## U5: Adding within 100: End-of-Unit Assessment

1. **Write the value** of each sum.

$46 + 10 = \square$

$46 + 20 = \square$

$46 + 50 = \square$

2. **Circle 3** expressions that have the same value as

$26 + 17$

$26 + 10 + 7$

$20 + 10 + 6$

$26 + 4 + 3 + 10$

$17 + 3 + 20$

$20 + 10 + 6 + 7$

4. To find **13 + 46** Jada adds the ones.

$$3 + 6 = 9$$

Then she adds the tens.

$$1 + 4 = 5$$

Then she adds the ones and the tens.

$$9 + 5 = 14$$

Do you agree with Jada?

Show your thinking using drawings, numbers, or words.
