GEORGIA MAP PROJECT

You are being asked to create a map of Georgia that contains **ALL** of the physical regions, features, and attractions, cities, and highways listed below. You will be graded on content and presentation (see rubric on back).

Please include the following:

- 1) A **TITLE** (top of board) and a **KEY** (symbols and compass rose - bottom-left corner)
- 2) **MARK** and **LABEL** the 5 Physiographic Regions of Georgia.
- 3) Identify the **FALL LINE**.
- 4) Show **STATES & OCEANS** surrounding Georgia's borders.
- 5) Note the **INTRACOASTAL WATERWAY**
- 6) Include the **MOUNTAIN RANGES** in Georgia
- 7) Additional items to include:

Cities

- | | | |
|-----------------------------------|---------------------------------------|--|
| <input type="checkbox"/> Atlanta | <input type="checkbox"/> Columbus | <input type="checkbox"/> Macon |
| <input type="checkbox"/> Athens | <input type="checkbox"/> Augusta | <input type="checkbox"/> Albany |
| <input type="checkbox"/> Savannah | <input type="checkbox"/> Marietta | <input type="checkbox"/> Milledgeville |
| <input type="checkbox"/> Valdosta | <input type="checkbox"/> Warm Springs | <input type="checkbox"/> Plains |

Highways

- | | | |
|-------------------------------|--------------------------------|--------------------------------|
| <input type="checkbox"/> I-75 | <input type="checkbox"/> I-85 | <input type="checkbox"/> I-575 |
| <input type="checkbox"/> I-16 | <input type="checkbox"/> I-285 | <input type="checkbox"/> I-20 |
| <input type="checkbox"/> I-95 | | |

Rivers

- | | | |
|-------------------------------------|--|-----------------------------------|
| <input type="checkbox"/> Savannah | <input type="checkbox"/> Chattahoochee | <input type="checkbox"/> Flint |
| <input type="checkbox"/> St. Mary's | <input type="checkbox"/> Altamaha | <input type="checkbox"/> Ocmulgee |
| <input type="checkbox"/> Oconee | <input type="checkbox"/> Ogeechee | <input type="checkbox"/> Etowah |
| <input type="checkbox"/> Suwannee | <input type="checkbox"/> Chattooga | <input type="checkbox"/> Coosa |
| <input type="checkbox"/> Tennessee | | |

Lakes

- | | | |
|-----------------------------------|--------------------------------------|-----------------------------------|
| <input type="checkbox"/> Lanier | <input type="checkbox"/> Allatoona | <input type="checkbox"/> Oconee |
| <input type="checkbox"/> Hartwell | <input type="checkbox"/> West Point | <input type="checkbox"/> Seminole |
| <input type="checkbox"/> George | <input type="checkbox"/> Clark Hills | |

- | | | |
|---|---|---|
| <input type="checkbox"/> Stone Mountain | <input type="checkbox"/> Cloudland Canyon | <input type="checkbox"/> Brasstown Bald |
| <input type="checkbox"/> Okefenokee Swamp | <input type="checkbox"/> Tallulah Gorge | <input type="checkbox"/> Lookout Mountain |

Sea Islands

- | | | |
|-------------------------------------|---|-------------------------------------|
| <input type="checkbox"/> Tybee | <input type="checkbox"/> St. Catherines | <input type="checkbox"/> Cumberland |
| <input type="checkbox"/> St. Simons | <input type="checkbox"/> Jekyll | |

*** Please note that you will also be quizzed on this information too.

RUBRIC FOR GEORGIA MAP

CRITERIA	DOES NOT MEET Standard 15 pts.	APPROACHING Standard 20 pts.	MEETS Standard 25 pts.	EXCEEDS Standards 25+ pts.
<p><u>CONTENT</u></p> <p>_____ x 3 = _____</p>	<p>Less than 80% of required elements are present and are accurately portrayed.</p>	<p>80%-99% of required elements are present and are accurately portrayed.</p>	<p>100% of required elements are present and accurate</p>	<p>Required elements are present and accurate; however, map goes far beyond the required elements to include many other lakes, highways, rivers, cities, landmarks, etc.</p>
<p><u>PRESENTATION</u></p> <p>_____ x 1 = _____</p>	<p>The map appears sloppy and rushed, more than 50% of attractions and features are poorly labeled or misspelled. No color is used/Too much color used and is distracting. No unique items/arts-and-crafts materials were used to create map.</p>	<p>The map appears somewhat sloppy and rushed, more than 25% of attractions and features are poorly labeled or misspelled. Several colors are used and several items/arts-and-crafts materials were used to create map. Neither the colors used nor art material distract from the maps intended purpose.</p>	<p>The map appears neatly done and is attractive & interesting to look at. Attractions and features are clearly labeled and spelled correctly, use of color enhances the overall appearance, and several unique items/arts-and-crafts materials were used to create map.</p>	<p>The appearance of the map is professional. It is neatly done and immediately pulls in and engages its viewers. Attractions/ features are clearly and uniquely labeled (no spelling errors), the use of color enhances the overall appearance, and items/arts-and-crafts materials used throughout to show off physical and human features.</p>

_____ = Total Score
