

Delaware Department of Education
Opportunity Funding Form
2019-2020 School Year

Opportunity Funding
Directed funds for mental health services

Application deadline: Friday, Aug. 9, 2019

Purpose: The Opportunity Funding directed to mental health services provides \$5.0 million in FY20, \$2.5 million in HB 225 (Annual Appropriations Act) and \$2.5 million authorized in HB 226 (One-Time Supplemental). With a total supplemental amount of \$7.5 million over three years, the total amount will be \$15 million *contingent on future appropriations*.

It shall be apportioned to schools which qualify for a Reading Interventionist under the Student Success Block Grant as detailed in House Bill 225 (the FY20 operating budget).

This funding shall be used by school districts and charter schools for *mental health services* in the form of school counselors, school social workers or licensed clinical social workers, school psychologists, and/or for additional reading supports for grades K-5. Services may include the employment of staff, where such funding may be used to cover 100 percent of personnel costs on a 10 to 12-month basis and/or contracted services.

This funding is allocated separately from the directed funds for English learners and low-income students.

Allocation Method: Amounts vary per school and that amount is indicated below. Each LEA has already received the first half of the funding; the second amount will be released upon receipt and approval of this application.

Overall summary

1. What will you do to offer mental health supports specifically to low-income and English language learners?

Students identified as ELL are at an elevated risk as being identified as needing special education services; low-income status is a negative social determinant of health and is significantly related to long term health status. Students in both groups are at an elevated risk for demonstrating adjustment difficulties in school. School counselors are key members of the Multi-Tiered Systems of Support (MTSS) team in the school and provide direct services to students who are demonstrating adjustment difficulties. School counselors will provide direct services in the form of individual short-term counseling and group counseling in the areas of self-regulation, conflict resolution and social skills for students whose adjustment difficulties are associated with their ELL and/or low-income status.

2. How will the funding also assist students not in those two subgroups?

As noted above, school counselors are key members of the building MTSS team, which is also responsible for implementing, evaluating and sustaining school-wide "Tier I" support services. Tier I services are designed to support the fundamental social-emotional needs of all students in the school, through systems such as Responsive Classroom. School counselors work directly with classroom teachers to ensure that these programs, which support all students, are implemented effectively.

3. What kind of specialist are you hiring (school counselor, school social worker, licensed clinical social worker or school psychologist)?

School Counselor

4. Are you using this money for additional reading supports in addition to mental health services? If so, what types of services will be provided?

No.

5. Is this money is being used to contract services?

YES ☐

NO ☒

6. Please provide a copy of your expenditure plan.
