## GK-M1-Lesson 36

Draw bracelets with the number of beads shown. Write the missing number. Hint: The missing number is 1 less!

> I had 8 beads. I know that 1 less is 7. I can call this my 7 bracelet! The next one will be my 6 bracelet. Each bracelet has 1 less.

$$8 \quad 7 \quad 6$$

> I can count down from 10 to 0. When I start at 10, I know that the next number will be 1 less.

$$10, 9, \boxed{8}, \boxed{7}, 6, 5, 4, \boxed{3}, \boxed{2}, 1, 0$$

EUREKA MATH   Lesson 36:   Arrange, analyze, and draw sequences of quantities that are 1 less in configurations other than towers.   39
