

IB Math AA SL – Year 2

Mr. Tim Gallagher, Winter Springs High School

Room: 6-118

Email: Timothy_Gallagher@scps.k12.fl.us

Summer Assignment:

You should spend this summer working on your Internal Assessment for Math. At the least, you should try to get a one-page abstract complete with some sources and a clear direction that you want to take this paper. If you're feeling ambitious, complete your first draft over the summer. Remember – this is a MATH focused paper that involves YOU performing mathematics relevant to our class AND has a personal connection to YOU. If you have any questions, or need access to some of the documents over the summer, please feel free to email me at the address above.

Have a great summer!!!!
