Dear SSMS Parents/Guardians,

SSMS administration hopes you are enjoying your summer. Congratulations in being admitted to Geometry Honors course for 2022-2023 school year. Your child has successfully completed accelerated Algebra 1 Honors. Now that your child has had three weeks of summer break, it is time to review his/her math knowledge to prepare him/her for Geometry Honors.

Your child is on a curriculum path which will put him/her in Geometry Honors in 2022-2023 school year, a rigorous high school course in middle school. To prepare your child for the pace and expectations of that course, Geometry Honors course will require equal discipline from your child and it is crucial that he/she spends some summer time preparing.

SSMS has provided your child an opportunity to prepare him/her for Geometry Honors readiness called Khan Academy Get Ready for Geometry. Khan Academy Get Ready for Geometry is an online course to reinforce and expand upon concepts your child has studied in earlier math courses. It is extremely important that your child is proficient with these concepts in order to be successful in Geometry Honors. To access this course, click on the link <https://www.khanacademy.org/math/get-ready-for-geometry>.

Please review and complete practice problems for the below lessons by August 9, 2022.

1. Get ready for congruence, similarity, and triangle trigonometry
2. Get ready for analytic geometry
3. Get ready for conic sections
4. Get ready for circles and solid geometry

Thank you and best of luck in Geometry Honors!

If you have any questions, please do not hesitate to call the school at (727) 774-6700.

Sincerely,
Geometry Honors Teachers
