GENERAL TAX INFORMATION

The ad valorem tax, more commonly called the property tax, is the primary source of revenue for local governments in Georgia. Ad valorem means "according to value."

The **Clayton County Board of Tax Assessors**, which is appointed by the Clayton County Board of Commissioners, evaluates and assesses all property for tax purposes. Assessments are based on 40% of the (appraised) market value by law as of January 1st each year.

The **millage rate** is the determining factor in the calculation of taxes (a mill is \$1 for each \$1,000 assessment).

The **State Revenue Department** sets the millage rate for state taxes. The **Board of Commissioners** sets the millage rate for county taxes. The **Clayton County Board of Education** sets the millage rate for county school taxes and school bonds, if applicable.

The **millage rate** is established by the various authorities by dividing revenue needed by the 40% net assessment.

The **Clayton County Tax Commissioner** is responsible for the billing and collection of all ad valorem taxes, including those for real property, personal property, motor vehicles, mobile homes, and timber. The tax commissioner's office receives all homestead exemption applications as well.

Tax Exempt Property

All public property, non-profit hospitals, non-profit homes for the elderly, places of religious worship and burial, and all personal property used within the home (if not held for sale or other commercial use) are exempt from taxation. All tools and implements of trade belonging to manual laborers and all domestic animals not exceeding \$300 in actual value are exempt from the property tax. Tax exempt status must be applied for before tax liability on the property will be removed.

GENERAL TAX INFORMATION

Clayton County School Exemptions

To qualify for a regular homestead exemption and to be able to apply for other exemptions, the homeowner must own and occupy the property on January 1st of the year in question and must claim Georgia as his/her legal residence. For all exemptions, the amount exempted is deducted from the 40% assessed value of the property in the applicable tax categories.

Regular Homestead - This exemption is for all property owners who occupy property as of January 1st. There is no age limit. This exemption is \$10,000 off of the school tax.

Double Homestead - This exemption applies to homeowners who are 65 years of age on January 1st of the filing year and whose taxable income does not exceed \$10,000. This exemption is \$14,000 off the school tax.

School Exemption - This exemption applies to homeowners who are 62 years of age on January 1st of the filing year, and the net income for the applicant and spouse for the preceding year must be less than \$10,000. This exemption is \$10,000 off the school tax.

School Exemption By Age - This exemption applies to homeowners who are 65 years of age on January 1st of the filing year. The exemption applies to the house and five (5) acres only. This exemption is \$10,000 off the school tax.

School Exemption By Disability - This exemption applies to homeowners who are 100% disabled. There is no age requirement. The homeowner must show proof of disability by providing letters from two Georgia doctors stating the disability. The total gross income from all sources in the home for the preceding year cannot exceed \$30,000. This exemption applies to the house and five (5) acres only. This exemption is \$10,000 off the school tax.

Proposed

Ad valorem or property taxes are levied on real and personal property. Based on values assessed as of January 1st each year, taxes are levied using a "millage rate" which taxes citizens based on \$1 per \$1,000 of assessed property value.

QUALITY BASIC EDUCATION (QBE)

Revenue from the State of Georgia is earned primarily on a per student or full-time equivalency (FTE) basis based on services provided. There are 19 direct instructional programs defined by the State of Georgia for which local school districts earn FTE revenue. Each program is assigned a "weight," and the weight is an indication of the relative cost of each program compared to the base student cost which is assigned a weight of 1.000 in grades 9 - 12.

The 19 programs as defined by the State of Georgia are indicated below, and their estimated weights and FY 2021 FTE values will be updated upon passage of the FY 2021 budget by the State Legislature.

QUALITY BASIC EDUCATION (QBE)

In addition to QBE formula earnings that are driven by the FTE amounts, other revenue is earned for categorical grants as follows:

- ► Transportation Revenue is earned for students who live outside a 1.5 mile radius of their school. The amount funded for FY 2021 by the GaDOE will be updated upon passage of the final budget by the Georgia Legislature and the district's receipt of the FY 2021 allotment. The budget for FY20 was \$2,453,618
- ▶ Local Five Mill In support of the QBE Act, each local board of education is required to provide local funds equivalent to a minimum of five mills. The Local Five Mill amount is calculated by the GaDOE and identified on the allotment sheet provided to each school system following the Georgia General Assembly's approval of the upcoming fiscal year's budget. The Local Five Mill is subtracted from the total QBE revenue entitlements. The FY 2021 local Five Mill amount for Clayton County will be updated upon passage of the final budget by the Georgia Legislature and the district's receipt of the FY 2021 allotment.
- ▶ Education Equalization Funding Grant Equalization grants are additional state funds earned by school districts whose determined property wealth per student (WPS) is below the 75th percentile of all districts in the state. The WPS of the district which is at the 75th percentile is the amount to which all lower ranking districts are equalized, up to 3.25 equivalent mills. The equalization grant amount for CCPS in FY 2021 will be updated upon passage of the final budget by the Georgia Legislature and the district's receipt of the FY 2021 allotment.

History of Austerity Reductions

In the spring of 2003, the Georgia Department of Revenue determined that the revenue collections were significantly lower than projections, and that "austere" or severe financial conditions existed in the economy. All state agencies were given mandates by the Governor to reduce the revenues and expenditures by 2.5%. In response to the revenue crisis, the Georgia Department of Education was forced to cut the QBE earnings to each school district.

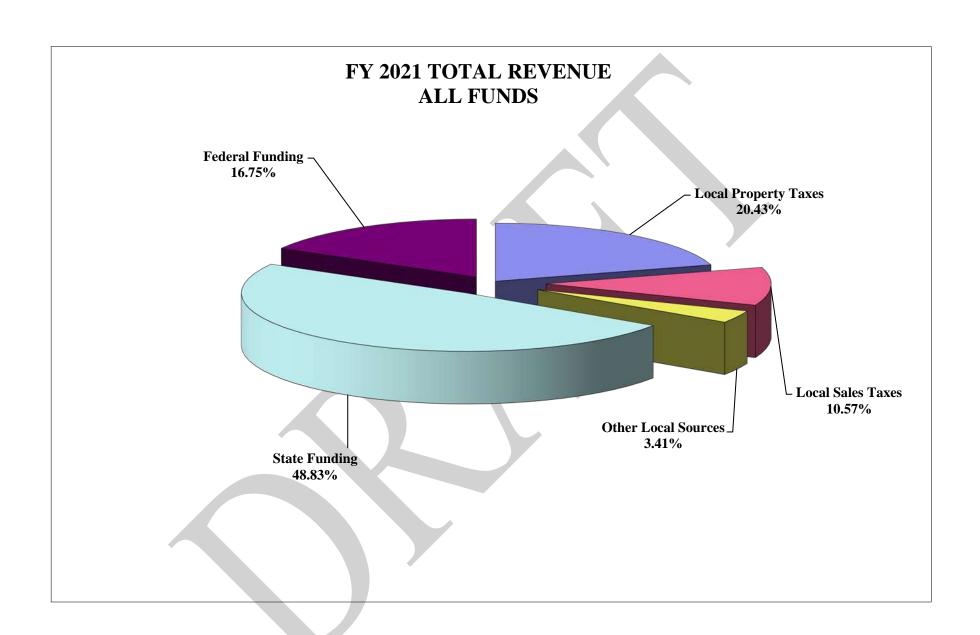

In FY 2004, the State continued to mandate the austerity reductions and increased the percentage to 5%. The 5% reduction continued in FY 2005 and FY 2006. In FY 2007, as part of Governor Perdue's Education Budget Proposal, there was a recommendation for a partial restoration of the austerity reductions. The austerity reduction continued through FY 2018.

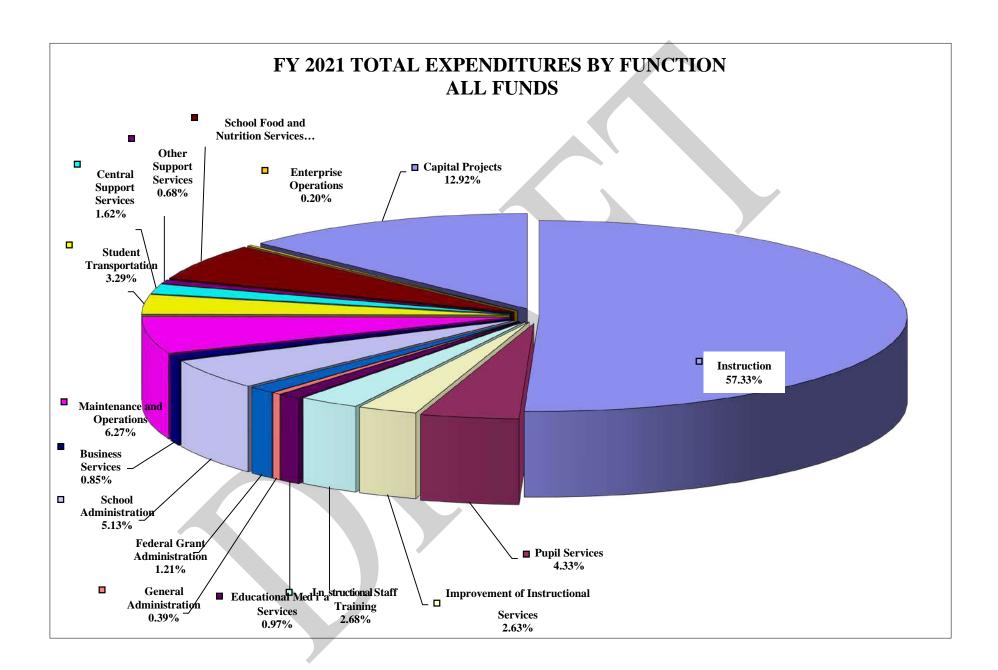

In March 2018, Governor Deal amended his FY 2019 budget recommendation initially presented in January to include an additional \$167 million for K-12 education. These funds ensured that state would fully fund the Quality Basic Education formula and provide local school systems with 100 percent of the state's share in financing for local schools. This marked the first time in over fifteen years that school districts in Georgia were funded through the Quality Basic Education formula (QBE). The elimination of austerity reductions continued with the FY 2020 budget. At the time of publication, it is not known if the statewide funding shortfall due to COVID-19 will result in any austerity cuts for FY2021.

GENERAL FUND NARRATIVE

The General Fund is used to account for all financial resources of the school district except those required to be accounted for in another fund. The General Fund is Clayton County Public Schools' primary operating fund and is used to finance the ordinary operations of the district. Major revenue sources include funding from the State of Georgia under the Quality Basic Education Act (QBE) and ad valorem or local property taxes. With a major emphasis towards direct instruction, expenditures are allocated to several different functions to pay for salaries and benefits, contracted services, supplies/instructional materals, utilities, computers, and equipment. For FY 2021, the adopted budget has 65.15% of funds earmarked for the costs associated with direct classroom instruction.

INSTRUCTION

Positions by Function

Instruction includes activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations, such as those involving co-curricular activities. It may also be provided through some other approved medium such as television, radio, telephone, distance learning, and correspondence. Included here as well are the aides or classroom assistants of any type who may assist in the instructional process.

Enterprise Fund - School Nutrition

The Nutrition Service Program in Clayton County Public Schools (CCPS) serves nutritious breakfasts, lunches, and snacks to students, faculty, staff, and the community. Not just serving healthy meals, School Nutrition teaches healthy, lifelong eating habits. Menus reflect the most current United States Department of Agriculture (USDA) dietary guidelines, and offer a variety of fruits and vegetables, whole grains, lean meats and low fat milk.

Pursuant to the USDA and the Georgia Department of Education (GaDOE) regulations and standards, students are offered four food components for breakfast: low-fat milk, fruit, a meat/meat alternate, and whole grain bread or cereal. Students are offered five food components for lunch: a meat/meat alternate, whole grain bread, a vegetable, fruit and low-fat milk. Occasionally, a low-fat dessert is offered as part of the lunch meal. Students are required to choose at least three (3) of the four (4) food components offered at breakfast, and at least three (3) of the five (5) food components offered at lunch. A fruit or vegetable food item must be one of the selected components. Students are encouraged to select all of the food components to provide a well-balanced diet and promote healthy eating habits. In accordance with the CCPS Wellness Policy, at the elementary, middle and high schools, the Nutrition Program does not offer ala carte food sales that would compete with the daily school meals. Extra supplemental sales are kept to a minimum and must meet the nutritional guidelines set by the local Wellness Policy and the new Smart Snacks in Schools Standards.

Students, parents, and stakeholders play a major role in selecting the food items served on the district-wide menu. They participate in food shows, taste tests, and menu planning advisory councils to ensure the acceptability of the menu. After being centrally planned and analyzed for nutritional content, the menu and nutrient analysis are posted on the CCPS Nutrition website and the new Nutrition app. The app can be downloaded to any smart phone or device via the school district or nutrition website. Both are designed to support daily meal planning for all students, including students with special dietary needs. A student with special dietary needs must have a physician's statement on file documenting his/her dietary plan and will receive appropriate meals at no additional cost. Also, a student with food allergies must have a physician's statement on file in order to receive program-approved substitute meals at no additional charge.

In SY 2020-2021, CCPS will continue to participate in the USDA's Community Eligibility Provision Program, also known as CEP. Information about CEP can be found in Section 104 (a) of the Healthy, Hunger-Free Kids Act Law of 2010. CEP amends the National School Lunch Act to provide an alternative way to qualify directly certified households eligible for free and reduced price meals. Participation in CEP allows all CCPS students to receive breakfast and lunch meals at no cost for up to four consecutive years. It also eliminates the need to process free and reduced priced meal applications. CCPS was initially approved to participate in CEP beginning July 1, 2013. CEP was recertified July 2015 through June 30, 2019.

Research shows that students who are well-nourished perform better both academically and athletically, have fewer behavior problems, and have better attendance. School nutrition personnel collaborate with principals and teachers to make the cafeteria an extension of the classroom. Cafeterias also function as learning laboratories, offering classroom instruction with the primary focus on nutrition education and physical activity. Several years ago, the School Nutrition Department partnered with the Alliance for a Healthier Generation (AHG) to further enhance its efforts to bring an award winning Wellness Program to the school district. Schools have the opportunity to win bronze, silver, and gold star recognition when the AHG wellness criterion is fully implemented.

Grant Assistance:

Over the past few years, the School Nutrition Program has applied for and did receive foodservice equipment grant funding to help offset the cost of purchasing school foodservice equipment. Schools receiving these funds were Jonesboro High School and West Clayton Elementary. As foodservice equipment grant funding becomes available, applications will be submitted for other schools to help enhance the meal service experiences of all students.

For the past eight years, School Nutrition has been the recipient of the Fresh Fruit and Vegetable Grant (FFVG). The grant provides another opportunity for students to be exposed to fruits and vegetables that they would not normally have an opportunity to eat in a regular school setting. Fruits such as guava, jicama, kumquats, blood oranges, carambola, and ugly fruits have been offered to students. Vegetable samples have included radishes, tri-colored peppers, sweet potatoes, bok choy, and sugar snap peas. At present, seven elementary schools participate in the program: Haynie, Huie, Kemp Primary, King, Riverdale, Smith, and Unidos.

This glossary contains definitions of selected terms used in this document and additional terms and interpretative data as necessary for common understandings concerning financial accounting procedures of Clayton County Public Schools. Several terms which are not primarily financial accounting terms have been included because of their significance in the budgeting process. The glossary is arranged alphabetically with appropriate cross referencing where necessary.

Accounting System

The recording and reporting of activities and events affecting the money of an administrative unit and its programs. Specifically, it describes: (1) what accounting records are to be maintained, how they will be maintained, and the procedures, methods, and forms to be used; (2) data recording, classifying, and summarizing activities or events; (3) analyzing and interpreting recorded data; and (4) preparing and initiating reports and statements which reflect conditions as of a given date, the results of operations for a specific period, and the evaluation of status and results of operation in terms of established objectives.

Accrual Basis

The basis of accounting under which revenues are recorded when levies are made and expenditures are recorded as soon as they result in liabilities, regardless of when the revenue is actually received or the payment is actually made.

Administration

Those activities which have as their purpose the general regulation, direction, and control of the affairs of the local education agency.

Ad Valorem Taxes

Taxes levied on the assessed valuation (less exemptions) of real and personal property, including automobiles. See also TAX DIGEST and ASSESSED VALUATION.

Appropriation

An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. NOTE: An appropriation is usually limited in amount and as to the time in which it may be expended.

Assessed Valuation

A valuation set upon real estate or other property by a government as a basis for levying taxes. Forty percent (40%) of full assessed value is used as the basis in Georgia.

Balance Sheet

A summarized statement, as of a given date, of the financial position of a local education agency per fund and/or all funds combined showing assets, liabilities, reserves and fund balance.

Board of Education, District

The elected or appointed body which has been created according to state law and vested with responsibilities for educational activities in a given geographical area. These bodies are sometimes called school boards, governing boards, boards of directors, school committees, school trustees, etc. This definition relates to the general term and covers state boards, intermediate administrative unit boards, and local basic administrative unit boards.

Budget

A plan of financial operation embodying an estimate of proposed expenditures for a given period or purpose and the proposed means of financing them. The budget usually consists of three parts. The first part contains a message from the budget-making authority together with a summary of the proposed expenditures and the means of financing them. The second part is composed of drafts of the appropriation, revenue, and borrowing measures necessary to put the budget into effect. The third part consists of schedules supporting the summary. These schedules show in detail the proposed expenditures and means of financing them together with information as to past years' actual revenues and expenditures and other data used in making the estimates.

Budget Amendments

An administrative procedure used to revise a budgeted amount after the Annual Budget has been adopted by the Board of Education and approved by the State Board of Education.

Budget Calendar

The schedule of key dates used in the preparation and adoption of the Annual Budget.

Budget Message

The opening section of the budget which provides the Board and public with a general summary of the most important aspects of the proposed budget and recommendations of the Superintendent.

Capital Budget

A plan of proposed capital outlays and the means of financing them for the current fiscal period. It is usually a part of the current budget. If a Capital Program is in operation, it will be the first year thereof. A Capital Program is sometimes referred to as a Capital Budget. See also CAPITAL PROGRAM.

Capital Outlays

Expenditures which result in the acquisition of or addition to fixed assets.

Capital Program

A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or otherwise. It sets forth each project or other contemplated expenditure in which the local education agency is to have a part and specifies the full resources estimated to be available to finance the projected expenditures.

Cash Basis

A basis of accounting in which transactions are recorded when cash is either received or expended.

Certified Tax Digest

That annual property tax digest certified by the tax receiver or tax commissioner of a county to the State Department of Revenue and approved by the State Revenue Commissioner.

Cost Per Pupil

Financial data (either budget or expenditures) for a given period of time divided by pupil unit of measure (enrollment, FTE).

Encumbrance Accounting

A system or procedure which involves giving recognition in the accounting budgetary expenditures control records for the issuance of purchase orders, statements, or other commitments chargeable to an appropriation in advance of any liability or payment.

Encumbrances

Purchase orders, contracts, and/or other commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when paid, as in accounts payable, or when actual liability is established or when canceled.

Fiscal Period

Any period at the end of which a local education agency determines its financial position and the results of its operations. The period may be a month, a quarter, or a year, depending upon the scope of operations and requirements for managerial control and reporting.

Fixed Assets

Land, buildings, machinery, furniture and other equipment which the school district intends to hold or continue in use over a long period of time. "Fixed" denotes probability or intent to continue possession and does not indicate immobility of an asset.

Fringe Benefits

Total employer's share of FICA, taxes, hospitalization, dental, disability, workers' compensation, unemployment, and retirement contributions made on behalf of employees.

FTE (Full-Time Equivalency-State Funding)

Local school systems in Georgia must report enrollment three times during the school year for funding purposes. This reporting reflects the school day being divided into six parts (periods). The student is counted six times, according to which programs he or she participates in during the day. Students may not be counted for the portion of the day that they are in the following programs or under the following conditions:

- 1. Study Hall
- 2. Non-credit courses
- 3. Enrichment courses as defined by QBE or the State Board (generally one which does not devote a major portion of time to the competencies adopted by the State Board)
- 4. Courses which require competitive participation in an extracurricular activity
- 5. Serving as a student assistant unless this activity is an approved career or vocational education work program
- 6. Individual study courses which have no outline of course objectives available
- 7. Other courses designated by the State Board
- 8. The student is not enrolled in a program or not attending regularly
- 9. A resident student paying tuition or fees in excess of the local cost per student
- 10. A non-resident student paying tuition or fees in excess of the local cost per student
- 11. A student who has not attended within 10 days of the count

Each student is counted for each one-sixth of the school day for the eligible program in which he or she is enrolled. The resulting total, when divided by six, is known as the full-time equivalent (FTE) program count. An average of the counts reported at three different times during the year are used in the funding formula. (See QBE definitions)

Function(Classifications)

An accounting term relating to both the budget and the financial report. A "function" is a grouping of activities being performed for which salaries and other types of direct costs are expended and accounted. Functions and sub-functions consist of activities which have somewhat the same general operational objectives. Furthermore, categories of activities should be combinable, comparable, relatable and mutually exclusive. Both the budget and the financial reports group activities within "functions."

Fund

A fiscal and accounting entity which is comprised of a self-balancing set of accounts which reflect all assets, liabilities, equity, revenue, and expenditures or expenses necessary to disclose financial position and the results of operations. Funds are established as individual entities in order to segregate financial records for purposes of legal compliance, different natures of the activities performed, measurement of different objectives and to facilitate management control.

Fund Balance

The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities, reserves, and appropriations for the period.

Fund, Capital Projects

Used to account for all resources used for acquiring capital sites, buildings, and equipment as specified by the related bond issue or referendum. Capital project funds are designated to account for acquisition or construction of capital outlay assets which are not acquired directly by the general fund, special revenue funds, or enterprise funds. Capital project funds have been developed to account for the proceeds of a specific bond issue and revenue from other possible sources which is designated for capital outlay (i.e., land, buildings and equipment).

Fund, Enterprise

Used to finance and account for the acquisition, operations and maintenance of school district facilities and services which are entirely or predominantly self-supportive by user charges. Budgetary accounts and formal budgetary accounting are recommended for Enterprise Funds. The accounting consists primarily of proper recording of receipts and disbursements.

Fund, General

The fund used to finance the ordinary operations of the local education agency. It is available for a legally authorized purpose and consists of money not specifically designated for some other particular purpose.

Fund, Special Revenue

A fund used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or for major capital projects) that are legally restricted to expenditures for specific purposes.

Fund, Trust and Agency - Fiduciary

Used to account for money and property held in trust by a school system for individuals, government entities, or non-public organizations. A Trust Fund is usually in existence over a longer period of time than an Agency Fund. Primarily, Agency Funds function as a clearing mechanism for cash resources collected by the district held for a short period, and then disbursed to authorized recipients.

Grant

Contributions of either money or material goods given by a contributing unit (public or private) to another receiving unit and for which the contributing unit expects no repayment. Grants may be for a specific or general purpose.

Inter-Fund Transfers

Amounts transferred from one fund to another fund.

Lapse

The difference between budgeted revenue and expenses, and actual revenue and expenses.

Levy

(Verb) To impose taxes or special assessments.

(Noun) The total of taxes or special assessments imposed by a governmental unit.

Local Five Mill (Local Fair Share)

Each local board of education is required to provide and use local funds in support of the QBE Act. A minimum of the equivalent of 5 mills must be provided. The Local Five Mill is computed by the Georgia Department of Education and identified on the allotment sheet provided to each school system following actions of the Georgia General Assembly. The Local Five Mill equates to five effective mills on the equalized, adjusted tax digest as certified by the Georgia Department of Audits and Accounts and adjusted for exemptions. The Local Five Mill is subtracted from the total QBE revenue entitlements.

Medicare Tax

Under the provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), **all** employees of a state employer or a political subdivision employer, who were initially employed or reemployed after March 31, 1986, are subject to the Medicare Tax requirements. The percent of covered salary for the employee's and employer's contribution is 1.45% each of total salary. In addition, effective July 1, 1991, Medicare Tax is appropriate for those employees subject to Social Security. See also: Social Security.

Mill

The rate of taxation based on dollars per thousand of taxable assessed value. A mill is one-tenth of a cent (\$.001).

Millage Rate

The ad valorem tax rate expressed in terms of the levy per thousand dollars of taxable assessed value established by the governing authority each fiscal year.

Per Pupil (Expenditure)

An accepted and commonly used norm to compare expenditures between school districts, state spending, and national spending.

Program Weights

Since different programs vary in their cost to operate, each of the nineteen (19) QBE programs is assigned a different weight program. The weights reflect the cost of teachers and other instructional personnel; instructional materials; facility maintenance and operation (M & O) costs; media center personnel and materials costs; school and central office administration costs and staff development. See also QBE.

Public Law 81-874 (Impact Aid)

Public Law 874, originally passed in 1950 and later amended, provides financial aid to local school districts for maintenance and operation of schools affected by federal activities. These funds are made available on the basis of the number of children whose parents live or work on federal installations. Funds received from this source are in lieu of taxes. The funds received under Public Law 81-874 are the only federal funds that are not restricted to a particular program or expense item.

QBE (Quality Basic Education) - Allotments

Funds are allotted by the state on the basis of "Weighted FTE" (Full Time Equivalent students) to the local school system. The following are 19 Programs of allotment under OBE:

1.	Kindergarten	11.	Special Education Category I
2.	Kindergarten Early Intervention	12.	Special Education Category II
3.	Primary Grades (1-3)	13.	Special Education Category III
4.	Primary Grades (1-3) Early Intervention	14.	Special Education Category IV
5.	Elementary Grades (4-5)	15.	Special Education Category V
6.	Elementary Grades (4-5) Early Intervention	16.	Gifted
7.	Middle Grades (6-8)	17.	Remedial Education
8.	Middle School Programs	18.	Alternative Education
9.	High School General Education (9-12)	19.	ESOL Programs
10.	Vocational Labs (9-12)		

QBE Mid-Year Adjustment

Because the QBE formula is based on FTE counts, which are taken primarily in the previous school year, there will be a need to adjust the total allotment as more recent counts become available. If the more recent counts result in an increase in funds needed, the State Board will request the additional funds from the General Assembly.

Reserve

An account used to indicate that a portion of fund balance is restricted for a specific purpose.

Revised Budget

An increase or decrease to the initial budget (original amount as adopted by the governing body).

Social Security

Effective July 1, 1991, Clayton County Public Schools employees who are not covered by The Employees Retirement System (ERS) or The Teachers Retirement System (TRS) must pay contributions to Social Security. Those affected are substitute employees and part time employees (those who work less than 30 hours per week). The employee and the School System pay 7.65% each for Social Security: 6.2% for FICA and 1.45% for Medicare on total earnings.

Source of Funds

This dimension identifies the expenditure with the source of revenue (i.e., local, state, federal and others).

Tax Digest

The established formula for the county to determine the net Maintenance and Operations (M & O) property digest for the school district on a calendar year basis, which includes total real, personal, motor vehicles, mobile homes, and public utility property, less homestead, various personal, freeport and agricultural exemptions. The Tax Digest is certified in July of each year, and the Local Board of Education sets the official millage rate.
