

## GK-M1-Lesson 22

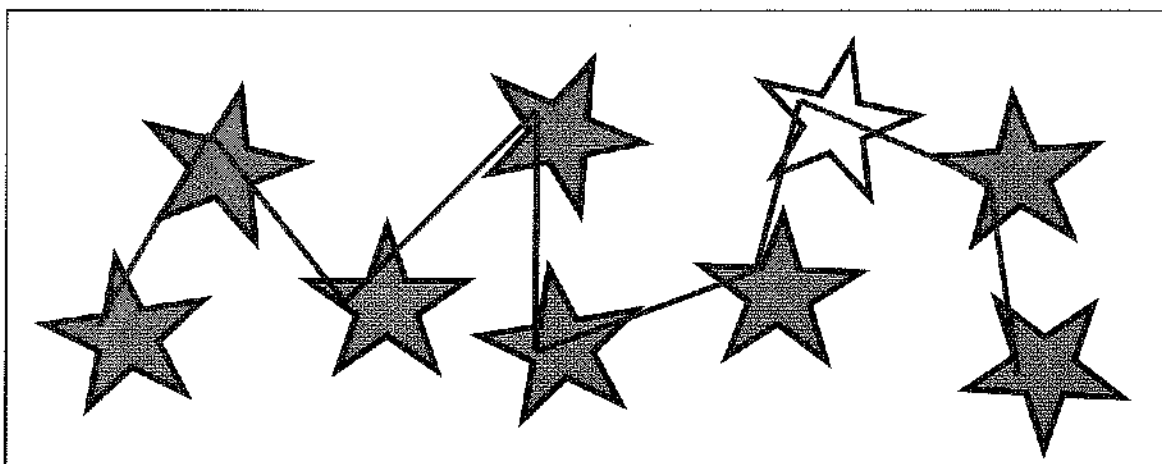

Draw 8 beads around the circle.

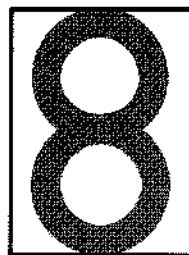

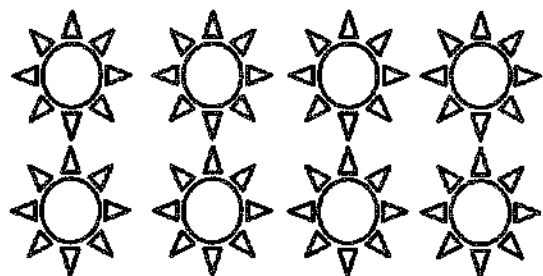

How did you count? What is your strategy?

This path shows how I counted the stars.  
How did you count?

Color 8. Draw a line to show your counting path.

Count how many. Write the number in the box

I can write 8.  
Make an S, and  
do not stop. Go  
right back up, and  
an 8 you've got!
