against First State Military Academy

Petition summary and background	There are currently four JROTC programs in Kent County Delaware and two in Appoquinimink School District that will be negatively impacted by this charter school to the point they may close as a result of this school opening. Stated goal of this academy in to emulate the successful Delaware Military Academy. DMA does not perform at a higher level than the other schools in its District (Red Clay). It does not represent the ethnic group or special education needs students in its district. Statistics on the back of this form.
Action petitioned for	We, the undersigned, are concerned citizens who urge our the Delaware Department of Education to act now to <u>not</u> approve the charter for First State Military Academy.
